INDEPENDENT AUDITOR'S REPORT

August 20, 2013

To the Board of Trustees and Plan Administrators
Urology San Antonio, P.A. 401(k) Profit Sharing Plan
San Antonio, Texas

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Urology San Antonio, P.A. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Urology San Antonio, P.A. 401(k) Profit Sharing Plan as of December 31, 2012 and 2011, and the changes in net assets available for benefits for the year ended December 31, 2012 in accordance with accounting principles generally accepted in the United States of America.

REPORT ON SUPPLEMENTARY INFORMATION

Our audits were performed for the purpose of forming an opinion on the financial statements as a whole. The schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying and other accounting records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to the Financial Statements

UROLOGY SAN ANTONIO, P.A. 401(k) PROFIT SHARING PLAN
December 31, 2012 and 2011

NOTE 1. DESCRIPTION OF PLAN

This summary of significant accounting policies of Urology San Antonio, P.A. 401(k) Profit Sharing Plan (the "Plan") is presented to assist in understanding the Plan's financial statements. The financial statements and notes are the representation of the Plan's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in preparing the financial statements.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a new comparability plan covering all employees of Urology San Antonio, P.A. (the "Employer") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Employee - Participants can contribute either in whole percentages from 1% to 100%, or in whole dollar amounts of pre-tax annual compensation, as defined in the Plan, up to the annual dollar limit allowed by the Internal Revenue Code. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions up to the maximum amount allowable under the Internal Revenue Code.

Matching - The Employer may make a discretionary matching contribution. For the year ended December 31, 2012, the Employer made monthly matching contributions. The monthly match was 4% of eligible participant's elective deferrals. Participants are eligible to receive the matching contribution provided they are employed on the last day of the month and making pre-tax salary deferral contributions. Matching contributions totaled $220,517 for the year ended December 31, 2012.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Profit Sharing (Non-Elective) - The Employer makes a non-elective contribution on behalf of each allocation group as defined in the Plan document. The Employer made quarterly non-elective contributions during the year ended December 31, 2012. Profit sharing (non-elective) contributions totaled $1,532,534 for the year ended December 31, 2012.

Rollovers

The Plan permits rollovers from qualified plans. For the year ended December 31, 2012, rollovers totaled $15,177.

Participant Accounts

Each participant's account is credited with the participant's contribution and the allocation of (a) the Employer's discretionary matching contribution, (b) the Employer's profit sharing (non-elective) contribution and, (c) Plan earnings. Each participant's account is charged with an allocation of administrative expenses based on their account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer contributions plus earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service as follows:

Years of Service	Vesting Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum of 50% of their vested account balance or $50,000, whichever is less. The notes are secured by the balance in the participant's account, must be repaid within five years, and have interest rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is repaid ratably through payroll deductions. Participants are assessed monthly administrative fees of $15 for loans.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in whole percentage increments among various investment alternatives with varying levels of risk.

Payment of Benefits

Upon termination of service, retirement, disability, death or other qualifying event, a participant may receive either a lump-sum distribution of an amount equal to the value of the participant's vested interest in his or her account, or may receive substantially equal monthly, quarterly, semi-annual or annual cash installments over a period of time not extending beyond the participant's life or lives of the designated beneficiaries paid by a nontransferable immediate or deferred annuity.

Forfeitures

Forfeitures may be used to reduce, at the administrators' discretion, the Employer discretionary matching contribution and/or profit sharing contribution. The Plan Administrators may elect to use all or a portion of forfeitures to pay administration costs of the Plan. Remaining forfeitures totaled $0 as of December 31, 2012. Forfeitures of $17,232 were used during the year ended December 31, 2012 to reduce profit sharing contributions.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a deemed distribution based upon the terms of the Plan. Notes receivable are secured by participant account balances and management has evaluated the notes receivable and believes that they are collectible. Accordingly, no allowance for doubtful accounts has been recorded.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Plan Expenses

The Plan document allows for all expenses to be paid out of the Plan and allocated to participant accounts. Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Participant loan accounts are assessed a separate fee for the administration of loans. Fees paid by the Plan totaled $226,603 for the year ended December 31, 2012. The Plan sponsor pays third party administrator fees and audit fees.

NOTE 3. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets:

Total Investments	$ 22,492,080	$ 21,506,458

NOTE 3. INVESTMENTS (CONTINUED)

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,283,393 as follows:

Registered investment companies	$	891,828
Common stocks		378,992
U.S. government securities		12,573
	$	1,283,393

NOTE 4. FAIR VALUE MEASUREMENTS

The Fair Value Measurements Topic of the FASB Accounting Standards Codification defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The disclosures required under this Topic have been included in this note.

Fair Value Hierarchy

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Common stocks, money market, and registered investment companies: Valued at the closing price reported on the active markets on which the individual securities are traded.

U.S. government securities: Valued based on yields currently available on comparable securities of issuers with similar credit ratings.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December, 31, 2012			
	Level 1	Level 2	Level 3	Total
Common stocks	$ 10,128,414	$ -	$ -	$ 10,128,414

NOTE 6. TAX STATUS

The Plan obtained its latest determination letter on August 24, 2004, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter to comply with EGTRRA. However, the Plan Administrators and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 7. PROHIBITED TRANSACTIONS

The Plan underwent a Department of Labor (DOL) investigation from January 1, 2008 to December 31, 2012. During this time period the Employer failed to timely remit to the Plan $1,482,749 of employee contributions and loan repayments as determined by the DOL. The Employer will make contributions to the affected participant's accounts to compensate those participants an aggregate of $4,033 for potential lost income due to the delays. The DOL also revealed that the Plan has not made distributions or rolled over vested account balances of under $1,000 to seven terminated participants as required by the Plan document. The Employer intends to roll over the vested account balances for these seven participants into individual retirement accounts. These non-exempt transactions do not affect the tax status determination of the Plan and the Employer intends to pay all penalty fines imposed.

During September 2012 the Employer failed to remit to the Plan contributions for a certain participant totaling $46 within the period prescribed by ERISA. Delays in remitting contributions to the Plan were due to administrative errors, and the Employer intends to compensate the Plan for lost investment earnings relating to this prohibited transaction.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts

NOTE 10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 20, 2013, the date the financial statements were available to be issued.
