Independent Auditor's Report

Board of Trustees
United Electric Savings Plan
Wichita Falls, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of United Electric Savings Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3* and notes receivable from participants and related interest income, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and notes receivable from participants and executes transactions related to these assets. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary Information

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

United Electric Savings Plan

Notes to Financial Statements

December 31, 2012 and 2011

Note 1: Description of the Plan

The following description of United Electric Savings Plan (Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by United Electric Company, L.P. (Company) for the benefit of its employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Principal Life Insurance Company (Principal) serves as custodian of the Plan.

Eligibility

Employees are considered eligible at hire. Eligible employees may become active participants for purposes of elective deferral contributions based on their expected work hours:

- An employee who is expected to work 1,000 hours or more in their first year of employment may become an active participant at time of eligibility.
- An employee who is not expected to work 1,000 hours or more in their first year of employment may become an active participant after working 1,000 hours.

Eligible employees may become active participants for purposes of employer match and discretionary contributions based on the following requirements:

- Nonbargaining class: complete one year of eligible service.
- Bargaining class: complete 12 months of continuous service (as specified in collective bargaining agreement).
- Employees not expected to work 1,000 hours or more in their first year of employment: complete one year of eligible service and reach the age of 21.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions. Employee rollover contributions are permitted. For employees who are members of the nonbargaining class, the plan document includes an automatic deferral feature whereby a participant is treated as deferring 6% of eligible compensation upon meeting eligibility requirements unless the participant makes an affirmative election otherwise. Contributions are limited by employee class:

- Nonhighly compensated, nonbargaining class – up to 40% of eligible compensation per payroll period.

- Highly compensated, nonbargaining class – up to 24% of eligible compensation per payroll period (12% pretax and 12% Roth post-tax).
- Nonhighly compensated, bargaining class – up to 35% of eligible compensation.
- Highly compensated, bargaining class – up to 12% of eligible compensation.

The Company also makes matching contributions based on class for those employees with one year of service:

- Nonbargaining class – the Company makes matching contributions in an amount equal to 60% of employees' salary deferral amounts on the first 6% of employees' pay period compensation.
- Bargaining class – the Company makes matching contributions in an amount equal to 50% of employee's salary deferral amounts on the first 6% of employees' pay period compensation.
- Nonbargaining class – the Company makes an additional contribution in an amount equal to 3.5% of employees' pay period compensation.
- Bargaining class – the Company makes an additional contribution in an amount equal to 2.0% of employee's pay period compensation.

Prior to December 9, 2010, the Plan permitted nonhighly compensated employees, who were members of the bargaining class, through a salary deferral election to have the Company make annual contributions of up to $80 of eligible pay period compensation. The Company made a matching contribution in an amount equal to 50% on the first $24 of the employee's salary deferral amounts. All other contributions remained consistent as described in the preceding paragraphs.

Company profit-sharing contributions are discretionary as determined by the Company's board of directors. Contributions are subject to certain limitations. The Company did not make any profit-sharing contributions in 2012 and 2011.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after three years of continuous service. The nonvested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his account or a fixed period installment option or a fixed payment installment option. At December 31, 2012 and 2011, assets include $0 and $7,878, respectively, allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

At December 31, 2012 and 2011, forfeited nonvested accounts totaled $0, respectively. These accounts may be used to pay administrative expenses or to reduce the Company's contributions.

Participant Loans

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator. Participant loans are included in the accompanying statements of net assets available for benefits as notes receivable from participants.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a guaranteed investment contract. The accompanying statements of net assets available for benefits presents the fair value of the investment contract, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value relating to the investment contract. The accompanying statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate accounts are valued at estimated fair value as provided by Principal.

The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The Plan's interests in the collective trusts are valued based on information reported by Principal using the audited financial statements of the collective trusts at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

United Electric Savings Plan
Notes to Financial Statements
December 31, 2012 and 2011

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans may be reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Principal. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2009.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

Note 3: Investments

The Plan's investments are held by Principal. The fair value of the Plan's investments at the end of the year is as follows:

	2012	2011
Mutual funds	$ 277,754	$ 142,466
Pooled separate accounts	235,139	151,025
Collective investment trusts	941,649	754,895
Guaranteed investment contract	141,348	105,903
	$ 1,595,890	$ 1,154,289

The Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows:

	2012	2011
Mutual funds	$ 25,561	$ (5,775)
Pooled separate accounts	27,802	(4,813)
Collective investment trusts	100,542	(6,578)
	$ 153,905	$ (17,166)

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits were as follows:

	2012	2011
Principal Trust Target 2025 Fund R3	$ 200,752	$ 277,363
Principal Trust Target 2035 Fund R3	$ 175,904	$ 105,454

Interest and dividends realized on the Plan's investments for the year ended December 31, 2012, and December 31, 2011, were $3,390 and $3,326, respectively.

Information on the fully benefit-responsive contract relating to the guaranteed investment contract portion carried at fair value is as follows:

	2012	2011
Average yield	1.69%	1.86%
Crediting interest rate at December 31	2.10%	2.65%
Fair value	$ 141,348	$ 105,903
Contract value	$ 148,787	$ 111,477

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the plan custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. The Plan paid $17,042 and $7,600 of recordkeeping fees to Principal during 2012 and 2011, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2012 and 2011:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2012. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Fair value determinations for Level 3 measurements of securities are the responsibility of the plan administrator. The plan administrator challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Transfers Between Levels

Transfers in and out of Level 1, Level 2 and Level 3 are the result of participant election changes during 2012 and 2011.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	Guaranteed Investment Contract
Balance, January 1, 2011	$ 63,684
Total realized and unrealized gains and losses included in net increase (decrease) in net assets available for benefits	
Unrealized appreciation (depreciation) on investments	(2,223)
Purchases	59,955
Issuances and settlements	(17,960)
Transfers in and/or out of Level 3	2,447
Balance, December 31, 2011	105,903
Total realized and unrealized gains and losses included in net increase (decrease) in net assets available for benefits	
Unrealized appreciation (depreciation) on investments	(1,864)
Purchases	70,884
Issuances and settlements	(31,506)
Transfers in and/or out of Level 3	(2,069)
Balance, December 31, 2012	$ 141,348
Total gains or losses for the period included in net increase (decrease) in net assets available for benefits attributable to the change in unrealized gains or losses related to assets still held at the reporting date	
Year ended December 31, 2011	$ (2,223)
Year ended December 31, 2012	$ (1,864)

For the year ended December 31, 2012 and 2011, realized and unrealized gains and losses included in net increase (decrease) in net assets available for benefits for the years ended December 31, 2012 and 2011, are reported in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Unobservable (Level 3) Inputs

The following table presents quantitative information about unobservable inputs used in recurring Level 3 fair value measurements.

	Fair Value at December 31, 2012	Valuation Technique	Unobservable Inputs	Range (Weighted-Average)
Investment contract with insurance company	$ 141,348	Discounted cash flow	Contractual interest rate	2.65%

Note 6: Investment Contract with Insurance Company

In 2010, the Plan entered into a fully benefit-responsive investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011, was $141,348 and $105,903, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit Principal to terminate the agreement prior to the scheduled maturity date.

Note 7: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011, to Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 1,663,964	$ 1,177,446
Excess contributions payable, end of year	-	6,270
Net assets available for benefits per Form 5500	$ 1,663,964	$ 1,183,716

The following is a reconciliation of net increase per the financial statements for the years ended December 31, 2012, and 2011, to Form 5500:

	2012	2011
Net increase per the financial statements	$ 486,518	$ 377,610
Excess contributions payable, end of year	-	6,270
Excess contributions payable, beginning of year	(6,270)	(6,270)
Net increase per the Form 5500	$ 480,248	$ 377,610

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 1, 2013, which is the date the financial statements were available to be issued.
