INDEPENDENT AUDITORS' REPORT

To the Magneto & Diesel Injector Service, Inc. 401(k) Profit Sharing Plan and Participants:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Magneto & Diesel Injector Service, 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United State of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of reportable transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Magneto & Diesel Injector Service, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements

1. Significant Accounting Policies

Basis of Accounting. The financial statements of the Magneto & Diesel Injector Service, Inc. 401(k) Profit Sharing Plan (the "Plan") are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Payment of Benefits. Benefits are recorded when paid.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedules. Actual results could differ from those estimates.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Management's Review of Subsequent Events. Management has evaluated subsequent events through September 25, 2013, the date on which the financial statements were available to be issued. There were no subsequent events through September 25, 2013, that required adjustment to or disclosure in the financial statements.

2. Description of the Plan

General. The Plan is a salary reduction, defined contribution plan (a "401(k) arrangement") and is available to all employees who have completed one year of service and have attained age 21. An employee is eligible to enter the Plan on the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following the date the employee satisfies the eligibility requirements. The Plan's original effective date is July 1, 1991.

Contributions. Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pre-tax basis as an elective deferral. The participant salary reductions may not exceed the lesser of $17,000 for 2012 or 100% of compensation for any plan year. Participants who attain age 50 by the end of the plan year may make a "catch-up" contribution of up to $5,500 for 2012.

2. Description of Plan (continued)

Under the terms of the Plan, the Company will make a matching contribution each year that is equal to 50% of the participant's elective deferrals up to 6% of a participant's total compensation. The Company also has the option to make an additional discretionary matching contribution each year.

Vesting. Prior to normal retirement age, the participant becomes vested in the Company matching contributions as follows: 0% vested for less than two years of service, 20% vested upon completion of two years of service, 40% vested upon completion of three years of service, 60% vested upon completion of four years of service, 80% vested upon completion of five years of service and 100% vested upon completion of six years of service. Participants also become 100% vested in the event of disability, death, or the attainment of normal retirement age.

Participants are immediately vested in their voluntary contributions.

Forfeitures. Forfeited nonvested balances totaled $-0- and $1,559 as of December 31, 2012 and 2011 respectively. Forfeitures may be used to reduce Company matching contributions or pay administrative expenses of the Plan. During 2012, $1,559 of forfeitures were applied against Company matching contributions.

Normal Retirement. Normal retirement is age 65.

Termination. Upon termination of employment or on the normal retirement date, the participant's vested account balance is available to be paid in a single sum payment. If the participant's vested balance is $1,000 or less, the account balance will automatically be distributed.

Hardship Withdrawals. Prior to termination of employment, participants may withdraw money on account of financial hardship if participants satisfy certain conditions.

Investment Options. The Plan permits participants to direct the investment held in their account balance according to options provided to the participants.

Administrative Expenses. Administrative expenses are paid by either the Company or the Plan at the Company's discretion.

2. Description of Plan (continued)

Notes Receivable from Participants. The Plan has a provision that permits loans to participants and their beneficiaries. The rate of interest on the loans during 2012 ranged from 4.25% to 9.25%. Loans generally shall not be greater than the lesser of $50,000 or one-half of the vested account balance of the participant. The minimum loan is $1,000. Certain other provisions apply if previous loan balances are held. Loans generally may not have a term of more than five years.

For further description of the Plan, refer to the Plan document.

3. Income Taxes

The Plan has adopted a prototype plan and trust agreement established by the trustee. According to the prototype plan, the Plan's assets are qualified pursuant to section 401(a) of the Internal Revenue Code; and accordingly, the trust's net investment income is exempt from income taxes. The most recent favorable determination letter from the Internal Revenue Service covered the amended Plan in effect at January 31, 2002. Although there have been subsequent Plan amendments, the Plan sponsor and the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code; therefore, no provision for income taxes has been include in the financial statements. The Plan is required to file annual reports with the Internal Revenue Service. Generally, these reports remain open to potential examination by the Internal Revenue Service for a period of three years after the reports are filed.

4. Information Certified by the Trustee (unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Charles Schwab Trust Company, the trustee of the Plan (the "Trustee").

	2012	2011
Assets as of December 31:		
Investments	$ 14,441,197	$ 12,374,993
Notes receivable from participants	441,444	494,800

Net appreciation in fair value of investments	1,234,991	
Dividend and interest income	267,897	

5. Investments

All investments are valued by the Trustee at their fair values determined using quoted market prices or rates. See Note 7 for a discussion of fair value measurements.

In the statement of changes in net assets available for benefits, the net appreciation in fair value of investments includes realized and unrealized gains and losses from investments. Investment management fees are included in the net investment gain or loss.

The following presents investments that represent 5% or more of the Plan's net assets available for benefits.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2012	December 31, 2011
Net assets available for benefits per the financial statements	$ 14,910,357	$ 12,901,777
Net assets available for benefits per the Form 5500	$ 14,910,357	$ 12,901,777

The following is a reconciliation of net increase per the financial statements to total income per the Form 5500:

	Year Ended December 31, 2012
Net increase, per the financial statements	$ 2,008,580
Net income, per the Form 5500	$ 2,008,580

7. Fair Value Measurements

FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted market prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

7. Fair Value Measurements (continued)

Cash equivalents: Valued at cost, which is equivalent to fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
