Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the King Group 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company held the Plan's investment assets and executed investment transactions from April 1, 2012 to December 31, 2012 and that Bank of America, N.A. held the Plan's investment assets and executed investment transactions as of December 31, 2011 and for the period January 1, 2012 to March 31, 2012. The plan administrator has obtained certification from the trustees as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of The King Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for complete information.

General: The Plan is a defined contribution plan covering all eligible employees of the King Automotive Group (a group of companies related through common ownership, collectively the Company) who have completed one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and submit to Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 25% of participant's contributions limited to 6% of eligible compensation, not to exceed $1,500. Plan participants direct the investment of their contributions and the employer matching contributions into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions or administrative expenses of the Plan. As of December 31, 2012 and 2011, $18 and $12,905 of forfeited employer matching contributions were applied to offset employer contributions receivable reflected in the financial statements. There are no remaining balances of forfeitures available to offset future matching contributions and administrative expenses as of December 31, 2012 and 2011.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as listed below.

Years of Service	Percentage Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest, a distribution in the form of an annuity, or a combination of both.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms may not exceed five years unless it is being used to acquire a principal residence of the borrower, in which case the loan terms cannot exceed repayment period of the principal residence loan. The loans are secured by the balance in the participant's account and bear interest at a fixed rate between 3.25 and 8.25%. Principal and interest is repaid in equal installments through payroll deductions.

Administrative and Investment Management Expenses: The Plan's trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from the estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

(Continued)

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan from April 1, 2012 to December 31, 2012 and Bank of America, N.A. trustee as of December 31, 2011 and thru March 31, 2012. This information has not been audited by independent accountants.

The fair values of investments which represent 5% or more of the Plan's net assets available for benefit are summarized as follows:

	2012	2011
Investments at estimated fair value		
Mutual funds		
Bank of America Money Market Account	$ -	$ 2,724,715

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	Year ended December 31, 2012
Mutual funds	$ 1,050,668
Pooled separate accounts	23,429
Collective trust	4,145
Net appreciation	$ 1,078,242

NOTE 4 - FAIR VALUE MEASURMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Pooled separate accounts: The fair values of participation units held in the pooled separate accounts are based on their net asset values as reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). Each of the pooled separate accounts hold investments that are actively managed by Principal Life Insurance Company based on fund investment strategy, as presented in the following fair value tables, provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

Stable Value Fund: The fair values of participation units in stable value collective trust are based upon the net asset values of such funds, after adjustments to reflect all fund investments at fair value, including indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (level 2 inputs). The objective of the fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The fund seeks to achieve this objective by investing primarily in a variety of high quality stable value investment contracts, as well as cash and cash equivalents. The fund provides for daily redemptions by the Plan at reported net asset value per share with no advance notice requirements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 4 - FAIR VALUE (Continued)

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds a direct interest in such a contract through its investment in a stable value fund collective trust as of December 31, 2012. No adjustment from fair value to contract value is presented in the 2012 statement of net assets available for benefits, as the amount of the adjustment has been determined to be immaterial.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 5 - TAX STATUS

The Plan sponsor has adopted a non-standardized prototype 401(k) plan document sponsored by Principal Life Insurance Company. The non-standardized prototype document has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Therefore, it is not subject to tax under present income tax laws. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds units of pooled separate accounts managed by Principal Life Insurance Company, a subsidiary of Principal Trust Company, units of a collective investment trust held by a wholly-owned subsidiary of the Principal Trust Company. Principal is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees, record keeping fees and investment management fees to Principal qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. For the period December 31, 2011 to April 1, 2012, the Plan held a money market deposit account issued by Bank of America, N.A., trustee. The Plan also held mutual funds managed by Blackrock, which is a subsidiary of Bank of America, N.A. and, therefore, these investments also qualify as party-in-interest transactions. Notes receivable from participants held by the Plan are also considered party-in-interest transactions.

NOTE 7 – PLAN AMENDMENTS

Effective January 1, 2012, the plan was amended to implement automatic enrollment for participants at 4%.

Effective April 1, 2012, the plan was amended and restated and a new prototype plan was adopted. The employer match was changed to 25% of the participant contribution contributions limited to 6% of eligible compensation, not to exceed $1,500.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has performed their analysis of subsequent events for recognition and disclosure through July 23, 2013, the date the financial statements were available to be issued.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to the Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 11,242,713	$ 10,792,243
Difference in notes receivable to participants	1,409	-
Deficiency of contract value from estimated fair value of investment in stable value fund	20,298	-
Net assets per the Form 5500	$ 11,264,420	$ 10,792,243

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the 2012 Form 5500:

Increase in net assets available for benefits per the financial statements	$ 450,470
Difference in notes receivable to participants	1,409
Difference in contract value from estimated fair value	20,298
Net income per the Form 5500	$ 472,177
