CAL CUSTOM TILE 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Cal Custom Tile 401(K) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was established effective January 1, 1999, for the benefit of all eligible employees of Rick Berry, Inc. dba Cal Custom Tile (the "Employer"). The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") with a cash or deferred arrangement under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). John Hancock USA (the "Custodian") is responsible for the custody and management of the Plan assets.

In 2009, the Employer amended and restated the Plan which was a retroactive restatement, effective January 1, 2002 (see Note G). In addition, the Plan amendment and restatement reflected various changes in the law and Plan design that were effective January 1, 2009.

2. Eligibility

An employee is eligible for participation in the Plan upon attainment of age 21 and completion of one year of service. Employees covered under a collective bargaining agreement, leased employees and non-resident aliens who receive no earned income from sources within the United States are not eligible to participate in the Plan.

3. Contributions

Participants may contribute up to the maximum annual deferral limit per Section 402(g) of the IRC. The maximum dollar amount for salary deferrals in 2009 was $16,500. Participants may also contribute amounts representing distributions from other qualified plans. For the year ended December 31, 2008, the Employer made a safe harbor matching contribution in which 100% of participant deferrals were matched, up to the first 4% of the participant's compensation. The restated Plan adopted in 2009 removed the provision for safe harbor matching contributions and therefore, no such contributions were made in 2009. However, the Employer may make discretionary matching contributions. No discretionary matching contribution was made for the Plan year ended December 31, 2009.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and Plan earnings, and is charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in a variety of investment options held by John Hancock Life Insurance Company (U.S.A.) ("John Hancock USA"), as chosen by the Employer.

6. Vesting

Participant contributions, participant rollovers, Employer safe harbor contributions, Employer qualified non-elective contributions, and actual earnings thereon are fully vested at all times. Vesting in the discretionary Employer's matching contribution portion of participants' accounts plus earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

7. Payment of Benefits

Upon termination of service, participants are entitled to receive their vested account balance. In the event of death or normal retirement age, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance. Prior to January 1, 2009, a participant was also entitled to receive the total value of their account balance upon permanent disability. Effective January 1, 2009, participants are entitled only to their vested account balance upon permanent disability.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Participant Loans

Participants may borrow from their account a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000. A participant may not have more than two loans outstanding at any time. Loan terms may not exceed five years unless for the purchase of a principal residence, which may be repaid over a longer period of time. The loans will bear a reasonable rate of interest and are secured by the balance in the participant's account.

9. Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts are first used to reduce administrative expenses of the Plan. Any remaining forfeitures may be used to reduce Employer matching contributions. As of December 31, 2009, outstanding forfeitures available totaled $61.

10. Plan Termination and Partial Plan Termination

While the Employer has not expressed any intent to terminate the Plan, the Employer reserves the right to terminate the Plan at any time. In the event the Plan is wholly or partially terminated, all interests of affected participants become fully vested. Upon full Plan termination, the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

During 2009 and 2008, the Employer incurred significant layoffs, resulting in a partial Plan termination. Affected participants became 100% vested in their account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets available for Benefits is presented on a contract value basis. As of December 31, 2009 and 2008, contract value approximated fair value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Plan Administration

The Employer is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Administrative Expenses

Reasonable administrative expenses may be paid by the Plan to the extent not paid by the Employer.

4. Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participant loans receivable are valued at cost which approximates fair value. See Note D for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Accordingly, actual results could differ from those estimates.

7. Subsequent Events

Plan management has evaluated subsequent events through July 27, 2010, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by John Hancock USA, the Plan's custodian, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules.

Total investments held and certified by John Hancock USA in the accompanying statements of net assets available for benefits are $1,449,815 and $1,213,209 as of December 31, 2009 and 2008, respectively. The net investment income certified by John Hancock USA in the accompanying statement of changes in net assets available for benefits was $298,244 for the year ended December 31, 2009.

Investments that represent 5% or more of total net assets available for benefits as of December 31, 2009 and 2008 were as follows:

	2009	2008
Lifestyle Balanced	$ 337,982	$ 305,867
PIMCO Total Return	$ 198,240	$ 163,678
Davis New York Venture	$ 141,828	$ 96,958
Growth Fund of America	$ 186,203	$ 124,502
EuroPacific Growth Fund	$ 141,860	$ 93,280
Lifestyle Conservative	$ 117,819	$ 94,567
Royce Opportunity	$ 73,117	$ 41,062
Participant Loans	$ 105,637	$ 164,946

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $290,568. These investments consist of mutual funds offered by the custodian.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (SFAS 157, *Fair Value Measurements*) establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 (SFAS 157) are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Stable Value Fund: Fair value is calculated as the number of units held on a particular date multiplied by the unit value on that date, and generally is the value that would be paid out for participant-initiated or benefit withdrawals.

Participant Loans: Valued at amortized cost, which approximates fair value.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009

	Level 1	*Level 2*	*Level 3*	*Total*

Total assets at fair value	$ 1,048,263	$ -	$ 164,946	$ 1,213,209

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

Level 3 Assets for Year Ended December 31, 2009

Balance, beginning of year	$ 164,946
Purchases, sales, issuances and settlements (net)	(59,309)
Balance, end of year	$ 105,637

NOTE E - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F - PARTY IN INTEREST TRANSACTIONS

The custodian is a party in interest with respect to the Plan. All investments are held with the custodian. Loans receivable from Plan participants and the related interest income are also considered party-in interest transactions.

In 2009, the Department of Labor ("DOL") conducted an investigation of the Plan and of the Employer as plan administrator. Based on its investigation, the DOL concluded that in plan years 2005 through 2008, certain employee deferrals and/or participant loan repayments were not forwarded to the Plan in a timely manner or were still outstanding. The DOL determined $8,454 was owed to the Plan, of which $2,040 was for lost earnings of, $2,937 for outstanding employee contributions, and $3,477 for outstanding loan repayments. In April 2009, the Employer deposited $8,454 to the Plan's trust. The DOL indicated it would take no further action on this matter and closed its investigation in May 2009.

NOTE G - INCOME TAX STATUS AND SUBSEQUENT EVENTS

The Employer adopted a volume submitter profit sharing plan with a cash or deferral arrangement which received its most recent favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008. On June 17, 2010, the Employer received a determination letter from the IRS specific to the Plan itself, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC").

In 2008, the Employer identified certain operational defects with respect to the Plan. In 2009, the Employer submitted an application under the Voluntary Correction Program ("VCP") to correct for these defects. In April, 2010, the IRS informed the Employer that the VCP application was favorably approved. Therefore, no provision for income taxes has been included in the Plan's financial statements.
