Note A - Description of Plan

The following description of the HI57, LLC ("Company") 401K Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

1. General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Each year, participants may contribute up to 15 percent of pretax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit of contribution plans. The Company contributes 50 percent of the first 6 percent of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's board of directors.

3. Participant Accounts

Each participant's account is credited with allocations of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

5. Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by a percentage of their vested account balance equal to the amount borrowed by their vested account balance. Interest on loans from this Plan will be equal to the prime rate (as printed in the Wall Street Journal) at the time they take their loan plus 1%.

6. Payment of Benefits

On termination of service due to death, disability or retirement, a participant or his beneficiary is entitled to receive 100 percent of his or her account. There are several methods of receiving payment under the plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account at any point in time.

Note B - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value except for its investment contract with an insurance company which is valued at contract value (Note D). If available, quoted market prices are used to value investments. Participant notes receivable are valued at cost which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Note C - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants will become 100 percent vested in their accounts, and their accounts will then either be distributed or held in a frozen trust until they would otherwise be entitled to receive a distribution under the terms of the Plan. However, this Plan's benefits are not insured by the Pension Benefit Guaranty Corporation (PBGC) because the insurance provisions of ERISA do not apply to this particular Plan, upon termination.
