NOTE 1. PLAN DESCRIPTION

The following description of the Johanson Dielectrics, Inc. Employees Profit Sharing Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees who are 21 years of age and have been employed for 90 days by Johanson Dielectrics, Inc. (the "Company" and the "Plan Sponsor") and adopting employers. To be eligible for Company contributions, participants must have also completed one year of service with at least 1,000 hours of service during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is responsible for administering the Plan. Bank of America, N.A. (the "Trustee" is responsible for receiving Plan contributions from the Company, investing and safeguarding the Plan's assets held for investment, as well as maintaining the individual participant account balances.

Contributions

Each year, subject to Plan and Internal Revenue Code ("IRC") provisions, participants may contribute up to 100 percent of pretax annual compensation. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

The Plan provides for safe harbor matching contributions equal to 100 percent of deferrals up to three percent of eligible compensation plus 50 percent of deferrals up to the next two percent of eligible compensation for each eligible participant in accordance with the safe harbor provisions of the IRC. The Company made safe harbor matching contributions of $183,182 to the Plan for the year ended December 31, 2012. The Plan also provides for discretionary profit sharing contributions of which none were made for the year ended December 31, 2012. Participants must also be employed on the last day of the Plan year to be eligible for Company profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (Continued)

Vesting

Participants are fully vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. A participant is 100 percent vested in the Company's discretionary profit sharing contributions after six years of credited service. However, if an active participant becomes totally and permanently disabled or dies prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

Forfeitures

Forfeitures of the Company's discretionary profit sharing contributions may be used to pay for Plan administrative expenses or to reduce future Company contributions. During the year ended December 31, 2012 no forfeitures were used. As of December 31, 2012, forfeitures of $83,809 were available for future use.

Payment of Benefits

On termination of service for any reason, a participant or their beneficiaries, as applicable, may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, in accordance with the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by the Trustee.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value. Accounting principles generally accepted in the United States of America require that the amount representing the difference between fair value and contract value of fully benefit-responsive investment contracts be presented on the face of the statements of net assets available for plan benefits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Investments are valued daily. Interest income is recorded on an accrual basis. Dividend income is included in net appreciation of investments.

Benefits Payable to Participants

Benefits are recorded when paid.

Concentration of Risk

The Plan has exposure to risk to the extent that its investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Through participant direction the Wells Fargo Collective Stable Return Fund represents approximately 42 percent of the Plan's net assets as of December 31, 2012.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

Participant Loans

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 8.50 percent. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees, which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

Level 1: Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Common Collective Trust – The Wells Fargo Collective Stable Return Fund held in a common collective trust ("CCT") invests primarily in Guaranteed Investment Contracts ("GICs"), and other investment products such as security backed investment contracts. The fair value of GICs is generally determined by discounting the scheduled future payments required under the contract using an interpolated market rate for contracts with maturities comparable to the average remaining life of the contract being valued. The CCT and its investments are not actively traded in the open market and, therefore, classified as Level 2 within the valuation hierarchy.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

The primary objective of the CCT is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile for benefit responsive payments. The CCT does not have any unfunded commitments relating to its investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 3. FEDERAL INCOME TAX STATUS

The Company adopted a prototype plan, which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 4. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and participant loans as shown in the accompanying statements of net assets available for plan benefits of $6,694,476 and $352,924, respectively, less the adjustment from fair value to contract value of $76,120 as of December 31, 2012 and $8,740,920 and $265,952, respectively, less the adjustment from fair value to contract value of $84,441 as of December 31, 2011.

b. Net appreciation in fair value of investments of $713,737 and interest income on participant loans of $14,663 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2012.

c. Total assets as of December 31, 2012 as shown in the accompanying Schedule of Assets (Held at End of Year).

NOTE 5. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they may choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Investments are managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. The recordkeeping services were performed by Merrill Lynch, Pierce, Fenner, and Smith, Inc. ("Merrill Lynch"), therefore, Merrill Lynch qualifies as party-in-interest transactions for which exemptions exist. Bank of America, N.A. and Merrill Lynch received $3,220 for administration and recordkeeping fees, of which all was paid by the participants through the Plan.

NOTE 7. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31:

	2012	2011
Net assets available for plan benefits per the financial statements	$ 6,988,259	$ 8,948,514

NOTE 8. DELINQUENT PARTICIPANT CONTRIBUTIONS

Certain contributions were not remitted to the predecessor Trustee within the maximum period permitted under the Department of Labor's regulations. These late remittances are detailed in the attached Schedule of Delinquent Participant Contributions.

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events that have occurred through September 25, 2013, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
