REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Plan Administrator of
Westlake Savings Plan:

We were engaged to audit the Statements of Net Assets Available for Benefits of the Westlake Savings Plan (the "Plan") at December 31, 2009 and 2008, and the Statements of Changes in Net Assets Available for Benefits for the years then ended, and supplemental Schedule H, Line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by T. Rowe Price Trust Company (the "Trustee"), the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator obtained a certification from the Trustee as of December 31, 2009 and 2008 and for the years then ended, that the investment information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WESTLAKE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Westlake Savings Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, formerly known as the Westlake Polymers Corporation Savings Plan, was established effective January 1, 1987, for the employees of participating affiliates of Westlake Chemical Corporation ("WCC"). The Plan has been amended to allow participation by substantially all employees of the following affiliates: Westlake Management Services, Inc., North American Pipe Corporation ("NAPCO"), and Westlake Vinyls, Inc., and North American Profiles, Inc. ("NAPI") (the "Companies"). However, effective May 5, 2008, the NAPI plant was closed. Due to closure of this plant, its employees were no longer eligible to participate in the Plan. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was amended, effective January 1, 2008, to increase the employer match for certain employees to a safe harbor level of match and to increase the Annual Retirement Contribution ("ARC"). The Plan was subsequently amended and restated effective January 1, 2009 to reflect the most recent statutory and regulatory changes applicable to plans maintained under Code Sections 401(a) and 401(k).

Administration

The Plan is administered by WCC. The trustee of the Plan is T. Rowe Price Trust Company (the "Trustee").

Eligibility

Employees may elect to participate in the Plan as of the first day of the month following completion of 30 days of participation service, as defined by the Plan.

Contributions

Participants may contribute through salary deferral up to 100% of their eligible compensation, which is deposited in individual employee salary contribution accounts. Participants may not exceed the maximum statutory limit, which was \$16,500 and \$15,500 for the Plan years ended December 31, 2009 and 2008, respectively, except that participants age 50 or older during the year can make a special "catch-up" contribution not to exceed an additional \$5,500 and \$5,000 in 2009 and 2008, respectively. Participants may change their contribution percentage at any time during the Plan year. Effective January 1, 2008, the employer matching formula increased from 50% of each participant's salary deferral contribution, not in excess of 6% of that participant's eligible compensation to 100% of each participant's salary deferral contribution, not in excess of 4% of that participant's eligible compensation for each eligible participant whose employment is not subject to a collective bargaining agreement. For each participant who is represented under the Local 572 International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America (the "Local 572") collective bargaining agreement, the employer contributed an amount equal to 100 percent of each participant's salary deferral contribution, not in excess of 4% of that participant's eligible compensation, until plant closure effective May 5, 2008, which is when these participants were no longer eligible to make contributions to the Plan.

1. Description of Plan, continued

Contributions, continued

For all other eligible participants whose employment is subject to a collective bargaining agreement, the employer contributes an amount equal to 50% of each participant's salary deferral contribution, not in excess of 6% of that participant's eligible compensation. The employer may make additional contributions at the discretion of their Board of Directors. Plan contributions are directed by Plan participants into investments provided by the Trustee.

The employer shall contribute an ARC on behalf of each participant who is employed by Westlake Management Services, Inc. or Westlake Vinyls, Inc. who has completed one year of participation service on or prior to December 31 of the Plan year for which such contribution is made, and who is not eligible for the accrual of a benefit under the Westlake Wage Employees' Defined Benefit Plan or the Westlake Salaried Employees' Defined Benefit Plan. Effective January 1, 2008, the amount of the ARC was increased from 5% to 6% of the compensation earned during the Plan year for which such allocation is made for each eligible participant whose employment is not subject to a collective bargaining agreement, and shall be equal to 3% of the compensation earned during the Plan year for which such allocation is made for each eligible participant whose employment is subject to a collective bargaining agreement.

Participants may also make rollover contributions from other plans as permitted under applicable law.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings. Contributions and allocations are invested in securities held in trust and may be directed at the participant's option to any of the investment alternatives offered through the Plan. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are immediately vested in their elective contributions, plus any earnings on such contributions. Prior to January 1, 2008, the participant vested in employer matching contributions at a rate of 20% per year until fully vested. A participant was 100% vested after five years of service.

Effective January 1, 2008, the vesting schedule for the employer matching contributions changed. The participant's interest in his employer matching contribution account shall vest as follows: (a) As to a participant who is not represented under a collective bargaining agreement, or who is represented under Local 572 collective bargaining agreement prior to May 5, 2008, his employer matching contribution account shall be 100% vested if he completes an hour of service on or after January 1, 2008. Any such participant whose separation from the service of the employer occurred prior to January 1, 2008, shall have the vested interest of his employer matching contribution account determined under the terms of the Plan as it existed prior to January 1, 2008, and (b) As to all other participants, the participant vests in employer matching contributions at a rate of 20% per year until fully vested.

The participant vests in the ARC and his employer discretionary profit sharing contribution account at a rate of 20% per year until fully vested. A participant is 100% vested after completion of five years of service.

1. Description of Plan, continued

Vesting, continued

Vesting in full prior to separation from service also occurs upon attaining normal retirement age, date of death or date of total and permanent disability.

Participant Notes Receivable

Participants may, under certain circumstances, obtain loans from the Plan. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are collateralized by the vested balance in the participant's account. Participant loans outstanding as of December 31, 2009 and 2008 totaled \$4,408,003 and \$3,693,838, respectively, and bore interest at rates ranging from 4.25% to 9.50% and 4.25% to 11.24% per year during 2009 and 2008, respectively.

Forfeited Accounts

Forfeitures of employer contributions of terminating employees whose accounts were not fully vested are used to correct participant accounts first, then used to pay administrative expenses of the Plan, then used to reduce the employer contribution to the Plan. During 2009 and 2008, \$44,573 and \$80,002, respectively, in employer contributions were forfeited. Forfeitures used to pay Plan expenses during 2009 and 2008 were \$4,459 and \$16,802, respectively. At December 31, 2009 and 2008, unallocated forfeiture accounts amounted to \$92,886 and \$99,481, respectively. Forfeitures used to reduce the employer contributions during 2009 and 2008 were \$50,000 and \$300,000, respectively.

Benefit Payments

Upon termination of employment, a participant (or his or her designated beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or to have the account balance distributed in the form of an annuity. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as deductions when they have been approved for payment and paid by the Plan.

Administrative Expenses

WCC and the Companies provide administrative services without charge to the Plan. In accordance with the Plan document, administrative expenses incurred on behalf of the Plan that are not paid by WCC and the Companies are paid from Plan assets. During 2009 and 2008, the majority of administrative expenses were paid by the Plan.

2. Summary of Significant Accounting Policies

Financial Accounting Standards Board ("FASB") Codification

In June 2009, the FASB issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification TM and the Hierarchy of Generally Accepted Accounting Principles* ("SFAS 168"). The FASB Accounting Standards Codification TM, ("Codification" or "ASC") became the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities. SFAS 168 is effective for all financial statements issued for interim and annual periods ending after September 15, 2009. On the effective date of SFAS 168, the Codification superseded all then-existing non-SEC accounting and reporting standards. All other non-grandfathered, non-SEC accounting literature not included in the Codification became non-authoritative.

Following SFAS 168, the FASB will no longer issue new standards in the form of Statements, FASB Staff Positions ("FSP"), FASB Interpretations ("FIN"), or Emerging Issues Task Force Abstracts ("EITF"); instead, it will issue Accounting Standards Updates ("ASUs"). The FASB will not consider ASUs as authoritative in their own right; rather, these updates will serve only to update the Codification, provide background information about the guidance, and provide the bases for conclusions on the change(s) in the Codification. SFAS 168 is incorporated in ASC Topic 105, *Generally Accepted Accounting Principles*. The Plan adopted SFAS 168 for the year ended December 31, 2009.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

As described in ASC 962, *Defined Contribution Pension Plans* ("ASC 962"), (formerly FSP AAG INV-1 and SOP 94-4-1, *Reporting of Investment Contracts Held by Health and Welfare Plans and Defined Contribution Pension Plans*), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the ASC, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

WESTLAKE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices in active markets which represent the net asset value of shares held by the Plan at year end, and the Plan's interest in the common collective trust is valued based on information obtained from the audited financial statements of the collective trust at year-end. Participant notes receivable are valued at cost which approximates fair value

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risks that generally mean the risk of loss in the value of certain investment securities due to changes in interest rates, security and commodity prices and general market conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Recent Accounting Pronouncements

In September 2006, the FASB issued ASC Topic 820, *Fair Value Measurements and Disclosures* (formerly known as SFAS No. 157, *Fair Value Measurements*), which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC Topic 820 was effective for the Plan in January 2008; however, its adoption did not have a material impact on the Plan's financial statements.

In May 2009, the FASB issued ASC Topic 855, *Subsequent Events* (formerly known as SFAS No. 165, *Subsequent Events*), which establishes general standards of accounting for and disclosure of events that occur after the date of the Statement of Net Assets Available for Benefits but before financial statements are issued or available to be issued. ASC Topic 855 defines (i) the period after the date of the Statement of Net Assets Available for Benefits during which a reporting entity's management should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, (ii) the circumstances under which an entity should recognize events or transactions occurring after the date of the Statement of Net Assets Available for Benefits in its financial statements, and (iii) the disclosures an entity should make about events or transactions that occurred after the date of the Statement of Net Assets Available for Benefits. ASC Topic 855 was effective for the Plan for the year ended December 31, 2009; however, its adoption did not have a significant impact on the Plan's financial statements.

3. Investments

The following table presents the Plan's investments. Investments that represent five percent or more of the Plan's net assets at December 31, 2009 and 2008 are separately identified.

	<u>2009</u>	<u>2008</u>
T. Rowe Price Stable Value Fund	\$ 48,120,671	\$ 45,005,255

Total investments	<u>\$185,073,632</u>	<u>\$137,931,783</u>

During the year ended December 31, 2009, the Plan's investments in registered investment companies, i.e. mutual funds, (including gains and losses on investments bought, sold and held during the year) appreciated in value by \$27,341,494. The Plan's investments in registered investment companies depreciated in value by \$51,892,295 for the year ended December 31, 2008.

4. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

WESTLAKE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

4. Fair Value Measurements, continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common collective trust: Valued based on information reported in the audited financial statements of the collective trust at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	<u>Assets at Fair Value as of December 31, 2009</u>

5. Tax Status

The Plan obtained its latest determination letter on October 11, 2002, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

6. Plan Termination

Although it has not expressed any intent to do so, WCC has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their account balances.

7. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Information in the Statements of Net Assets Available for Benefits at December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
Mutual funds	\$132,544,958	\$ 89,232,690

- b. Information in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
Interest and dividends	<u>\$ 5,183,047</u>	<u>\$ 5,602,519</u>
Net appreciation (depreciation) in fair value of investments	<u>\$ 27,341,494</u>	<u>\$ (51,892,295)</u>

- c. All information included in Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2009, as shown in the supplemental schedule.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

8. Party-In-Interest Transactions

Certain plan investments are in accounts managed by the Trustee and the Plan invests in participant notes receivable. These transactions qualify as party-in-interest transactions, as defined by ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Net appreciation (depreciation) in fair value of investments per the Form 5500	<u>\$ 47,565,114</u>	<u>\$ (37,797,453)</u>

10. Subsequent Events

A request for determination of the qualification status of the Plan was submitted to the Internal Revenue Service in 2010. Effective January 1, 2010, the amount of the ARC was increased from 3% to 4% of the compensation earned during the Plan year for which such allocation is made for each eligible participant whose employment is subject to a collective bargaining agreement.

Plan management has evaluated subsequent events through August 17, 2010, which is the date the financial statements were issued, and has concluded that there are no other significant events to be reported.
