Independent Auditor's Report

Plan Administrator
Dimmitt Automotive Group 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dimmitt Automotive Group 401(k) Profit Sharing Plan (formerly known as Dew Cadillac and Dimmitt Cadillac 401(k) Profit Sharing Plan) (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged to audit for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Assets (Held at Year End) and delinquent participant contributions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of Plan

The following description of the Dimmitt Automotive Group 401(k) Profit Sharing Plan (formerly known as Dew Cadillac and Dimmitt Cadillac 401(k) Profit Sharing Plan) (the Plan), is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan adopted November 1, 2004, that covers all employees, who have reached the age of 21 with one hour of service with Northstar Family Enterprises (Company) (Employer). The Plan is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has adopted certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

Effective January 26, 2012, the Plan changed its name to Dimmitt Automotive Group 401(k) Profit Sharing Plan.

(b) Contributions

Participants may elect to contribute up to 100% of their annual compensation, not to exceed the maximum annual contribution limit allowed by the Internal Revenue Code. Highly compensated employees may elect to contribute up to 7.5% of their compensation. Employer matching contributions to the Plan are discretionary and totaled approximately $143,000 for the year ended December 31, 2012. The Plan includes an automatic enrollment provision that establishes a 2% participant deferral if the participant fails to elect a deferral percentage.

For each Plan year, the Company may contribute to the Plan an amount of non-elective profit sharing contributions determined by the Company at its discretion. The Company did not make any non-elective profit sharing contributions during the year ended December 31, 2012.

The Plan accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, employer discretionary matching and profit sharing contributions, and rollover contributions from other qualified retirement plans. Plan earnings and losses are allocated to each participant's account based upon the ratio of their account to the total of all participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

The Plan allows participants to direct their contributions to any investment option available to the Plan.

(1) Description of Plan - Continued

(d) Vesting

Participants are always 100% vested in their own salary deferral and rollover contributions plus actual earnings thereon. Vesting in the employer match and non-elective profit sharing portion of their accounts plus actual earnings thereon is based on a three year graded vesting schedule. Participants have completed a year of service for vesting purposes if 1,000 hours of service are achieved during a Plan year.

Total Number of Years of Service	Vested Interest
Less than 1 year of service	0%
After 1 year of service	10%
After 2 years of service	100%

Participants also become fully vested upon reaching their normal retirement date (age 65), death, or retirement due to disability.

(e) Forfeitures

Terminated participants that are less than 100% vested in the employer match and non-elective profit sharing portion of their account may forfeit the non-vested portion of their account. Participants that are 0% vested are deemed to be cashed-out at the date of termination. Forfeitures are allocated to offset certain plan expenses in the Plan year when the forfeiture occurs. Remaining forfeitures of non-vested employer contributions are used to offset future plan expenses or reduce future employer contributions to the Plan. The Company utilized approximately $21,000 and $0 forfeited non-vested account balances to offset the employer match as of December 31, 2012 and 2011, respectively. There were approximately $19,000 and $21,000 of forfeitures available at December 31, 2012 and 2011, respectively.

(f) Payment of Benefits

Benefits may be received when a participant retires, becomes disabled, terminates employment, or at time of death as defined in the Plan document. Benefit payments are made in the form of a lump sum distribution and are recorded when paid. If the vested account balance does not exceed $5,000, the Plan will distribute that portion to the participant in a lump sum, as soon as administratively feasible after termination of employment with the Company.

(1) Description of Plan - Continued

(g) Hardship Withdrawals

The Plan provides for hardship distributions in accordance with the Plan provisions.

(h) Administrative Expenses

Administrative expenses of the Plan that are not paid by the Company are paid by the Plan.

(i) Participant Loans

The Plan does not allow participants to borrow from the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair values of registered investment companies are based on the net asset value of shares held by the Plan at year end. Fair value of the common/collective trust is based upon the expected future cash flows for the contract discounted to the present value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

(2) Summary of Significant Accounting Policies - Continued

(d) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities, based upon participant requests. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(e) New Accounting Pronouncement

The following new accounting pronouncement was adopted during year ended December 31, 2012:

Fair value measurements - In May 2011, the Financial Accounting Standards Board ("FASB") issued guidance which amends Accounting Standards Codification ("ASC") 820. This guidance requires the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level 1 and Level 2 investments. In addition, it provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The guidance requires additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. Net assets available for benefits and changes in net assets available for benefits of Plan were not affected by the adoption of the new guidance.

(f) Unit Values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(3) Information Certified by Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.) (John Hancock), the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments at fair value, as shown in the statements of net assets available for benefits, as of December 31, 2012 and 2011;

- Investment income as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2012.

- The schedule of assets (held at end of year), as shown in the supplemental schedule, as of December 31, 2012.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedules.

(4) Investment Contracts with Insurance Company

Financial Accounting Standards Board (FASB*)* Accounting Standards Codification Topic 962, *Plan Accounting – Defined Contribution Pension Plans*, (ASC 962) defines the circumstances in which an investment contract is considered fully benefit responsive and provides certain reporting and disclosure requirements for fully benefit responsive investment contracts in defined contribution, health and welfare and pension plans. ASC 962 requires that fully benefit responsive investments be reported at fair value. However, contract value is the relevant measure to the Plan because it is the amount that is available for Plan benefits.

John Hancock has identified the John Hancock Stable Value Fund Collective Investment Trust (the Trust), the common/collective trust in which the Plan invests at December 31, 2012 and 2011, to be fully benefit responsive. The Trust seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The Trust's sole investment is a Group Annuity Contract managed by John Hancock Life & Health Insurance Company. The crediting rate is updated on a monthly basis, and the calculation incorporates the book value, market value, duration, and current market yield rates of the underlying investments. In no event shall the crediting rate be less than 0%. The average yield earned by the trust was 2.62% and 1.97% for 2012 and 2011, respectively. The average yield earned by the trust with an adjustment to reflect the actual interest rate credited to participants in the trust was 1.65% and 3.02% for 2012 and 2011, respectively. At December 31, 2012 and 2011, there was no significant difference between fair value and contract value.

(5) Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011:

	2012	2011
Pooled Separate Accounts:		
Registered investment companies:		
Lifestyle Fund - Conservative Portfolio (subadvised)	$ 742,235	561,675
Lifestyle Fund - Moderate Portfolio (subadvised)	2,776,458	2,431,289
Lifestyle Fund - Balanced Portfolio (subadvised)	646,379	629,839
Lifestyle Fund - Growth Portfolio (subadvised)	900,560	703,853
Lifestyle Fund - Aggressive Portfolio (subadvised)	409,059	380,627

During 2012, the Plan's investments, including investments bought, sold, and held during the year, appreciated in value as follows:

Registered investment companies	$ 723,887
Common/collective trust	1,185
	$ 725,072

Allocation of various investment options is at the sole discretion of participants for their individual contributions.

(6) Unallocated Cash

At December 31, 2012 and 2011, unallocated cash represents forfeited uninvested funds available to offset future employer contributions or plan expenses.

(7) Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to validation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a) Quoted prices for similar assets or liabilities in active markets;
b) Quoted prices for identical or similar assets or liabilities in inactive markets;
c) Inputs other than quoted prices that are observable for the asset or liability;
d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value.

Registered Investment Companies: valued at the net asset value of shares held by the Plan at year end.

Common/Collective Trust: valued at fair value by the expected future cash flows for each contract discounted to present value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(7) Fair Value Measurements - Continued

As of December 31, 2012, the Plan's investments measured at fair value on a recurring basis were as follows:

(8) Income Tax Status

The Plan obtained a determination letter dated March 31, 2008 related to the volume submitter document adopted effective January 1, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and was thus exempt from federal income taxes under the provisions of Section 501(a). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(9) Termination of Plan

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

(10) Parties-in-Interest

Certain Plan investments are or were managed by John Hancock. John Hancock is the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan paid John Hancock $29,758 in expenses during the year ended December 31, 2012 of which approximately $27,200 related to contract administration, approximately $2,100 related to third party administration, and the remaining $450 was for guaranteed income feature fees. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA; they are, however, expressly exempted from the prohibited transaction rules.

(11) Subsequent Events

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 10, 2013, the date which financial statements were available to be issued.
