INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Advisory Committee of the
Andrus/Huntington Group Inc. c/o Huntington Service Corp
Bozeman, Montana

Report on the Financial Statements

We were engaged to audit the financial statements of Andrus/Huntington Group Inc. c/o Huntington Service Corp, (the Plan), which comprises the Statement of Net Assets Available for Benefits as of December 31, 2012 and the related Statement of Changes in Net Assets Available for Benefits for the year then ended and the notes to the financial statements. These financial statements and schedule are the responsibility of the Plan's management.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of Plan investments, except for comparing the information and the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the investment custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the investment custodian as of and for the year ended December 31, 2012 that the information provided to the plan administrator by the investment custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter - 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of Plan investments. Their report, dated September 26, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ANDRUS/HUNTINGTON GROUP INC. 401(K) PROFIT SHARING PLAN
C/O HUNTINGTON SERVICE CORP, PLAN 001
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

1. DESCRIPTION OF PLAN

The following description of the Andrus/Huntington Group Inc. 401(K) Plan, Plan 001 provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a voluntary defined contribution plan qualifying under Section 401(K) of the Internal Revenue Code of 1986. It covers substantially all U.S. employees of the company. Employees may enter the Plan upon completion of six months of service and attainment of age 21. Entry dates are the first day of each month following the date the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended November 22, 2011 to change the definition of compensation to exclude bonus pay.

Contributions:

Each calendar year, participants may contribute elective deferrals up to the lesser of $17,000 in 2012 and $16,500 in 2011 not to exceed 60% of their pretax annual compensation, as defined in the Plan. There is an opportunity for a catch-up contribution in the amount of $5,500 for participants 50 and older for 2012 and 2011. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds. At its discretion, the Company may make matching contributions. In addition, nonelective contributions integrated with social security may be made. Participants are eligible for matching contributions and nonelective contributions as long as they have completed a year of service, defined as 1,000 hours, and are employed on the last day of the plan year.

Participant Accounts:

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings. Investment income (loss) is allocated to each participant's account according to the number of units held. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants:

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested interest in their account balance, whichever is less. The loans are secured by the balance in the participants' accounts and bear interest at a rate of 5.5% which is commensurate with the local prevailing rates as determined by the Plan administrator. Plan loans must be repaid by a salary deduction in equal payments each pay period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

1. DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are immediately 100% vested in their elective deferrals, plus actual earnings thereon. Vesting in the Company's contribution plus actual earnings thereon is based on years of service. An employee is credited with a year of service upon each anniversary date following date of hire. Employees who die or are disabled are 100% vested. A participant is 100% vested after six years of credited service. The vesting schedule is determined as follows:

Years Of Service	Vesting Percentage
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Payment of Benefits and Disposition of Forfeitures:

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of the participant's account, may transfer the vested value of their account to another retirement investment vehicle, or may choose to leave vested benefits exceeding $5,000 in the Plan until the later of April 1 of the year succeeding the year in which age 70-1/2 is attained or termination of employment. Premature payments may also be obtained, subject to the limitations imposed by the Internal Revenue Code. Terminated participants with vested account balances less than $1,000 will have their account balance distributed as soon as administratively feasible. Terminated participants with account balances greater than $1,000, but less than $5,000 will have their account rolled into an IRA. Account balances forfeited under the vesting schedule are used to pay Plan administrative expenses or to reduce the employer contribution in the subsequent Plan year. For the Plan years ended December 31, 2012 and 2011, forfeitures were used to pay Plan expenses of $12,525 and $3,248, respectively. For the Plan years ended December 31, 2012 and 2011, forfeitures were used to reduce the Plan match contribution by $13,500 and $0, respectively.

Hardship Distributions:

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions are set forth in the Plan document. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

Investment Options:

Upon enrollment in the Plan, a participant may direct both their employee and employer contributions, in any of the investment options offered by the Plan. Participants may change their investment options at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on an accrual basis and present the net assets available for benefits and changes in those assets.

Estimates:

The preparation of the financial statements in conformity with generally accepted accounting principles of the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants:

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held in individual separate accounts. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Notes receivable from participants are valued at cost, which approximates fair value.

Payments of Benefits:

Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. All investment information disclosed in the accompanying financial statements and schedule including investments held at December 31, 2012 and 2011, and net appreciation (depreciation) in fair value of investments, interest, dividends, gain on sales of assets, investment expenses and administrative fees for the years ended December 31, 2012 and 2011 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the independent public accountants, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule:

	2012	2011
Market value of investment assets	$ 1,766,484	$ 1,524,108
Plan investment income (loss)	$ 169,207	$ (31,137)

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Level 2 or Level 3 inputs.

Level 1 - observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Mutual Fund: Valued at the net asset value of shares held by the plan at year end.

Assets and liabilities itemized below were measured at fair value during the year ended using the market approach for Level 1. There have been no changes in the methodologies used at December 31, 2012.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value and security type as of December 31, 2012 and 2011:

5. INVESTMENTS

All of the Plan's investments in mutual funds were held by Fidelity Management Trust Company as of December 31, 2012 and 2011. The investments are self-directed by plan participants. As of December 31, 2012 and 2011, the participants had a choice of various mutual funds. The following table presents the fair value of investments as determined by quoted market prices at December 31, 2012 and 2011 that represent 5% or more of the Plan's net assets available for benefits:

Total mutual fund investments	$ 1,766,484	Total mutual fund investments	$ 1,524,018

During the Plan years ended December 31, 2012 and December 31, 2011, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) by $134,546 and $(63,935), respectively.

6. TAX STATUS

The Plan has adopted a volume submitter plan document sponsored by Fidelity and as such, may rely on the Internal Revenue Service advisory letter as evidence that the Plan is qualified under §401 of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The plan administrator and the plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. However, Plan management has become aware of an operational error and is taking steps to correct the error. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken or expected to be taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no such tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities. The Plan's federal tax returns generally remain open for the last three years.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, partially terminated, or if there is a complete discontinuance of contributions by the employer, all amounts credited to the accounts of participants shall vest and become non-forfeitable.

8. ADMINISTRATIVE EXPENSES

The Plan sponsor pays for some of the administrative expenses for operating the Plan. Generally, those expenses include the cost of audit and some administration fees. The Plan permits the payment of plan-related expenses to be made from plan assets. These expenses will be allocated proportionately based on the value of the account balances or as an equal dollar amount based on the number of plan participants. The Plan permits the payment of expenses which are incurred by or attributable to a particular individual based on the use of a particular plan feature to be assessed against an individual participant's account. Examples of these are loan fees, expenses related to qualified domestic relations orders (QDROs) and hardship distributions.

9. PARTY IN INTEREST TRANSACTIONS

Fidelity Management Trust Company acts as trustee and custodian of the Plan. Additionally, certain mutual funds offered as investment options under the Plan are managed by Fidelity Management Trust Company. The Fidelity Management Trust Company provides certain accounting, administrative and investment management services to the Plan for which $7,450 and $3,719 fees were charged for the year ending December 31, 2012 and 2011, respectively. In addition, $6,100 is accrued to the Plan as an expense for the 2012 audit fee. These transactions are exempt party-in-interest transactions.

10. FINANCIAL STATEMENTS AND FORM 5500 DIFFERENCES

The following summarizes differences between the financial statements and Form 5500:

Deductions - Form 5500	$ 183,817	$ 123,914

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

12. NET ASSETS ATTRIBUTABLE TO TERMINATED PARTICIPANTS

As of December 31, 2012 and 2011, the Plan holds vested allocations of participants' accounts who are no longer employed by the Plan sponsor. These amounts are $124,228 and $260,307, respectively.

13. SUBSEQUENT EVENTS

Date of Management Evaluation

Management has evaluated subsequent events through October 4, 2013, the date on which the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Advisory Committee of the
Andrus/Huntington Group Inc. c/o Huntington Service Corp
Bozeman, Montana

Report on the Financial Statements

We were engaged to audit the financial statements of Andrus/Huntington Group Inc. c/o Huntington Service Corp, (the Plan), which comprises the Statement of Net Assets Available for Benefits as of December 31, 2012 and the related Statement of Changes in Net Assets Available for Benefits for the year then ended and the notes to the financial statements. These financial statements and schedule are the responsibility of the Plan's management.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of Plan investments, except for comparing the information and the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the investment custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the investment custodian as of and for the year ended December 31, 2012 that the information provided to the plan administrator by the investment custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter - 2011 Financial Statements

The financial statements of the Plan as of December 31, 2011, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of Plan investments. Their report, dated September 26, 2012, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ANDRUS/HUNTINGTON GROUP INC. 401(K) PROFIT SHARING PLAN
C/O HUNTINGTON SERVICE CORP, PLAN 001
NOTES TO FINANCIAL STATEMENTS
December 31, 2012 and 2011

1. DESCRIPTION OF PLAN

The following description of the Andrus/Huntington Group Inc. 401(K) Plan, Plan 001 provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a voluntary defined contribution plan qualifying under Section 401(K) of the Internal Revenue Code of 1986. It covers substantially all U.S. employees of the company. Employees may enter the Plan upon completion of six months of service and attainment of age 21. Entry dates are the first day of each month following the date the employee meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended November 22, 2011 to change the definition of compensation to exclude bonus pay.

Contributions:

Each calendar year, participants may contribute elective deferrals up to the lesser of $17,000 in 2012 and $16,500 in 2011 not to exceed 60% of their pretax annual compensation, as defined in the Plan. There is an opportunity for a catch-up contribution in the amount of $5,500 for participants 50 and older for 2012 and 2011. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds. At its discretion, the Company may make matching contributions. In addition, nonelective contributions integrated with social security may be made. Participants are eligible for matching contributions and nonelective contributions as long as they have completed a year of service, defined as 1,000 hours, and are employed on the last day of the plan year.

Participant Accounts:

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of Plan earnings. Investment income (loss) is allocated to each participant's account according to the number of units held. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants:

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested interest in their account balance, whichever is less. The loans are secured by the balance in the participants' accounts and bear interest at a rate of 5.5% which is commensurate with the local prevailing rates as determined by the Plan administrator. Plan loans must be repaid by a salary deduction in equal payments each pay period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

1. DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are immediately 100% vested in their elective deferrals, plus actual earnings thereon. Vesting in the Company's contribution plus actual earnings thereon is based on years of service. An employee is credited with a year of service upon each anniversary date following date of hire. Employees who die or are disabled are 100% vested. A participant is 100% vested after six years of credited service. The vesting schedule is determined as follows:

Years Of Service	Vesting Percentage
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Payment of Benefits and Disposition of Forfeitures:

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of the participant's account, may transfer the vested value of their account to another retirement investment vehicle, or may choose to leave vested benefits exceeding $5,000 in the Plan until the later of April 1 of the year succeeding the year in which age 70-1/2 is attained or termination of employment. Premature payments may also be obtained, subject to the limitations imposed by the Internal Revenue Code. Terminated participants with vested account balances less than $1,000 will have their account balance distributed as soon as administratively feasible. Terminated participants with account balances greater than $1,000, but less than $5,000 will have their account rolled into an IRA. Account balances forfeited under the vesting schedule are used to pay Plan administrative expenses or to reduce the employer contribution in the subsequent Plan year. For the Plan years ended December 31, 2012 and 2011, forfeitures were used to pay Plan expenses of $12,525 and $3,248, respectively. For the Plan years ended December 31, 2012 and 2011, forfeitures were used to reduce the Plan match contribution by $13,500 and $0, respectively.

Hardship Distributions:

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions are set forth in the Plan document. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

Investment Options:

Upon enrollment in the Plan, a participant may direct both their employee and employer contributions, in any of the investment options offered by the Plan. Participants may change their investment options at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on an accrual basis and present the net assets available for benefits and changes in those assets.

Estimates:

The preparation of the financial statements in conformity with generally accepted accounting principles of the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants:

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held in individual separate accounts. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Notes receivable from participants are valued at cost, which approximates fair value.

Payments of Benefits:

Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. All investment information disclosed in the accompanying financial statements and schedule including investments held at December 31, 2012 and 2011, and net appreciation (depreciation) in fair value of investments, interest, dividends, gain on sales of assets, investment expenses and administrative fees for the years ended December 31, 2012 and 2011 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the independent public accountants, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule:

	2012	2011
Market value of investment assets	$ 1,766,484	$ 1,524,108
Plan investment income (loss)	$ 169,207	$ (31,137)

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Level 2 or Level 3 inputs.

Level 1 - observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

Mutual Fund: Valued at the net asset value of shares held by the plan at year end.

Assets and liabilities itemized below were measured at fair value during the year ended using the market approach for Level 1. There have been no changes in the methodologies used at December 31, 2012.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value and security type as of December 31, 2012 and 2011:

Fair Value Measurement Using: Quoted Price in Active Markets for Identical Assets Level 1	**December 31, 2012**	**December 31, 2011**

Short Term	372,480	393,199
Total investments at fair value	$ 1,766,484	$ 1,524,108

5. INVESTMENTS

All of the Plan's investments in mutual funds were held by Fidelity Management Trust Company as of December 31, 2012 and 2011. The investments are self-directed by plan participants. As of December 31, 2012 and 2011, the participants had a choice of various mutual funds. The following table presents the fair value of investments as determined by quoted market prices at December 31, 2012 and 2011 that represent 5% or more of the Plan's net assets available for benefits:

Description	2012	Description	2011
FID Blue Chip	$ 127,861	FID Contrafund	$ 109,901
FID Dividend Growth	101,574	FID Dividend Growth	87,453
FID Freedom 2020	319,490	FID Freedom 2020	259,062
FID Freedom 2030	254,537	FID Freedom 2030	199,929

Other mutual fund investments	590,542	Other mutual fund investments	474,474
Total mutual fund investments	$ 1,766,484	Total mutual fund investments	$ 1,524,018

During the Plan years ended December 31, 2012 and December 31, 2011, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) by $134,546 and $(63,935), respectively.

6. TAX STATUS

The Plan has adopted a volume submitter plan document sponsored by Fidelity and as such, may rely on the Internal Revenue Service advisory letter as evidence that the Plan is qualified under §401 of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The plan administrator and the plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. However, Plan management has become aware of an operational error and is taking steps to correct the error. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken or expected to be taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no such tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities. The Plan's federal tax returns generally remain open for the last three years.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, partially terminated, or if there is a complete discontinuance of contributions by the employer, all amounts credited to the accounts of participants shall vest and become non-forfeitable.

8. ADMINISTRATIVE EXPENSES

The Plan sponsor pays for some of the administrative expenses for operating the Plan. Generally, those expenses include the cost of audit and some administration fees. The Plan permits the payment of plan-related expenses to be made from plan assets. These expenses will be allocated proportionately based on the value of the account balances or as an equal dollar amount based on the number of plan participants. The Plan permits the payment of expenses which are incurred by or attributable to a particular individual based on the use of a particular plan feature to be assessed against an individual participant's account. Examples of these are loan fees, expenses related to qualified domestic relations orders (QDROs) and hardship distributions.

9. PARTY IN INTEREST TRANSACTIONS

Fidelity Management Trust Company acts as trustee and custodian of the Plan. Additionally, certain mutual funds offered as investment options under the Plan are managed by Fidelity Management Trust Company. The Fidelity Management Trust Company provides certain accounting, administrative and investment management services to the Plan for which $7,450 and $3,719 fees were charged for the year ending December 31, 2012 and 2011, respectively. In addition, $6,100 is accrued to the Plan as an expense for the 2012 audit fee. These transactions are exempt party-in-interest transactions.

10. FINANCIAL STATEMENTS AND FORM 5500 DIFFERENCES

The following summarizes differences between the financial statements and Form 5500:

	2012	2011

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

12. NET ASSETS ATTRIBUTABLE TO TERMINATED PARTICIPANTS

As of December 31, 2012 and 2011, the Plan holds vested allocations of participants' accounts who are no longer employed by the Plan sponsor. These amounts are $124,228 and $260,307, respectively.

13. SUBSEQUENT EVENTS
