INDEPENDENT AUDITORS' REPORT

September 30, 2013

Board of Trustees
Radiology Associates of Central Florida, P.L.
401(K) Plan and Trust
Leesburg, Florida

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Radiology Associates of Central Florida, P.L. 401(K) Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not

perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i -- Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Board of Trustees
Radiology Associates of Central Florida, P.L.
401(K) Plan and Trust
Leesburg, Florida

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Radiology Associates of Central Florida, P.L. 401(K) Plan and Trust as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered Radiology Associates of Central Florida, P.L. 401(K) Plan and Trust's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in Radiology Associates of Central Florida, P.L. 401(K) Plan and Trust's internal control to be a significant deficiency.

- **Establish Control over the Financial Reporting Process.** Management is responsible for establishing and maintaining internal controls and for the fair presentation in the financial statements of net assets available for benefits and changes in net assets available for benefits, including the notes to the financial statements, in conformity with U.S. generally accepted accounting principles.

At times, management may choose to outsource certain accounting functions due to cost or training considerations. Such accounting functions and service providers must be governed by the control policies and procedures of the Plan. Management is as responsible for outsourced functions performed by a service provider as it would be if your personnel performed such functions. Specifically, management is responsible for management decisions and functions; for designating an individual with suitable skill, knowledge, or experience to oversee any outsourced services; and for evaluating the adequacy and results of those services and accepting responsibility for them.

As part of the audit, management requested us to prepare a draft of your financial statements, including the related notes to financial statements. Management reviewed, approved and accepted responsibility for those financial statements prior to issuance; however, management did not perform a detailed review of the financial statements. The absence of this control procedure is considered a significant deficiency because the potential exists that a more than inconsequential but less than material misstatement of the financial statements could occur and not be prevented or detected by the Plan's internal control.

The existence of significant deficiencies or material weaknesses may already be known to management and may represent a conscious decision by management or those charged with governance to accept that degree of risk because of cost or other considerations. Management is responsible for making decisions concerning costs and the related benefits. We are responsible to communicate significant deficiencies and material weaknesses in accordance with professional standards regardless of management's decisions.

This communication is intended solely for the information and use of plan management, Board of Trustees, and others within the plan, the Department of Labor, and Internal Revenue Service and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 1 DESCRIPTION OF PLAN

The following description of Radiology Associates of Central Florida, P.L. (Company) 401(K) Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A) General - The Plan is a defined contribution plan covering all employees of the Company who have completed one year of service and 1,000 hours of service and attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established October 1, 1982.

B) Contributions - Each year, participants may contribute up to 90% of pretax annual compensation, subject to annual limits, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds as investment options for participants. The plan also permits participants to establish a Personal Portfolio Account in order to invest in securities other than the selected investment options. Safe Harbor contributions of 3% of the participants' base compensation are contributed by the Company. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. The Company may also elect to make matching contributions equal to 100% of each eligible participant's elective deferral which does not exceed 2% of compensation.

C) Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

D) Vesting - Participants are immediately vested in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

E) Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account, or payments in monthly, quarterly, or annual installments over a period not exceeding the life expectancy of the participant and their beneficiary. Upon attainment of normal retirement age, participants who continue employment with the Company may elect to receive all or any portion of his or her vested account balance.

F) Forfeitures - Forfeited balances of terminated participants' nonvested accounts are used to first reduce plan expenses. Any remaining forfeitures will be used to reduce future Company contributions. At December 31, 2012 and 2011 forfeitures available to be applied were $6,253 and $18,183, respectively. In 2012, employer contributions were reduced by $17,097 from forfeited nonvested accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the payment date. Dividends are processed on the evening of the execution date, however dividends are paid after and appear with a drop date on the next business day. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Date of Management's Review

Subsequent events were evaluated through September 30, 2013, which is the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels; Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are passed on the closing price reported on the active market where the individual securities are traded.

The following tables set forth the Plan's investments at fair value as of December 31, 2012 and 2011:

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2012		
Money market funds	$ 533,859	$ 533,859
Common stock	713,942	713,942
Mutual funds	11,677,974	11,677,974
Total	$ 12,925,775	$ 12,925,775
December 31, 2011		
Money market funds	$ 433,769	$ 433,769
Common stock	612,156	612,156
Mutual funds	9,333,704	9,333,704
Total	$ 10,379,629	$ 10,379,629

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2012 are reported in net appreciation (depreciation) in fair value of investments.

NOTE 4 INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2012, Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $12,925,775 at December 31, 2012, and related gains of $1,235,120 for the period then ended.

The following presents investments that represent 5% or more of the Plan's net assets.

	December 31, 2012	December 31, 2011	
Mutual funds:			
Vanguard Target Retirement 2010 Fund	$ 1,429,634	$ 1,228,893	
Vanguard Target Retirement 2020 Fund	3,072,979	3,100,264	
Vanguard Target Retirement 2030 Fund	3,436,159	2,838,119

Pimco Total Return A	831,849	463,619	*
TD Ameritrade SDB Account	713,942	612,156	

* For comparative purposes only. During the year, the investment identified did not represent 5% or more of the Plan's net assets held at December 31.

NOTE 4 INVESTMENTS (CONTINUED)

During the period ended December 31, 2012, the Plan's investments appreciated in value by $926,035 as follows:

Net appreciation in fair value of mutual funds	$	999,888
Net depreciation in fair value of common stock		(73,853)
Net appreciation in fair value of investments	$	926,035

NOTE 5 TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 10, 2012 applicable to plan amendment dated August 14, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7 RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by SunTrust Bank. SunTrust Bank is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services are included in net appreciation in fair value of investments.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
