INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Wilson Fire Equipment & Service Co., Inc.
401(k) Employee Savings Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wilson Fire Equipment & Service Co., Inc. 401(k) Employee Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Re: Independent Auditors' Report

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The Wilson Fire Equipment & Service Co., Inc. 401(k) Employee Savings Plan (the Plan) is a qualified retirement plan adopted by Wilson Fire Equipment and Service Company, Inc. (the Company) to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally effective on July 1, 1978, and was amended and restated effective January 1, 2011, to conform to new tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Significant provisions of the Plan in effect as of December 31, 2012 are summarized below. Participants should refer to the legal Plan document for a more complete description of the Plan's provisions.

Eligibility – The Plan covers all eligible employees who have attained age 21. Employees are eligible to enter the Plan on the first day of the month coinciding with or next following the completion of the eligibility requirements.

Contributions – Participants may elect to defer up to 90% of their compensation each year. The total deferrals may not exceed a dollar limit which is set by law. Participants who have attained or will attain age 50 before the end of a calendar year may elect to defer additional amounts as catch-up contributions. Participants are permitted to revoke their salary deferral elections at any time during the Plan year, and any other modifications may be made on the first day of each month.

The Company will make a matching contribution equal to 25% of a participant's elective deferrals, not to exceed 6% of eligible compensation. The Company may also make a discretionary profit sharing contribution to the Plan. The profit sharing contribution will be allocated to all employees eligible to participate in the Plan. For the year ended December 31, 2012, the Company did not make any discretionary profit sharing contributions to the Plan.

Participants are also permitted to deposit into the Plan distributions received from other retirement plans or certain Individual Retirement Accounts as rollover contributions.

Participant Accounts – Each participant's account is credited with their contributions, employer contributions, rollovers, and an allocation of Plan earnings or losses thereon. Participant accounts may also be charged with an allocation of certain administrative fees. Accounts are segregated for purposes of determining the earnings or loses on investments and do not share in the investment performance of other participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their entire interest into various investment securities held in a trust fund by the Plan with different investment objectives. The Plan currently offers mutual funds and a fixed income account as investment options for participants. Participants may redirect the investment of future contributions or reallocate/transfer existing balances among available investment securities at any time.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan's assets. These expenses will be allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense itself. Expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account.

Vesting – Participants are always 100% vested in their elective deferrals, rollovers, and any earnings or losses thereon. Any Company matching or profit sharing contributions is subject to a six-year graded vesting schedule at 20% per year beginning with two year's of service.

Payment of Benefits – On termination of employment, normal retirement, disability, or death, a participant or designated beneficiary will be entitled to receive a distribution of the vested percentage of their account balance in a single-lump sum payment or have the payment paid as a direct rollover to an individual retirement account, individual retirement annuity, or to another employer's tax qualified plan. If the vested account balance exceeds $5,000, a participant's consent is required to distribute their accounts. If a participant's account does not exceed $5,000, the Plan will distribute their account balance without consent in a single lump-sum payment.

If an active participant has attained age 59½, they may receive an in-service distribution from the Plan. Hardship distributions may be made to satisfy certain immediate and heavy financial needs that a participant may have. In the event of a hardship distribution, participants will have their salary deferrals suspended for a period of six months after receiving the hardship distribution.

Notes Receivable from Participants – Loans are available to participants on a reasonably equivalent basis. The minimum loan amount is $1,000 and the maximum amount is up to 1/2 of the participant's vested interest up to a maximum of $50,000 reduced by the highest outstanding loan balance during the prior one-year period. Loans are adequately secured and charged a commercially reasonable rate of interest. All loans are to be repaid on a level basis over a reasonable period of time, not to exceed five years. If the loan is for the purchase of a principal residence, the Company may permit a longer repayment term. Participants may only have one loan outstanding at any given time.

Forfeited Accounts – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account remains in the Plan and is called a forfeiture. Forfeitures may first be used to pay any administrative expenses and then used to reduce employer contributions. Forfeited non-vested accounts totaled $7,401 and $4,457 at December 31, 2012 and 2011, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Other income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits – Benefits are recorded when paid. As of December 31, 2012, there were no amounts allocated to participants who elected to withdraw from the Plan, which have not been paid.

Subsequent Events – The Plan has evaluated subsequent events through September 26, 2013, the date the financial statements were available to be issued. See *Note 11* for discussion of subsequent events.

Recent Accounting Pronouncements – The Company has evaluated recent accounting pronouncements and their adoption has not had or is not expected to have a material impact on the Plan's net assets available for benefits.

Reclassification of Prior Year Presentation – Certain prior year amounts have been reclassified for consistency with the current period presentation. These reclassifications had no effect on the reported net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework for measuring fair value prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds – The shares of registered investment companies reported on the Plan statements are valued by the mutual funds themselves. The mutual fund Net Asset Value (NAV) are reported by the fund companies to The Hartford's Unit Investment Trust (UIT) Group, upon the daily market close. Fund companies can also transmit NAV through the DTCC/NSCC, of which The Hartford is a member. In addition, UIT uses Vertical Management Systems as another source of pricing information, as well as to validate accuracy. More detailed information about mutual fund pricing and valuation techniques used for fund's underlying securities may be obtained by referring to the fund's prospectus, which is generally obtainable from the fund family's internet site.

Fixed Income Account – The custodian issued to the Plan a group annuity contract or funding agreement that included a fixed fund offering called the fixed income account. The fixed income account is part of the custodian's general account and is subject to the claims of the custodian's general creditors. The custodian credits interest on contributions made to the fixed income account at a rate the custodian declares for a period of time that it determines. The custodian guarantees a minimum rate of interest. Guarantees are subject to the custodian's claims paying ability. The declared interest rate for the fixed income account for 2012 was 3%.

The custodian generally processes distributions and transfers from the fixed income account within a reasonable period of time after a participant request is received in good order. However, under certain conditions, as described in the fixed income account rider of the group annuity contract or funding agreement, transfers from the fixed income account may be limited or deferred, and distributions may be subject to a market value adjustment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

There were no significant transfers between Level 1 and Level 2 investments during 2012.

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hartford Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, *Note 5*, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2012. The Company has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – INVESTMENTS (UNAUDITED)

At December 31, 2012 and 2011, all investments of the Plan were participant-directed. The following presents investments that represented 5% or more of the Plan's net assets at December 31:

		2012	2011
*	Fixed Account	**$ 984,658**	$ 669,403
*	Alger Cap App Institutional R	**185,239**	202,345
*	Mutual Global Discovery R	**196,106**	295,190
*	Blackrock Global Allocation R	******	150,718
*	Thornburg International Value R3	**141,887**	143,073
*	Blackrock Equity Dividend R	**162,593**	**
*	American Funds Fundementl Inv R1	******	131,439

* Indicates party-in-interest.
** Represents less than five percent (5%) of the Plan's net assets as of December 31.

During 2012, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value by $148,372.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. The Company pays directly any other fees related to the Plan's operations.

NOTE 7 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with a cash or deferral arrangement sponsored by Nova 401(k) Associates, the Plan's third-party administrator. Nova 401(k) Associates received a favorable opinion letter from the Internal Revenue Service (IRS) dated July 1, 2009, which stated that the prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
