INDEPENDENT AUDITORS' REPORT

We were engaged to audit the financial statements and supplemental schedule of the **CLEAR PACK COMPANY 401(k) RETIREMENT PLAN** as of December 31, 2009 and 2008, and for the year ended December 31, 2009 as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the 2009 and 2008 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate to the best of their knowledge.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CLEAR PACK COMPANY
401 (k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF PLAN

The following description of the **CLEAR PACK COMPANY** ("Company") **401(k) RETIREMENT PLAN** ("Plan") provides only general information. More complete information regarding the Plan's provisions may be found in the plan document.

Sponsor/ General - On December 28, 2006, all of the outstanding stock of Clear Pack Company (the sponsor) was sold to Sonoco and changed the name of the sponsor to Sonoco Clear Pack.

The Plan is a defined contribution plan under the provision of Section 401(a) of the Internal Revenue Code (the "Code"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prior to April 1, 2007, the Plan covered all full-time employees of the Company who are age twenty-one or older and completed one year of service. Effective April 1, 2007, the plan was only available to union employees. All nonunion employees were eligible for the Sonoco Savings Plan. Effective January 1, 2009, pursuant to a new union contract, all union employees are eligible for the Sonoco Savings Plan.

Effective January 1, 2009, new participation and all contributions to the Plan have been frozen. Investment activity within the Plan will continue.

Contributions - Prior to January 1, 2009, participants could contribute up to 25% of pretax annual compensation, as defined in the Plan. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additional amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, and 100% vested in the Company's matching contributions after one year of service or 1,000 hours worked.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in any of twenty investment options. Participants may change their investment options daily.

401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed life expectancy of participant and beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - In the event of termination of employment before full vesting has occurred, the nonvested portion of the employer contribution shall be used to pay any Plan administrative expenses that exist. Any remaining forfeitures will be used to reduce the employer's matching contribution for the plan year following the plan year in which such forfeitures occur. At December 31, 2009 and 2008, there were forfeitures of \$0 and \$75, respectively.

Participant Loans - The Plan does not permit loans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are maintained on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the plan at year-end.

Generally accepted accounting principles require the statement of net assets available for plan benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The investments in the fully benefit-responsive investment contract/mutual funds is stated at contract value (which approximates fair value) which is equal to principal balance plus accrued interest, as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan is invested in the Key Guaranteed Portfolio Fund, a general account product which is managed by the Great-West Life & Annuity Insurance Company. This fund had an average yield of 3.34% and 3.16% (annualized) for 2009 and 2008, respectively. The crediting interest rate is reset quarterly. Issuers may impose a contract penalty on withdrawals or exchanges from the fund caused by an extraordinary corporate event (layoff, sale of a line of business, etc.). No events are expected which would result in contract penalties.

2 . SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The breakdown required by generally accepted accounting principles of investment income between appreciation (depreciation) of investments and dividends and interest was not readily available. Accordingly, the difference between the aggregate fair values of investments as of the end of the year and their carrying values (fair values at the beginning of the year for investments then owned, or purchase cost for acquisitions during the current period), net gains (losses) on sale of investments during the period, dividends received and interest received is reflected as "dividends, interest income and net appreciation in fair value of investments."

Subsequent Events - The Plan has evaluated subsequent events through August 19 , 2010, and there were no additional items identified that would impact the financial statements for the year ended December 31, 2009.

3 . PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4 . TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 4, 1990, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities/mutual funds. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially effect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. INVESTMENTS

The following presents investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets:

7. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	<u>2009</u>	<u>2008</u>
Investments, at fair value:		
Mutual funds	<u>\$ 3,009,354</u>	<u>\$ 2,592,364</u>
Investment activity:		
Dividends, interest and net appreciation in fair value of investments	<u>\$ 475,248</u>	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

8. FAIR VALUE MEASUREMENTS

The Plan follows generally accepted accounting principles related to fair value measurement. Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

These principles also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial Instruments' categorization within the fair value hierarchy is based upon the lowest of input that is significant to the fair value measurement. There are three levels of inputs that may be used to measure fair value:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities ; or
- Level 3: observable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

	<u>\$ 2,122,504</u>	<u>\$ -</u>	<u>\$ 469,860</u>	<u>\$ 2,592,364</u>

The Plan's valuation methodology used to measure the fair values of mutual funds were derived from quoted market prices as all of these instruments have active markets. The fair value of the guaranteed investment fund is calculated based on contract value as well as other observable inputs based on the general assets/portfolio of the sponsor.

The table below is a summary of changes in the fair value of the Plan's Level 3 assets, which consisted of the Guaranteed Investment Fund for the year ended December 31, 2009:

Balance as of January 1, 2009	\$ 469,860
Issuances, repayments and settlements, net	67,216
Balance as of December 31, 2009	<u>\$ 537,076</u>
