INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
Pinkard Construction Co. Employee Profit Sharing and 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pinkard Construction Co. Employee Profit Sharing and 401(k) Plan, which comprise the Net Assets Available for Plan Benefits as of December 31, 2012 and 2011, and the related Statements of Changes in Net Assets Available for Plan Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Insurance Company, the Trustee of the Plan, except for comparing the information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significant of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets Held for Investment Purposes, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

PINKARD CONSTRUCTION CO.
EMPLOYEE PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

1 Description of Plan

The following description of the Pinkard Construction Co. (the Company) Employee Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

A. General. The Plan is a defined contribution plan covering all employees of the Company who meet minimum age and service hour requirements. The Plan is a combination 401(k) plan with an employer matching provision and a discretionary profit sharing plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The participant must have been employed for a minimum of six months and have a minimum of 500 hours of service with the Company to be eligible to participate in the deferral and matching provisions of the Plan. To be considered eligible for the profit-sharing portion of the Plan, the participant must have worked one year, and a minimum of 1,000 hours of service with the Company. The participant must be 18 years or older to participate in either part of the Plan. In 2010, the plan was amended to include an automatic enrollment in which eligible employees contribute 3% of eligible salary unless they elect otherwise.

B. Plan Administration. The Plan is administered by the sponsor. Reptech is the Plan's third party administrator and John Hancock Insurance Company (John Hancock) is the Trustee for all the Plan's assets.

C. Contributions. Participants may make pre-tax elective deferrals of their eligible compensation, subject to the statutory limitations. Eligible compensation is comprised of W-2 wages, increased by any pre-tax elective deferral amounts. The Company makes matching contributions of up to 25% of participant elective deferrals, of up to 6% of eligible compensation. During the years ended December 31, 2012 and 2011, the Company's matching contribution was $80,006 and $82,603, respectively. The Company may also make discretionary profit sharing contributions, limited only by statutory provisions, which are to be allocated in the ratio that each participant's eligible compensation bears to the aggregate eligible compensation for all participants for the wages earned based on the Company's year. During the years ended December 31, 2012 and 2011, the Company did not make profit sharing contributions.

D. Participant Accounts. Each participant's account is credited with the participant's deferral, and the employer's matching and profit sharing contributions made on the participant's behalf, in addition to an allocation of Plan earnings which are based on participant earnings on their respective account balances and forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

E. Vesting. Participants are immediately vested in their contributions and employer matching contributions, plus all earnings thereon. Vesting in profit sharing contributions and earnings commences during the third year of service and occurs at a rate of 20% per year of service, with 1,000 hours or work or more until 100% vested.

1 Description of Plan (Continued)

F. Forfeitures. Forfeitures of terminated participants' non-vested accounts are allocated to participants as additional Company contributions. As of December 31, 2012 and 2011, forfeited non-vested accounts totaled $2,018 and $11,623, respectively, which have been allocated in accordance with Plan provisions. Accounts forfeited during the years ended December 31, 2012 and 2011 were $2,018 and $11,623, respectively.

G. Investment Options. Upon enrollment in the Plan, participants may direct their contributions into various investment options in pooled separate accounts and guaranteed interest contracts held by the Trustee. The underlying investments of the pooled separate accounts consist primarily of holdings in cash management trusts, stock funds and bond funds of registered investment companies. The underlying investments in guaranteed interest contracts consist of contracts with financial institutions that guarantee certain rates of return.

H. Notes Receivable from Participants. Participants may borrow, from their accounts, a minimum of $1,000 and up to a maximum equal to the lesser of $50,000, less the highest outstanding loan balance during the preceding one-year period, or 50% of the participant's vested account balance. Participant loans are treated as participant-directed investments. Loan terms do not exceed five years, unless the loan is for the acquisition of the principle residence of the participant, in which case the Plan's administrator determines the term of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate comparable to fully secured loans for the same term charged by the Company's primary bank at the date of the loan. Interest rates range from 5.25% to 10.5% per annum at December 31, 2012. Principal and interest is paid ratably through weekly and monthly payroll deductions.

The balance of participant loans, as of December 31, 2012 and 2011, totaled $387,227 and $233,876, respectively.

I. Payment of Benefits. On termination due to severance of service, death, disability or normal retirement, a participant will receive an amount equal to the value of the participant's vested interest in his or her account paid in a lump sum.

2 Summary of Significant Accounting Policies

A. Basis of Accounting. The financial statements of the Plan are prepared on the accrual method of accounting. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

2 Summary of Significant Accounting Policies (Continued)

B. Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on the accrual basis.

Dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

D. Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

E. Payment of Benefits. Benefits are recorded when paid.

F. Operating Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration distributions are charged directly to the participant's account and are included in administrative expenses.

Investment related expenses are included in net appreciation of fair value of investments.

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011:

	2012	2011
John Hancock Funds II Lifestyle Balance Portfolio	$ 876,205	$ 519,664
John Hancock Funds II Lifestyle Growth Portfolio	2,307,603	2,133,559
John Hancock Funds II Real Estate Securities Fund	-	417,014
John Hancock USA Money Market Fund	-	435,493
John Hancock Funds II Lifestyle Moderate Portfolio	1,192,513	795,741
	$ 4,376,321	$ 4,301,471

4 Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

	2012	2011
Investments, At Fair Value		
Insurance Company, Guaranteed Interest	$ 287,227	$ 269,952
Pooled Separate Accounts	$ 9,561,888	$ 8,250,433
Investment Income (Loss)	$ 1,074,216	$ (212,930)

5 Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its matching and profit sharing contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6 Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC), and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service (IRS). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

7 Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

8 Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by the Trustee of the Plan, John Hancock Insurance Company. These transactions qualify as party-in-interest transactions.

Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

Other administrative expenses, consisting of fees charged for certain transactions, reported in the accompanying financial statements totaled $3,993 and $3,653 for the Plan years ended December 31, 2012 and 2011, respectively.

9 Fair Value Measurements

FASB ASC 820-10-50, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements). The three levels of the fair value hierarchy under FASB ASC 820-10-50 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include -
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

9 Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued at Net Asset Value (NAV) of shares held by the Plan at year end. Underlying assets are primarily investments in quoted prices, but the NAV of pooled separate accounts are not publicly quoted.

Guaranteed Interest Accounts: Valued at fair value based on the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments would result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011, respectively:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Cash	$ 2,018	$ -	$ -	$ 2,018

10 Investment Contract with Insurance Company

The Plan has benefit-responsive investment contract (the contract) with John Hancock Insurance Company (John Hancock). John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the Statements of Net Assets Available for Benefits at estimated fair value as provided by John Hancock. The adjustment from fair value to contract value for the investment contract is based on the contract value as provided by John Hancock. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Information on the fully-benefit response investment contracts held by the Plan was as follows:

	December 31st 2012	2011
Fair Value	$ 287,227	$ 269,592
Average Yield	0.10%	0.67%
Crediting Interest Rate	0.05%	0.05%

The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

10 Investment Contract with Insurance Company (Continued)

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with John Hancock. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

11 Subsequent Events

Subsequent events have been evaluated through October 1, 2013, the date the financial statements were available to be issued.
