INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
National Veterinary Associates, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of National Veterinary Associates, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for Plan benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for Plan benefits for the year ended December 31, 2012, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we are not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3, 5 and 7, which was certified by Capital Bank and Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule, Schedule of Assets Held for Investment Purposes as of or for the year ended December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content of Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NATIONAL VETERINARY ASSOCIATES, INC.
401(K) PLAN

Notes to Financial Statements
December 31, 2012

1. Description of Plan

The following description of the National Veterinary Associates, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(A) General

On January 1, 1998 National Veterinary Associates, Inc. (the "Company", or "NVA" or "Plan Sponsor") established a defined contribution pension plan named National Veterinary Associates, Inc. 401(k) Plan ("the Plan"). The Plan provides eligible employees with a means of deferring compensation benefits.

NVA is the primary employer and plan administrator and has sponsored certain NVA personnel as plan trustees. Capital Bank and Trust Company ("Capital Bank" or "Trustee") is the Trustee of the Plan and American Funds is the Plan's record-keeper and the third-party-administrator ("American Funds" or "TPA").

Each of the employers (or "entities") controlled by or affiliated with NVA is an adopting employer that participates in the Plan. The Plan's Adoption agreement with Capital Bank is restated each year on June 30 to include entities acquired and divested by NVA as of then. The most recently updated Plan Adoption agreement on June 30, 2012 include total 186 adopting employers, including NVA. A list of these employers can be found in the Plan's Summary Plan Description.

Also see Note 10 Subsequent Events.

(B) Eligibility and Participation

Participation in the Plan is voluntary. All employees, except leased or covered by a collective bargaining agreement, who are 21 years of age, are eligible to participate on January 1 or July 1 immediately following their employment date.

(C) Contributions

Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Section 401(k) of the Internal Revenue Code (the "Code") and the Plan limit the amount certain highly compensated individuals may contribute, based on amounts contributed by lower compensated individuals. All participants were limited to a maximum contribution of $17,000 in 2012 and $16,500 in 2011 by Section 402(g) of the Code.

1. **Description of Plan (continued)**

(C) Contributions (continued)

In addition, individuals age 50 or over by the end of the plan year are allowed to make additional contributions, in excess of the standard limits, of up to $5,500 in 2012 and 2011. If any participant's elective deferrals for the year exceed the maximum allowable for that year, the excess amount will be returned to the Company and then paid to the participant as taxable compensation.

The adopting employers may make matching contributions each year, subject to the provisions of the Plan. The adopting employers may also make profit sharing contributions each year, subject to the provisions of the Plan. There were no matching contributions and profit sharing contributions for the Plan years ended December 31, 2012 and 2011.

(D) Rollovers

With the consent of the plan administrator, participants are permitted to deposit distributions received from other qualified plans ("rollovers") without incurring federal or state income taxes and penalties.

(E) Excess Contributions Payable

Excess contributions payable represents excess elective deferrals made by participants during the plan year calculated through the 401 (k) non-discrimination test performed by the TPA.

Excess contributions payable of $86,391 for Plan year ended December 31, 2012 and $79,331 for December 31, 2011 were refunded to the participants by March 15, 2013 and 2012, respectively.

(F) Participant Accounts and Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of the twenty-nine investment options offered by the Plan.

Separate accounts are established and maintained for each participant, whereby the participants self-direct their investments.

1. **Description of Plan (continued)**

(F) Participant Accounts and Investment Options (continued)

Participants elect how to allocate their contributions among the funds and can change their allocations at any time. The fund values vary depending on the investment choices. See Note 3 below. The Trustee, TPA and the plan administrator make available to the Plan participants a prospectus for each fund that explains in detail the investment objectives and policies. Investments in these funds are not guaranteed as to income or principal.

Each participant's account is credited with the participant's elective salary deferrals, and Company matching and profit sharing contributions, if any. The allocation of profit sharing contributions is based on the proportion of the participant's total compensation to the total compensation paid to all participants.

Investment earnings, including interest income and realized and unrealized gains and losses, are allocated to each participant's account in relation to the investment performance of each fund and the proportion of the participant's account balance to the total balance in each fund on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(G) Vesting

Participants are immediately 100% vested in their elective salary deferrals, rollovers, and any related investment earnings, gains and losses. Participants become fully vested in the Company matching and profit sharing contributions and all related investment earnings, gains and losses upon reaching normal retirement age or in the event of death or total and permanent disability, while employed by the Company. Otherwise, participants vest according to the following schedules:

1. **Description of Plan (continued)**

(G) Vesting (continued)

Matching contributions:

Years of Participation	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Profit sharing contributions:

Less than 3	0%
3	20%
4	40%
5	60%
6	80%
7	100%

(H) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum of $50,000 or one half of their vested account balance, whichever is less. Loan repayment terms, including interest rates, are set by the Company, but do not extend beyond normal retirement age. The loans are collateralized by the remaining balance in the participants' vested account and bear interest at a rate competitive with that offered by financial institutions for similar loans between 4.25% and 6% as of December 31, 2012. Principal and interest are paid ratably through payroll deductions. Maturity dates range within five years for general purpose loans and maximum of thirty years for residential loans. Loans become due and payable in full in the event of the participant's termination of employment, death, disability, or retirement, as defined by the Plan.

1. Description of Plan (continued)

(I) Forfeitures

Forfeitures are used to reduce future matching contributions in accordance with the Plan. There were no forfeitures for the plan years ended December 31, 2012 and 2011.

(J) Benefit Payments and Withdrawals

Upon termination of service due to death, disability or retirement, vested benefits due to the participants or their beneficiaries will be distributed in accordance with the Plan. The Plan does not permit hardship withdrawals. Benefits are recorded when paid.

As of December 31, 2012 and 2011 the Plan had no accrued benefits payable.

(K) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, all participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

(A) Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(B) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

(C) Investment Valuation and Income Recognition

Investments are stated at fair market value, using varies input methods as described below in Note 3. Notes receivable from participant are stated at cost, which approximates fair market value. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Participants have investment discretion over all contributions made on their behalf.

(D) Risks and Uncertainties

The Plan provides for various investment options using a combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as variable interest rates and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

3. Fair Value Measurements (continued)

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements (continued)

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value of reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2012 and 2011:

6. Income Tax Status

The Plan is qualified under applicable provisions of the Internal Revenue Code and is not subject to federal and state income taxes. Participants are not subject to federal and state income taxes on their elective deferrals, matching contributions or profit sharing contributions, or on income accruing to their accounts, until they receive distributions from the Plan.

The Plan is a prototype 401(k) Salary Reduction plan as designed by American Funds. The prototype Plan obtained an opinion letter on September 28, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Trustee, TPA and the Plan Administrator believe that the Plan as currently designed and being operated is in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Trustee, TPA and the Plan Administrator intend to amend the Plan on a timely basis to comply with all applicable recently adopted tax laws and regulations.

6. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2009.

7. Summary of Financial Data as Certified to by the Custodian

The following is a summary of the Plan financial information presented on a cash basis and certified by the Custodian, Capital Bank and Trust Company in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2012 and 2011. The difference between the certified information and that which is included in the accompanying financial statements is attributable to adjustments made by the Plan administrator to conform the custodian's certified financial statements to the full accrual basis of accounting:

	2012	2011
Statements of net assets available for plan benefits:

Total deductions	1,564,208	2,118,867
Increase in net assets available for plan benefits during the year	$ 5,521,140	$ 1,782,846

8. Party-In-Interest Transactions

The records of the Plan indicate no parties-in-interest transactions for the plan years ended December 31, 2012 and 2011, which are prohibited by ERISA Sections 406 and 407, and for which no statutory or administrative exemption exists.

9. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by American Funds. American Funds is the TPA of the Plan and, therefore, these transactions qualify as related party transactions.

10. Subsequent Events

Subsequent events are events or transactions that occur after the balance sheet date but before financial statement are issued. The Plan recognizes in the financial statements the effect of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after the balance sheet date and before financial statements are available to be issued.

The Company had evaluated subsequent events through August 7, 2013, which is the date the financial statements are available to be issued.

Thirty entities acquired by NVA between October 2012 and July 2013 are in the process of adopting the Plan provision. Two entities divested by NVA are being removed from the Plan. See Note 1 under (A) General.
