CHRISTOPHER'S DODGE WORLD INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Christopher's Dodge World, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a qualified defined contribution plan covering all employees of the Company who have completed one month of service with the Company and are at least 18 years old. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Plan Administration - The Plan is administered by Christopher's Dodge World, Inc., the Plan sponsor. The Plan's Custodian, John Hancock (the "Custodian"), serves as Custodian and maintains the Plan's records.

C. Contributions - Each year, participants may contribute up to 100 percent of pretax annual compensation, not to exceed $17,000 for all employees under the age of 50 and $22,500 for all employees over the age of 50 for the year ended December 31, 2012, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for the participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may, at its sole discretion, make matching contributions of a percentage of the employees' contribution determined annually or it may make an additional discretionary contribution. In order to be eligible for discretionary employer contributions, employees must be age 18 and completed one year of service. For the years ended December 31, 2012 and 2011, the Company did not match employee contributions or make any discretionary contributions.

   At December 31, 2012 and 2011, payables of $7,218 and $770, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

CHRISTOPHER'S DODGE WORLD INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN - continued

D. Vesting - Participants are immediately vested in their contributions, plus actual earnings. Vesting on matching and discretionary contributions plus actual earnings is based on years of continuous service according to the following schedule:

Less than two years	0%
Two Years	20%
Three Years	40%
Four Years	60%
Five Years	80%
Six or more Years	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (65), retirement due to disability, or termination of the Plan.

E. Payment of Benefits - On retirement, death, or disability, a participant (or participant's beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, monthly income for life with no payments payable after death, monthly income for life with payments to a beneficiary after death until the vested amount is paid, monthly income for life with a percentage of monthly income to continue for a lifetime of a survivor or a monthly income paid for fixed periods of time or a series of flexible payments in which the participants choose the amount received each year. Terminated participants that do not have more than $5,000 in their vested account will be paid in a single lump sum. If there is more than $5,000 in a terminated participant's vested account, they may choose to leave the account in the Plan or have all or part of their vested account paid to them by choosing one of the options of payment as if they retired. Participants may also choose to roll their vested account over to another qualified plan. In addition, hardship distributions are permitted if certain criteria are met.

F. Participant Accounts - Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and discretionary contributions, as well as the participant's share of the Plan's earnings and any related administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CHRISTOPHER'S DODGE WORLD INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN - continued-

Participants have the option of investing their account balances in guaranteed interest accounts or in various pooled separate investment accounts provided by John Hancock. Participants may change the investment allocation of their accounts on a daily basis.

G. Participant Loans - Participants may borrow a minimum of $1,000 and a maximum equal to 50% of their vested account balance not to exceed $50,000. Loan terms range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate of interest plus 2%, unless otherwise determined by the Plan administrator at the date of loan origination. Principal and interest are paid through regular payroll deductions. As of December 31, 2012 and 2011, the Plan had three outstanding loan balances which bear interest at 5.25% per annum. The Plan loans mature on various dates through July, 2015.

H. Forfeitures - When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account represents forfeiture, as defined by the Plan. Forfeitures may first be used to reduce employer contributions and then to pay administrative costs of the Plan. For the year ended December 31, 2012, there were no such forfeitures as the Company has not made matching contributions or any discretionary contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review
Subsequent events were evaluated through September 25, 2013, which is the date the financial statements were available to be issued.

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CHRISTOPHER'S DODGE WORLD INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- continued-

Investment Valuation and Income Recognition
The Plan's investments are stated at fair market value. Plan investments in pooled separate investment accounts are valued on a per unit fair value basis as determined by the Plan Custodian. Investments in guaranteed interest accounts under the group annuity contract are valued at contract value which approximates fair value. Participant loans are valued at the principal amount, which approximates fair value.

Administrative Expenses
Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan provides for various investments, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3: INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with John Hancock. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by John Hancock, which approximates fair value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

CHRISTOPHER'S DODGE WORLD INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 3: INVESTMENT CONTRACTS WITH INSURANCE COMPANY -continued-

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates ranges from 4.1% to .2% for 2012 and 2011. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis or resetting.

NOTE 4: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock. John Hancock is the Custodian as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services and commissions amount to $4,859 for the year ended December 31, 2012.

NOTE 5: INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets for 2012 and 2011:

Investments at Fair Value as Determined by Quoted Market Price	December 31, 2012	2011
JHLC 2025	$91,158	$79,868
JH Lifestyle Fund-Growth Portfolio	103,522	89,765
Money	46,659	
Heritage	34,603	
JH Oppenheimer Developing Markets Fund	79,495	65,248

During 2012, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $86,321.

CHRISTOPHER'S DODGE WORLD INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7: TAX STATUS

The Plan did not obtain a Plan specific determination letter as it operates with the determination letter which was issued on the prototype Plan document obtained September 18, 2001. The Internal Revenue Service stated that the trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The trust has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan has been designed and is currently operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements. The Plan's tax filing is subject to audit by various taxing authorities. The Plan's open audit years are 2009 to 2012.

In order to maintain compliance with the Internal Revenue Code, the Custodian performs tests of the Plan's actual contributions each year. For the Plan year ended December 31, 2012, the Plan passed the anti-discrimination test.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to Schedule H of Form 5500:

	December 31, 2012	December 31, 2011
Net assets available for benefits per financial statements	$667,647	$ 718,833
Add: excess contributions refundable to participants	7,218	770
	$674,865	$ 719,603

CHRISTOPHER'S DODGE WORLD INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 -continued-

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2012 to Schedule H of Form 5500:

	December 31, 2012
Net decrease in net assets available for benefits per financial statements	$(51,186)
Less: net change in adjustment for excess contributions refunded	6,448
Net decrease in assets available for benefits per Form 5500	$(44,738)

Reconciling amounts are due to the accrual of participant contributions paid to the Plan in the prior year and the accrual of excess contributions refundable to participants subsequent to year-end.

NOTE 9: INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	December 31, 2012	2011
Investments, at Fair Value:		
Pooled Separate Accounts	$663,375	$707,209

	December 31, 2012

Interest-Participant loans	258
Net appreciation in fair value of investments	86,321
Investment Expenses	(4,859)

CHRISTOPHER'S DODGE WORLD INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 9: INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN -continued-

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statement and supplemental schedule.

NOTE 10: FAIR VALUE MEASUREMENT

Accounting standards establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under accounting standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CHRISTOPHER'S DODGE WORLD INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 10: FAIR VALUE MEASUREMENT -continued-

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. The Plan adopted these accounting standards as of January 1, 2008.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ('NAV") of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 3).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and December 31, 2011:

Assets Fair Value as of December 31, 2012

	Level 1	Level 2	Level 3	Total
