Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of
the Folsom Auto Group 401(k) Profit Sharing Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Folsom Lake Auto Group 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock USA, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplement schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description of Plan

The following description of the Folsom Auto Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and Adoption Agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established on January 1, 1996 covering all eligible full-time employees of the participating companies who have one year of service and are age twenty one or older. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). The participating companies are Folsom Lake Ford, Inc., and PFLK, Inc. (dba Folsom Lake Kia).

Contributions. Each year, participants may contribute from 1% to 100% of included compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The plan sponsor may match employee contributions at the discretion of the Board of Directors or contribute an amount which it designates as a qualified non-elective contribution. The plan sponsor did not make an employer matching contribution for the 2012 plan year.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings and forfeitures of terminated participants' nonvested accounts, and (c) Plan expenses as applicable to the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain investment and fund fees are charged by the custodian (John Hancock) to the mutual funds held by the Plan and are included in the plan investment income and losses and charged to participant accounts. Participants should refer to the mutual funds' prospectuses for details of these fees.

Vesting. Participants are immediately vested in their voluntary contributions and any Company matching contributions, plus actual earnings thereon. Vesting in profit sharing contributions is based on years of service. A participant is one hundred percent vested after six years of credited service. Participants become fully vested in the event of death, disability, retirement, or plan termination.

Forfeitures. The total non-vested portion of terminated employees' account balances are used by the plan sponsor to reduce employer matching contributions or expenses. There were no forfeitures generated in the current year. During 2012, $307 of forfeitures were used to pay administrative fees. As of December 31, 2012 there are no balance of unused forfeitures available to reduce future employer contributions or cover plan expenditures.

Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in various increments to the investments administered by John Hancock USA. Participants may change their investments daily and choose from over sixty investment options.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loans may be paid over a reasonable period of time not to exceed five years. The loans are secured by the balances in the participants' accounts and bear interest at a rates which are commensurate with local prevailing rates as determined by the Plan's Third Party Administrator.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount, or in deferred installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 1: Description of Plan (continued)

Guaranteed Interest Accounts. Participants can choose to allocate contributions to the guaranteed interest investment option. Such contributions are held in the John Hancock general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3-, 5-, or 10-year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period. See note 9.

Amendments. There were no amendments to the plan during 2012.

Note 2: Summary of Accounting Policies

Basis of Accounting- The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments - The Plan's investments primarily consist of pooled separate accounts and are stated at fair value as reported by John Hancock. The Plan's guaranteed accounts with John Hancock are stated at contract value which approximates fair value as reported by John Hancock.

Risks and Uncertainties - The Plan provides for various investment options which are exposed to a variety of risks, including interest rate, market fluctuations, valuation, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Plan management has evaluated subsequent events through October 4, 2013, the date the financial statements were available to be issued.

Note 3: Certified Information

John Hancock USA, the Custodian of the Plan, has certified as to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011, the investment activities and participant note interest reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012, and all investment information reflected in the supplemental Schedule of Investments Held at December 31, 2012, in accordance with 29 CFR 2520.103-8(c) of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. .

Note 4: Significant Investments and Net Appreciation

The Plan's investments were held by John Hancock in various pooled separate account investments. Significant investments representing more than five percent of the Plan's assets are separately identified as follows:

	2012	2011
Investments at Fair Value as Reported by John Hancock:		
Value of interest in Pooled Separate Accounts:		
Lifestyle Fund - Balanced Portfolio	$ 488,281	$ 875,524
Lifestyle Fund - Growth Portfolio	1,155,159	1,069,404
Lifestyle Fund - Conservative Portfolio	1,004,125	*
Lifestyle Fund - Aggressive Portfolio	*	322,205
Oppenheimer Developing Markets Fund	*	379,574
Money Market Fund	*	274,462

* Investment represents less than 5% of the Plan's assets.

For the year ended December 31, 2012, the Plan's investments (including investments bought, sold, and held during the year) depreciated in value as follows:

Fair value as reported by John Hancock:	
Pooled Separate Accounts	$ 605,170
Net appreciation in fair value of investments	$ 605,170

Note 5: Fair Value Measurements

Financial Accounting Standards Board ASC 820-10 (formerly SFAS No. 157), *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets:

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5: Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts: Valued at net asset value ('NAV') as provided by John Hancock, the trustee of the Plan. The NAV of pooled separate accounts is based on the number of units held and quoted market prices of the underlying mutual fund investments.

Guaranteed Accounts: Valued at fair value as determined by John Hancock based on the principal amount invested with John Hancock by each plan participant, and the cumulative compounded interest earned in each participant account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

Assets at Fair Value as of December 31, 2012

	Level 1	Level 2	Level 3	Fair Value

Total assets at fair value	$ -	$ 4,237,165	$ -	$ 4,237,165

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 7: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service dated March 31, 2008. The Plan has been amended since receiving the determination letter; however, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. the plan administration has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 8: Administrative Fees

The Plan paid $26,874 for administrative fees for the year ending December 31, 2012. Administrative fees charged to the plan include $7,558 in Third Party Administrator service fees paid to Jordan & Associates, and $19,258 in contract administration fees paid to John Hancock. This contract administrative charge includes $11,769 in commissions paid to Merrill Lynch Life Agency for financial advisory services and $2,415 in additional TPA compensation paid to Jordan & Associates. The Plan sponsor did not absorb significant costs on behalf of the plan.

Note 9: Deposit with Insurance Company

Participants can choose to allocate contributions to the guaranteed interest investment option. Such contributions are held in the John Hancock general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3-, 5-, or 10-year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period. The crediting interest rate is reset quarterly and the average "new money" crediting rates for the year ending December 31, 2012 were .14%, .38%, and .73%, for the 3 year, 5 year, and 10 year contracts, respectively. The crediting rates for the year ending December 31, 2011 were .29%, .90%, and 1.56%, for the 3 year, 5 year, and 10 year contracts, respectively.

The average contract yield received by participants in the Plan for the year ending December 31, 2012, was .375%, and 1.69%, for the 3 year, and 5 year contracts, respectively. The average contract yield for the year ending December 31, 2011, was 1.025%, and 2.63%, for the 3 year, and 5 year contracts, respectively. There was no plan money invested in the 10 year contracts during 2012 or 2011. Under certain situations, such as a contract termination, participants may receive the fair value of the contract which may be less than the contract value. John Hancock has stated that contract value is equal to fair value, and no adjustment to contract value is presented on the Statements of Net Assets Available for Benefits as of December 31, 2012 and 2011.

Note10: Excess Contributions

For the year ending December 31, 2012, the Plan was not required to make any corrective distributions to satisfy the relevant nondiscrimination provisions of the Plan. For the year ended December 31, 2012, the Plan was required to return excess employee contributions of $12,607 to certain active participants. This amount was disbursed in March 2013 and August 2013, and is included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2012.

Note 11: Reconciliation of Financial Statements to Schedule H of Form 5500

Corrective Distributions:

As discussed in note 10, the Plan refunded excess contributions during 2013 for the plan year ending December 31, 2012. For purposes of these financial statements, this amount was recorded as a payable as of December 31, 2012. The form 5500 is prepared on a cash basis, and these refunds are shown as corrective distributions paid in the 2012 tax year.

Corrective distributions per the financial statements	$ 12,607
Less accrual for excess participant contributions payable as of December 31, 2012	(12,607)
Excess contributions per schedule H of Form 5500	$ -
