INDEPENDENT AUDITOR'S REPORT

To the Plan Administrative Committee
Haas Automation, Inc. 401(k) Profit Sharing Plan:

We were engaged to audit the accompanying financial statements of the Haas Automation, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's assets and executes transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following brief description of the Haas Automation, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A) Coverage and Eligibility

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of Haas Automation, Inc. (the "Plan Sponsor"). Employees are eligible to participate in the Plan if they are at least 18 years old and have completed six months of service. Employees may begin deferring a portion of their compensation into the Plan on the first day of the quarter following eligibility. Employees covered under a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA).

B) Contributions

Each year participants may contribute up to 80% of pretax annual Compensation, as defined in the Plan, not to exceed $17,000 for calendar year 2012. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $5,500 for calendar year 2012. Certain wages are excluded from the definition of Plan Compensation, as described in the Plan agreement.

The Plan Sponsor is permitted under the Plan to make discretionary profit sharing contributions to eligible participants based on Plan Compensation not exceeding the Annual Compensation Limit. Such contributions are integrated with social security earnings and related benefits. Participants with compensation over the Taxable Wage Base are also provided with an equivalent supplemental contribution of up to an additional 5.7% of compensation exceeding the Taxable Wage Base (up to the Annual Compensation Limit). The Taxable Wage Base was $110,100 and $106,800 for 2012 and 2011, respectively. The Annual Compensation Limit was $250,000 and $245,000 for 2012 and 2011, respectively. Total Plan Sponsor contributions (including those by participants) are limited to the lesser of $50,000 or 100% of the employee's compensation.

For 2012, the Plan Sponsor approved a profit sharing contribution of $8,530,815 to be allocated to all plan participants which was receivable by the Plan at December 31, 2012.

C) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's profit sharing contributions and, (b) Plan earnings, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of the Plan (Continued)

D) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100% vested after six years of credited service. Participants are immediately vested in the event of death, disability, or upon reaching age 65.

E) Payments and Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement (age 65), death, disability, or termination of employment. Participants who qualify for retirement benefits and withdrawals will receive their benefits in a lump sum payment. Benefits under the Plan shall be distributed solely from the assets of the trust. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative distribution as follows: for account balances between $1,000 and $5,000, the plan administrator will distribute the account balance to an individual retirement account; for account balances less than $1,000, the plan administrator will distribute the account balance as a lump sum in cash.

F) Notes Receivable from Participants

The Plan permits participants to obtain a loan based upon their vested account balance. All borrowings are limited to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.75% to 10.0%. The minimum loan amount is $1,000 and participants may only have two loans at a time. Loans are repaid through regular payroll deductions and generally must be repaid within five years (longer for qualified residential loans). Loans are segregated assets, and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan assets. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. In the event of default, the loan will be offset against the participant's account balance upon the occurrence of a distributable event.

G) Forfeitures

Forfeitures are first used to offset the administrative expenses of the Plan, and are then allocated among all participants in proportion to their compensation. At December 31, 2012 and 2011 forfeited non-vested accounts totaled $67,751 and $54,087, respectively. Also, in 2012, forfeitures were allocated to participants in the amount of $57,468.

Note 2 - Summary of Significant Accounting Policies

A) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor discretionary contributions are recorded when approved by the plan sponsor. Benefit payments and expenses are recorded when paid.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for the collective trust is based on the net asset value of the funds as reported by the plan trustee. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

B) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recoded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

D) Payment of Benefits

Benefits are recorded when paid.

E) Administrative Expenses

Substantially all administrative expenses are paid by either the Plan sponsor or the Plan as provided by the Plan document.

Note 2 - Summary of Significant Accounting Policies (Continued)

F) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

G) Effects of New Accounting Pronouncements

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04).* ASU 2011-04 amended ASC 820, *Fair Value Measurements*. This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The adoption of ASU 2011-04 did not have a material impact on these financial statements.

In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The impact of adopting ASU 2012-04 on subsequent periods has not yet been determined.

Note 3 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 4 - Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated May 23, 2008, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since this determination, however the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 4 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2009.

Note 5 - Information Certified by Charles Schwab Trust Company

Charles Schwab Trust Company ("CSTC") serves as the co-trustee and asset custodian of the Plan. In that capacity, CSTC holds the Plan's assets and executes transactions. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the Plan administrator has obtained certifications from CSTC that the following information as of December 31, 2012 and 2011, and for the years then ended is complete and accurate.

Assets certified by Charles Schwab Trust Company as of December 31, 2012 and 2011, are as follows:

	2012	2011
Investments:		
Common/collective trusts at fair value	$ -	$ 38,767,176
Common/collective trusts at contract value	12,977,549	10,369,210
Adjustment from contract value to fair value	713,376	71,548
Mutual funds	80,498,471	24,184,110
Cash and cash equivalents	1,356,042	2,502,220
Common stocks	3,854,259	2,919,643
Unit investment trusts	196,926	279,463
Total investments	99,596,623	79,093,370
Notes receivable from participants	6,246,430	5,867,517
Total assets certified	$ 105,843,053	$ 84,960,887

Charles Schwab Trust Company also certified to the completeness and accuracy of $8,204,134 of net appreciation in fair value of investments, $2,180,911 of interest and dividends related to the aforementioned investments, and $231,273 of interest income on notes receivable from participants for the year ended December 31, 2012.

Note 6 - Fair Value Measurements

ASC 820 *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Schwab Managed Retirement common/collective trust: Valued using the net asset value ("NAV") which is based on the fair values of the underlying investments as determined by quoted market prices.

Stable Value Fund common/collective trusts: Valued using the NAV which is based on the fair value of the collective trust's underlying investments as reported by the audited financial statements of the trust at year end.

Mutual funds: Valued at the NAV of shares held by the Plan at year end. The NAV is a quoted price in an active market.

Note 6 - Fair Value Measurements (Continued)

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Unit Investment Trusts: Valued at the NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011. The following tables present separately those assets that represent 5 percent or more of the Plan's net assets:

Note 6 - Fair Value Measurements (Continued)

(a) The Reliance Stable Value Fund is composed of Metlife Group Annuity Contract No. 25053 (The Contract) and a protective hedge wrapper. The Contact invests primarily in fixed income securities to provide total returns benchmarked against the Barclays Capital Aggregate 1-5 Year Govt/Corp Index. The contract value is guaranteed, which is valued as contributions and interest less participant withdrawals and or transfers. Under certain circumstances upon the Plan's termination of participation, the withdrawals may be paid at the market value of the Fund's separate accounts, which may be less than the contract value balance.

(b) The Schwab Managed Retirement funds ("SMRT Funds") are comprehensive investment options that correspond to target dates between 2010 and 2050 in five-year increments. There is also an income fund for participants already in retirement. The SMRT Funds follow an open-architecture, sub-advised approach to investing. Using active and passive strategies, the SMRT Funds are diversified across a variety of asset classes including, but not limited to, domestic and international equity, commodities, global real estate, intermediate-term bond, short-term bond, capital preservation, and inflation-protected bond.

(c) The Schwab Stable Value Fund (the "Fund") terminated and liquidated effective April 30, 2012. At December 31, 2011 and through liquidation the Fund continued to pursue its stable value investment objectives, including preservation of principal and liquidity. At December 31, 2011, in preparation for liquidation the Fund had shortened the duration of its fixed income holdings to cash or near cash levels to reduce portfolio volatility and raise liquidity. The Fund completed the sale of its bond holdings in a net gain position. The financial benefit of those gains was passed along through the Fund's daily NAV and the Fund's performance may have been temporarily higher than usual during this process. The Fund was only available for investment by participants in eligible qualified employer retirement plans.

Changes in Fair Value and Related Gains and Losses

During 2012 and 2011, the Plan's investments including gains and losses on investments bought and sold as well as held during the year, appreciated (depreciated) in value as follows:

	2012	2011
Money market funds	$ -	$ (941)

Sales	(3,404,573)
Balance, January 1, 2011	10,440,758
Realized gains	62,932
Unrealized gains (losses)	(74,006)
Purchases	10,878,115
Sales	(21,307,799)
Balance, December 31, 2012	$ -

Changes to Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no significant transfers in or out of Levels 1, 2, or 3.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all account balances would become 100% vested.

Note 8 - Related Party Transactions

The Plan invests in shares of mutual funds and in common/collective trust funds managed by an affiliate of Charles Schwab Trust Company (CSTC). CSTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 9 - Prohibited Transactions

During 2009 and 2008 the Plan sponsor inadvertently failed to deposit approximately $595,277 and $276,652, respectively, of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL). In no case were there deposits made after the 15th business day of the following month, however there were deposits that fell outside of the Company's customary time period. The DOL considers late deposits to be prohibited transactions. In February 2011, the Plan Sponsor corrected these deferrals by depositing the estimated lost earnings. Additionally, The Plan underwent a Department of Labor investigation of the Plan which covered the plan years 2008 – 2012. Additional contributions were required in the amount of $4,771 as a result of that audit. This amount was paid into the Plan in March 2013, and is recorded as a receivable to the Plan at December 31, 2012. Upon receipt of this payment the DOL deemed the audit as closed.
