REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Plan Administrator of
Westlake Wage Employees' Defined Benefit Plan

We were engaged to audit the accompanying financial statements and supplemental schedules of the Westlake Wage Employees' Defined Benefit Plan (the "Plan") as of December 31, 2009 and 2008 and for the years then ended and the statement of accumulated plan benefits as of December 31, 2008 and 2007 and the related statement of changes in accumulated plan benefits for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank Texas, N.A. ("Wells Fargo" or the "Trustee"), the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2009 and 2008 that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WESTLAKE WAGE EMPLOYEES' DEFINED BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The Westlake Wage Employees' Defined Benefit Plan (the "Plan") is a noncontributory defined benefit plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was established effective March 1, 1990. It covers all employees of Westlake Management Services, Inc. and Westlake Vinyls, Inc. ("the Companies") who are covered by a collective bargaining agreement providing for participation under the Plan. Prior years' service is recognized for purposes of accruing benefits under the Plan with respect to certain employees as defined in the Plan agreement. The Plan was amended and restated effective January 1, 2009 to reflect the most recent statutory and regulatory changes applicable to plans maintained under Code Section 401(a).

Following is a brief description of the Plan's provisions. Participants should refer to the Plan document for more complete information.

Retirement Benefits

Effective January 1, 2005, participation under the Plan was frozen.

Normal monthly retirement benefits are generally calculated under a formula based upon the participant's number of years of credited service multiplied by a retirement income factor as defined in the Plan ranging from \$31 to \$42 and \$31 to \$40 for years ended December 31, 2009 and 2008, respectively. The Plan is responsible for payment of this monthly benefit, less the fixed portion of benefits to be paid by a previous employer, where applicable, which is based on previous service with that employer. Benefits payable in the event of death, disability or early retirement are computed in a similar manner as defined in the Plan.

The disability retirement pension payable to a participant shall be a monthly amount determined in the same manner as a normal retirement pension under section 6.1 of the Plan Document, except the participation years of benefit service shall be determined as of the date that the participant first becomes entitled to the disability retirement pension payment.

Certain general and temporary limitations exist on the benefits described above and are more fully explained in the Plan document.

Payment of Retirement Benefits

Payment of benefits to which a participant is entitled and has elected to receive shall begin at:

- a. Normal retirement - the participant attains age 65 and has completed 5 years of service;
- b. Early retirement - the participant attains age 55 and has completed 10 years of service or has completed 30 years of participation; or
- c. Late retirement - the participant terminates employment with the Companies after attaining normal retirement age.

Unless a participant elects in writing to receive an alternate form of payment, benefits are payable in the form of a qualified joint and survivor annuity for married participants and a 5-year certain and life annuity for unmarried participants.

Vesting Provisions

An employee becomes 100 percent vested after five years of vesting service.

Funding Policy

The Companies' funding policy is to contribute such amounts as are necessary, on an actuarial basis, to provide the Plan with assets sufficient to meet the benefits to be paid to participants and their beneficiaries. The contributions to the Plan are based on the limitations of maximum and minimum tax-deductible deposits certified by the actuary. Any gains resulting from forfeitures of non-vested benefits will be used to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the Plan. The Companies recorded contributions to the Plan of \$548,493 and \$-0- for the years ended December 31, 2009 and 2008, respectively. Such contributions for the plan year met the minimum funding requirements of ERISA.

Termination of the Plan

Although it has not expressed any intent to do so, the Companies have the right to discontinue contributions and to terminate the Plan at any time subject to the provisions of ERISA and the provisions of the Plan. In the event of Plan termination, the net assets of the Plan will be allocated in accordance with the Plan as provided by ERISA.

Should the Plan terminate at some future time, and should the Plan not be sufficiently funded to provide all accrued benefits, whether a particular participant's accumulated plan benefits will be paid would depend on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("the PBGC") at that time. In such a case, some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. Should the Plan be sufficiently funded at the time of termination, PBGC coverage does not become an issue.

Administration

The Plan is administered by Westlake Chemical Corporation ("WCC"), parent of the Companies. Wells Fargo Bank Texas, N.A. serves as trustee of the Plan.

WCC provides certain administrative services without charge to the Plan. In accordance with the Plan document, administrative expenses incurred on behalf of the Plan that are not paid by the Companies are paid from Plan assets. During 2009 and 2008, the Companies paid administrative expenses of \$11,803 and \$10,028, respectively. All other administrative expenses were paid by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements and supplemental schedules of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted ("GAAP") in the United States of America.

WESTLAKE WAGE EMPLOYEES' DEFINED BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

2. Summary of Significant Accounting Policies, continued

Financial Accounting Standards Board ("FASB") Codification

In June 2009, the FASB issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification TM and the Hierarchy of Generally Accepted Accounting Principles* ("SFAS 168"). The FASB Accounting Standards Codification TM, ("Codification" or "ASC") became the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities. SFAS 168 is effective for all financial statements issued for interim and annual periods ending after September 15, 2009. On the effective date of SFAS 168, the Codification superseded all then-existing non-SEC accounting and reporting standards. All other non-grandfathered, non-SEC accounting literature not included in the Codification became non-authoritative.

Following SFAS 168, the FASB will no longer issue new standards in the form of Statements, FASB Staff Positions ("FSP"), FASB Interpretations ("FIN"), or Emerging Issues Task Force Abstracts ("EITF"); instead, it will issue Accounting Standards Updates ("ASUs"). The FASB will not consider ASUs as authoritative in their own right; rather, these updates will serve only to update the Codification, provide background information about the guidance, and provide the bases for conclusions on the change(s) in the Codification. SFAS 168 is incorporated in ASC Topic 105, *Generally Accepted Accounting Principles*. The Plan adopted SFAS 168 for the year ended December 31, 2009.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Bank collective trust funds are valued based on information reported in the audited financial statements of the bank collective trusts at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the services employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died and present employees or their beneficiaries. The accumulated plan benefits for active employees are based upon current benefit levels and actual service.

Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee services rendered to the valuation date.

WESTLAKE WAGE EMPLOYEES' DEFINED BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

2. Summary of Significant Accounting Policies, continued

Actuarial Present Value of Accumulated Plan Benefits, continued

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated plan benefits was calculated as of January 1, 2009 and January 1, 2008 and accordingly, the Plan presents the statements of accumulated plan benefits and the statements of changes in accumulated plan benefits using beginning of year actuarial data. Had the actuarial valuations been performed as of December 31, 2008 and December 31, 2007, there would be no material differences. The significant actuarial assumptions underlying the actuarial valuations for January 1, 2009 and 2008 are as follows:

Risks and Uncertainties

The Plan has various investments in bank collective trust funds. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect investment balances reported in the Statement of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Recent Accounting Pronouncements

In September 2006, the FASB issued ASC Topic 820, *Fair Value Measurements and Disclosures* (formerly known as SFAS No. 157, *Fair Value Measurements*), which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC Topic 820 was effective for the Plan in January 2008; however, its adoption did not have a material impact on the Plan's financial statements.

In May 2009, the FASB issued ASC Topic 855, *Subsequent Events* (formerly known as SFAS No. 165, *Subsequent Events*), which establishes general standards of accounting for and disclosure of events that occur after the date of the Statement of Net Assets Available for Benefits but before financial statements are issued or available to be issued. ASC Topic 855 defines (i) the period after the date of the Statement of Net Assets Available for Benefits during which a reporting entity's management should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, (ii) the circumstances under which an entity should recognize events or transactions occurring after the date of the Statement of Net Assets Available for Benefits in its financial statements, and (iii) the disclosures an entity should make about events or transactions that occurred after the date of the Statement of Net Assets Available for Benefits. ASC Topic 855 was effective for the Plan for the year ended December 31, 2009; however, its adoption did not have a significant impact on the Plan's financial statements.

3. Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- a. Information in the Statements of Net Assets Available for Benefits at December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
Bank collective trust funds	<u>\$10,923,024</u>	<u>\$ 9,842,826</u>

- c. All information included in Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2009, as shown in the supplemental schedule.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Investments

5. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Bank collective trust funds: Valued based on information reported in the audited financial statements of the bank collective trusts at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated October 4, 2001, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal income tax has been recorded.

NOTES TO FINANCIAL STATEMENTS, Continued

7. Related Party Transaction

Westlake Chemical Corporation has a revolving credit facility with a syndicate of banks, of which an affiliate of Wells Fargo Bank is a participant. In addition, the Plan investments include funds managed by affiliates of Wells Fargo, the Plan trustee.

8. Subsequent Events

A request for a determination of the qualified status of the Plan was submitted to the Internal Revenue Service in 2010. Effective as of March 1, 2010 a participant may make a one time irrevocable election to cease active participation in the Plan, and in lieu of such participation, shall be eligible to receive the Employer Annual Retirement Contribution provided under the Westlake Savings Plan.

The retirement income multiplier will increase to \$44 and \$45 in 2010 and 2011, respectively.

Plan management has evaluated subsequent events through August 17, 2010 which is the date the financial statements were issued, and has concluded that there are no other significant events to be reported.

Form of Payment

The normal form is a five year certain and life annuity. To the extent optional forms of payment are elected and conversions are determined under an actuarial basis that differs from the basis used in the valuation, gains or losses will occur. These gains or losses will be recognized through the routine application of the actuarial cost method.

SCHEDULE SB, PART V - STATEMENT OF ACTUARIAL ASSUMPTIONS/METHODS

Changes in Assumptions

There have been no changes in actuarial assumptions since the prior valuation except for adjustment to the funding target mortality table and interest rate as required by IRS guidelines.

Methods

Asset Valuation Method

The actuarial value of assets on the valuation date is equal to a smoothed fair value of assets. The smoothed value is equal to the actual fair value of assets (including discounted receivable contributions) plus two-thirds of the investment gain or loss from the prior year plus one-third of the investment gain or loss from two years ago. The investment gains and losses are determined by comparing the actual fair value of assets to the expected fair value. Additionally, the resulting asset value is limited to be no less than 90% and no more than 110% of the fair market value of assets.

Unit Credit Actuarial Cost Method

The Unit Credit Actuarial Cost Method is used to determine Funding Target for ERISA funding purposes, and the Actuarial Present Value of Accumulated Plan Benefits for SFAS 35 purposes. The Normal Cost for each employee is the present value of the benefit which accrues during that current year. The total Normal Cost is the sum of the Normal Costs for all active participants. The Actuarial Accrued Liability is the present value of the benefits accrued as of the valuation date for all active participants, plus the present value of all benefits for inactive participants. The Actuarial Accrued Liability is re-determined each year.

Changes in Methods

The actuarial value of assets is now measured using the WRERA smoothing method rather than the market value of assets. The prescribed interest rates are based on the full yield curve with a three month look back rather than the segment rates with no look back. There have been no other changes in actuarial methods since the prior year.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Effective Date	Effective March 1, 1990; last amended effective December 19, 2008.
Eligibility	All employees who were participants in the BF Goodrich Retirement Program (for Salaried employees) as of February 28, 1990, are automatically participants of this plan as of the Effective Date. Each employee (other than leased employees) covered by a collective bargaining agreement who is an hourly employee of Westlake PVC Corporation Calvert City Plant shall become participants in the plan on the Entry Date coincident with or immediately preceding the date on which they complete one year of Vesting Service. Effective August 15, 1997 Wage employees of the CA&O division of BF Goodrich who were acquired by Westlake became eligible to participate. Participation was frozen to only allow employees hired prior to November 1, 2004 into the plan.
Actuarial Equivalence	Based on the 1971 Group Annuity Mortality Table for males, setback 3 years for males and females and 7% interest.
Vesting Service	Calculated on an elapsed time basis, rounded to completed months, from participant's hire date.
Benefit Service	Calculated on an elapsed time basis, rounded to completed months. From October 15, 1991 for the PVC group, and from hire date for all other participants. Service is frozen December 31, 2004 for employees who transferred to the savings plan for benefit accrual purposes. Service will continue to accrue for early retirement eligibility as long as they work for Westlake.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Accrued Benefit

Upon termination of employment at any time, a participant's Accrued Benefit equals the monthly retirement income commencing on his Normal Retirement Date calculated using the Normal Pension Formula, and with Benefit Service, Final Average Earnings and Covered Compensation as of his termination date.

For the Westlake Monomers Group, the monthly retirement income is equal to the Benefit Rate multiplied by Benefit Service, less the frozen accrued benefit payable from the BF Goodrich Plan.

For the PVC Calvert City Group, the monthly retirement income is equal to the Benefit Rate multiplied by Benefit Service.

Special Transfer Election

Each employee who is an Eligible Employee of Westlake Vinyls, Inc. on November 1, 2004 or who is an Eligible Employee of Westlake Management Service on December 7, 2004 and who is an active employee on such date, shall have a one time irrevocable election to cease active participation under this plan effective January 1, 2005. In lieu of such participation, the employee will be eligible to receive the Employer Annual Retirement Contribution under the provisions of the Westlake Savings Plan. The election period is from December 6, 2004 through December 27, 2004. Employees hired after November 1, 2004 will not be eligible for this plan, but instead will be covered by the Westlake Savings Plan.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Early Retirement Benefit

- (a) A participant may elect either (1) or (2):
- (1) A monthly retirement income equal to his Accrued Benefit commencing at the later of his Early Retirement Date or age 62.
 - (2) A monthly retirement income commencing at any time prior to age 62, equal to his Accrued Benefit reduced by 0.4% for each month by which the early commencement date precedes his 62nd birthday.
- (b) Notwithstanding the above paragraphs, a participant having 30 or more years of Benefit Service may begin receiving an annual retirement income equal to his Accrued Benefit immediately.
- (c) In addition, a participant age 55 or older with 30 or more years of Benefit Service is entitled to a monthly benefit, in lieu of the aforementioned benefits, until he becomes eligible for old age insurance or disability benefits under the Federal Social Security Act, equal to the sum of (1), (2) and (3):
- (1) \$830
 - (2) \$10 for each year the participant's age at Early Retirement Date exceeds 55,
 - (3) \$31 for each year of Benefit Service at Early Retirement Date in Excess of 30.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Disability Retirement Benefit

A participant who terminates employment prior to age 65 due to disability and who has completed 10 years of vesting service is entitled to a monthly benefit using the Normal Pension Formula based on his years of Service as of date of disability. The benefit shall commence in the sixth month following the month in which he became disabled. Disabled participants not eligible for Social Security disability benefits are also entitled to a temporary supplement payable to age 65, equal to the accrued benefit without applying the BFG offset.

Benefit Upon Separation

If a participant terminates employment after completing at least five years of Vesting Service, he will be entitled to his full Accrued Benefit, payable at age 65. If such participant elects to receive his Accrued Benefit prior to age 65, the monthly benefit will be actuarially reduced.

Pre-Retirement Death Benefit:

➤ **After Early Retirement Date**

Upon the death of a participant, the surviving spouse is entitled to an immediate monthly life annuity equal to one-half of the Qualified Joint and Survivor Annuity which the participant had accrued to the date of his death (or, if earlier, the date of separation from service). The monthly annuity is reduced by 4.8% for each year by which the commencement precedes the participant's 62nd birthday.

➤ **Before Early Retirement Date**

Upon the death of a participant, the qualifying spouse is entitled to a monthly life annuity equal to one-half of the Qualified Joint and Survivor Annuity payable at the participant's 55th birthday which the participant had accrued at the date of his death (or, if earlier, the date of separation from service). The monthly annuity is reduced by 4.8% for each year by which the commencement precedes the participant's 62nd birthday.

SCHEDULE SB, LINE 25 – CHANGE IN METHOD

The asset funding method was changed to the WRERA smoothing method as permitted by the proposed regulations. The prescribed interest rates were based on the full yield curve with a three month look back rather than the segment rates with no look back. There have been no other changes in actuarial methods since the prior year.
