INDEPENDENT AUDITORS' REPORT

To the Trustees of
Hasa, Inc. Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hasa, Inc. Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Hasa, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan established on July 1, 1998 by Hasa, Inc. (the "Employer") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"). The Plan provides for a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Employer. The Plan is administered by the management of the Employer and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Principal Life Insurance Company (the "Custodian") is responsible for the custody and management of the Plan's assets.

2. Eligibility

An employee is eligible for participation in the Plan upon completion of six months of employment with the Employer and attainment of age 21, prior to the entry dates of January 1, April 1, July 1 and October 1.

3. Contributions

Participants may elect to contribute, on a tax-deferred or after-tax basis, up to the maximum deferral limit per Section 402(g)(1) of the Internal Revenue Code of $17,000 for the year ended December 31, 2012. Participants who have attained age 50 before the end of the plan year are eligible to make "catch-up" contributions. The maximum "catch-up" contribution is $5,500 for 2012.

The Employer may make discretionary matching contributions in an amount equal to a percentage of the participant's deferred contribution, not to exceed 3% of the participant's compensation. The Employer may also make an additional discretionary contribution. Participants are eligible for the Employer matching or discretionary contributions if they were an active participant at the end of the plan year or had at least 500 hours of service during the plan year, or were an active participant at any time during the Plan year but retired, died or became totally disabled during the plan year. No Employer matching or discretionary contributions were made during 2012.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, Employer contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Allocations of the Employer discretionary contributions are based on the same ratio each participant's compensation bears to the compensation of all participants. Allocations of earnings and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances.

5. Investment Options

Participants may direct contributions, as desired, in any of several investments offered by the Custodian and may change their investment options daily.

6. Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of 50% of their vested account balance (not to exceed $50,000 less the highest outstanding loan balance during the prior twelve-month period). Participants may have up to two loans outstanding at any time and may not apply for more than two loans during a twelve month period. All loans shall bear a reasonable rate of interest based on rates available for similar loans from commercial lending institutions as determined by the plan administrator. Loans must be paid back within five years of the date of issuance in accordance with terms established by the plan administrator. Loans are due and payable upon termination of the participant.

7. Vesting

Participant contributions, rollovers, and actual earnings on all such contributions are fully vested at all times. However, vesting of the Employer matching and discretionary contribution portion of participant accounts plus actual earnings thereon is based upon the participant's continuous service with the Employer as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Benefit Payments

Upon termination of employment with the Employer, a participant will receive a lump sum disbursement if his or her vested account balance is $5,000 or less. If the vested account balance is greater than $5,000, the participant is entitled to receive a lump sum amount or installment payments. In the event of death or total and permanent disability while working for the Employer, a participant's beneficiary or the participant is entitled to the total value of the participant's account. Upon attaining age 59½, participants may also receive distributions. Hardship withdrawals are also permitted if certain criteria are met.

9. Administrative Expenses

Administrative expenses incurred by the Custodian in performance of its duties are paid from the assets of the Plan. The Employer pays substantially all other out-of-pocket administrative expenses of the Plan. Investment related expenses are included in the net appreciation of fair value of investments.

10. Plan Termination

Although it has not expressed such intent, the Employer, by action of its Board of Directors, reserves the right, at any time, to terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

11. Forfeitures

Forfeitures of terminated participants' non-vested accounts shall be used first to pay reasonable Plan expenses and then applied against future Employer contributions. As of December 31, 2012, there were no outstanding forfeitures.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards* (IFRS). ASU 2011-04 amended Accounting Standards Codification (ASC) 820, to converge the fair value measurement guidance in GAAP and IFRS. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures, although certain of these new disclosures will not be required for nonpublic entities. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management adopted the provisions of ASU 2011-04 effective January 1, 2012, see Note D.

3. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment adviser and the custodian. See Note D for further discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Net realized and unrealized appreciation/(depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation/(depreciation) in fair value of investments. Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Benefit Payments

Benefits are recorded when paid.

7. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN

Under the terms of the trust agreement, the Custodian, Principal Life Insurance Company, has been granted discretionary authority to invest and reinvest the assets of the trust, subject to the investment discretion of the individual participants. The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Custodian as complete and accurate, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

Total investments held and certified by the Custodian in the accompanying Statements of Net Assets Available for Benefits were $2,143,248 and $1,858,115 as of December 31, 2012 and 2011, respectively. The net investment income certified by the Custodian in the accompanying Statement of Changes in Net Assets Available for Benefits was $232,690 for the year ended December 31, 2012.

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $231,471. These investments consist of pooled separate accounts offered by the Custodian.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN (Continued)

Investments that represent 5% or more of the total net assets as of December 31, 2012 and 2011 are as follows:

	2012		2011	
Bond & Mortgage Account	$ 312,180		$ 254,328	
Large Cap S&P 500 Index Account	$ 355,338		$ 341,716	
U.S. Property Account	$ 150,789		$ 85,944	*
Mid-Cap Value III Account	$ 179,313		$ 178,305	
Diversified International Account	$ 223,171		$ 183,439	
International Emerging Markets Account	$ 94,445	*	$ 120,841	
Money Market Account	$ 122,784		$ 162,030	
Small Cap S&P 600 Index Account	$ 168,501		$ 189,746	

* Investment balance is less than 5% of total net assets

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts: The net asset value (NAV) of these accounts is based on the market value of its underlying investments. The NAV is not a publicly-quoted price in an active market.

Guaranteed Interest Accounts: The fair market value of the guaranteed interest account is the value paid when funds are withdrawn prior to their maturity. If the applicable interest rate is equal to or less than the interest rate on the account, the fair market value is equal to the contract value. If the applicable interest rate is greater than the interest rate on the account, the fair market value is the contract value reduced by a percentage. This percentage is equal to: 1) the difference between the applicable interest rate and the interest rate on the account, multiplied by 2) the number of years (including fractional parts of a year) until the maturity date.

The contracts mature in one to four years and have crediting interest rates ranging from 0.66% to 3.87% and 1.19% to 4.11% at December 31, 2012 and 2011, respectively. Fair market value of the Plan's guaranteed interest accounts approximated contract value as of December 31, 2012 and 2011.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Issuances, settlements	(11,221)
Balance, end of year	$ 76,646
The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ (225)

The following table represents the Plan's level 3 assets, the valuation techniques used the measure fair value of those assets, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed interest accounts	$ 76,646	Discounted Cash Flow	Duration	1-4 years	2.5
			Payout Date	12/31/13 - 12/31/16	
			Yield Rate	0.64% - 1.03%	0.81%

The plan administrator discusses and assesses fair value measurements with internally responsible personnel as well as with the Custodian and an independent advisor, and includes the methodology used to develop and substantiate unobservable inputs used in level 3 fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The significant unobservable inputs used in the fair value measurement of the Plan's guaranteed interest accounts include contract duration, payout date, and interest rate. The contracts specify the contract duration and payout dates.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Custodian is a party-in-interest with respect to the Plan. All investments are held with the Custodian. Notes receivable from participants and the related interest income are considered party-in-interest transactions.

NOTE F - TAX STATUS

The Employer adopted a prototype standardized profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Administration errors, if any, that are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2009.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The U.S. Property Separate Account is subject to investment and liquidity risk and other risks inherent in real estate such as those associated with general and local economic conditions.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 9, 2013, the date the financial statements were available to be issued.

In January 2013, the Employer terminated its contract with the Custodian and appointed Nationwide Trust Company, FSB ("Nationwide") as its new custodian and Nationwide Financial as its new recordkeeper. In addition, effective January 1, 2013, the Employer adopted the Nationwide Financial Services, Inc. Volume Submitter 401(k) Profit Sharing Plan. In February 2013, assets totaling approximately $2.4 million were transferred from the Custodian to Nationwide.
