REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Committee Members and Plan Administrator of
Performance Designs, Inc. Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying statement of net assets available for benefits of **Performance Designs, Inc. Savings Plan** (the "Plan") as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012 and the supplemental schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2012. These financial statements and supplemental schedule are the responsibility of the Plan's management.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Principal Life Insurance Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets, notes receivable from participants, and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as of or for the year ended December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Note A – Description of Plan

The following description of Performance Designs, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is classified as a defined-contribution plan that was established effective January 1, 1992 and has since been amended. The Plan was last amended on January 1, 2012. The Plan covers all employees who have completed six months of service, and have reached 21 years of age. The Plan covers all employees of Performance Designs, Inc., Performance Design Paragliders, Inc., B.C. Leasing Corporation of Miami, Inc., Atlantic Resources of Miami, Inc., Aero Supply, Inc., and CPS Corp. (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The accounting records are maintained by the Company. The Plan's assets are held and managed by Principal Life Insurance Company (the Trustee). Contributions are held by the Trustee, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute a percentage of their pre-tax annual compensation, as defined, subject to limitations imposed by the Internal Revenue Code (IRC). The maximum employee deferral for December 31, 2012 and December 31, 2011 is $17,000 and $16,500, respectively. A participant who has attained age 50 may also make catch-up contributions, subject to IRS limitations of $5,500 for December 31, 2012 and 2011. Participants may also make post-tax Roth deferral contributions to the Plan. Contribution deferral percentages can be changed on a quarterly basis.

The Company may also make additional matching contributions at their discretion. During the 2012 Plan year, the Company made matching contributions equal to 50% of the first 4% of compensation to those participants that contributed to the Plan. The Company may also make a discretionary contribution to the Plan each year. No discretionary contribution was made during 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note A – Description of Plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credit service as follows.

Years of Services	Vesting Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

Upon enrollment in the Plan, a participant may elect to have their employee and employer contributions, and related earnings thereon, allocated to one or more pooled separate accounts, or an unallocated guaranteed account held at the Principal Life Insurance Company.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Loan terms can be up to five years. These loans are collateralized by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan Administrator. Principal and interest are paid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than weekly.

In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of 90 days from the last payment made.

Distribution of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum cash payment, in equal monthly, quarterly, semiannual, or annual cash installments, or, upon retirement, in installments based upon the participant's life expectancy at the time of retirement. Hardship withdrawals are permitted under the Plan. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan as of December 31, 2012 and 2011.

Note A – Description of Plan (continued)

Forfeitures

As of January 1, 2012, forfeited balances of terminated participants' non-vested accounts were no longer used to reduce future Employer contributions or Plan expenditures. Forfeitures will be used to offset the Sponsor's first Contribution made after the forfeiture is determined.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan agreement, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

As described in the Code *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the Code), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the Code, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. See Note E for further detail.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Note B – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Net depreciation in fair value of investments includes both realized gains and losses and unrealized appreciation and depreciation in the market value of investments. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized when earned. Dividends are recorded on the ex-dividend date.

Benefits

Benefit payments to participants are recorded when paid.

Fair Value Measurements

The Code has established establishes a framework for measuring fair value, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In May 2011, the Code issued an amendment to the Statement, *Fair Value Measurements*. The Amendment clarifies application of the Statement and amends disclosure requirements to be consistent with international standards. The Amendment was effective January 1, 2012, the adoption of which did not have a material impact on the Organization's financial position or operating result.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Note B – Summary of Significant Accounting Policies (continued)

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. See note D concerning the guaranteed interest account.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Fair Value Measurements at Reporting Date Using:			
	Assets Measured at Fair Value at 12/31/2012	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 3,290,261	$ 3,290,261	$ -	$ -
Common collective trusts	665,176	583,854	-	81,322
	$ 3,955,437	$ 3,874,115	$ -	$ 81,322

	Fair Value Measurements at Reporting Date Using:			
	Assets Measured at Fair Value at 12/31/2011	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 2,585,918	$ 2,585,918	$ -	$ -
Common collective trusts	570,536	469,401	-	101,135
	$ 3,156,454	$ 3,055,319	$ -	$ 101,135

Note B – Summary of Significant Accounting Policies (continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012:

	Guaranteed interest account
Balance, beginning of year	$ 101,135
Gains as reported in net assets	1,599
Issuances, purchases and settlements, net	(21,412)
Balance, end of year	$ 81,322

Note C – Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of December 31, 2012 and for the year ended December 31, 2012, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income and, and the information in the supplemental schedule of assets (held at end of year).

Each of these investments represents 5 percent or more of the Plan's net assets available for benefits as of December 31:

	2012	2011
Principal Stable Value Fund	$ 583,854	$ 469,401
Principal Mid Cap Blend Sep Acct	413,425	306,938
Principal LifeTm 2020 Sep Acct	238,039	*
Principal Bond and Mtg Separate Acct	234,741	175,901
Principal Small Cap S&P 600 Index Sep Acct	234,393	179,234
Principal Mid Cap Value III Sep Acct	227,897	182,740

* This fund did not represent 5% or more of the plan's net assets available for benefits at the respective Plan yearend.

During 2012, the Plan's investments (including gains on investments bought and sold, as well as held during the year) appreciated in value as follows:

Net appreciation in fair value of investments:	
Pooled separate accounts	$ 386,090
Common collective trusts	9,095
	$ 395,185

Note D – Investment Contract with Insurance Company

The Plan has monies invested in guaranteed interest accounts ("GIA's") offered by the Plan Custodian, which accrue interest at rates ranging from 1.18% to 4.00% and mature through December 31, 2015. The GIA's assets are backed by the assets of the Plan Custodian and are held in its unallocated General Account. The GIA's are not considered to be benefit-responsive by the Plan Custodian and are recorded at their estimated fair market value, as reported by the Plan Custodian, which was determined to be the value that would be paid when discounting the contract. The aggregate contract value of the Plan's GIA's held with the Plan Custodian was $81,322 and $101,135 as of December 31, 2012 and 2011, respectively. The aggregate fair market value of the Plan's GIA's held with the Plan Custodian was $81,322 and $101,135 as of December 31, 2012 and 2011, respectively.

Note E – Fully Benefit-Responsive Investment Contracts

The common collective trust Principal Stable Value Fund is a benefit-responsive investment contract (the Fund) entered into by the Plan during fiscal 2012. As described in Note B, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the the Fund. Contract value, as reported to the Plan by the Fund represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the guaranteed interest contract at December 31, 2012 was $583,854.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exempt under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed interest contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield for the Fund for the year ended December 31, 2012 was 1.56%. The crediting interest rate was 1.91% at December 31, 2012. The crediting interest rate is reset quarterly.

Note F – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 31, 2008 stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2009.

Note G – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note H – Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are mutual funds and guaranteed interest contracts managed by the Trustee. Transactions related to these investments qualify as party-in-interest transactions. Fees paid to the Trustee by the Plan for investment services amounted to $8,489 during the year ended December 31, 2012.

Note I – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 4,122,368	$ 3,347,200
Plus: Adjustment from fair to contract value for common collective trusts	13,408	10,667
Less: Employer and employer receivables	(9,387)	-
Net assets available for benefits per the Form 5500	$ 4,126,389	$ 3,357,867

Note I – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of total additions to net assets per the financial statements to the Form 5500:

	2012
Total additions per the financial statements	$ 823,312
Less: Change in employer and employee receivable	(9,387)
Plus: Adjustment for change from fair to contract value for common collective trusts	2,741
Total additions per the Form 5500	$ 816,666

Note J – Subsequent Events

Subsequent events have been evaluated through August 20, 2013 which is the date the financial statements were available to be issued.
