Pulmonary Physicians of South Florida, LLC, Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying statements of Pulmonary Physicians of South Florida, LLC, Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PULMONARY PHYSICIANS OF SOUTH FLORIDA, LLC, PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

NOTE A - DESCRIPTION OF PLAN

The following description of the Pulmonary Physicians of South Florida, LLC, Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Pulmonary Physicians of South Florida, LLC (the "Company"). All employees of the Company become participants on the first day of the month following attainment of age eighteen and completion of one hour of service. To receive an allocation of matching contributions, nonelective contributions, or participant forfeitures, the participant must complete 1,000 hours of service and be employed by the Company on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

For 2012 and 2011, participants may contribute up to $17,000 and $16,500, respectively, of pretax annual compensation, as promulgated by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $5,500 for 2012 and 2011. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and one common/ collective trust. The Company matches 100% of employee deferral up to 3% of participant compensation plus 50% of the deferral up to the next 2% of participant compensation. The Company may also contribute an additional profit sharing amount based on the same ratio as participants' compensation for all participants in that class. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested 100% in all of their contributions. Vesting in the Company's contribution portion is based on years of continuous service as follows:

Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of the loan as determined by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits

On termination of service for any reason, including disability or retirement, a participant may elect, if the vested account balance exceeds $1,000, to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or remain in the Plan. If account balance is $1,000 or less, a participant will receive the value of his or her account as a lump-sum distribution.

Forfeitures

Forfeitures of the non-vested portion of participant accounts are used to reduce future Company contributions. There were no forfeited non-vested accounts at December 31, 2012 and 2011. During 2012 and 2011 employer contributions were reduced by $8,385 and $8,647, respectively, from forfeited non-vested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivables from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. There are no amounts allocated to withdrawing participants that have not been paid at December 31, 2012 and 2011.

Administration costs and other fees

The Company, which is a party-in-interest, is absorbing the costs of fiduciary bonding, financial statement audit fees, and fees charged by the Plan's trustee, but reserves the right to amend the Plan at any time, and allocate such fees to Plan participants. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. All other administrative costs are paid by the Plan.

Subsequent Events

The date to which events occurring after December 31, 2012, the date of the most recent statement of net assets available for benefits, has been evaluated for possible adjustments to the financial statements or disclosure is September 30, 2013 which is the date on which the statements were available to be issued.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all information pertaining to the investments and related income, information in the notes to the financial statements and information in the supplemental schedule was certified by the Plan's Trustee, Reliance Trust Company, as complete and accurate as of and for the years ended December 31, 2012 and 2011. This information was not subject to audit procedures except for comparing it to the related information included in the financial statements and supplemental schedule.

NOTE D - INVESTMENTS

The following presents the fair value of investments that represent 5% or more of the Plan's net assets at December 31,:

Investment	2012	2011
American Beacon Large Cap Value Fund	$ 585,235	$ 497,989
American Funds American Century Growth Fund	715,786	586,278
American Funds Europacific Growth Fund	784,186	616,330
American Funds New Perspective Fund*	515,293	389,917
Fidelity Spartan 500 Index Fund	616,002	479,720
Fidelity Spartan US Bond Index Advantage Fund*	508,339	359,914
PIMCO Total Return Fund	1,637,291	1,231,098

* Greater than 5% in 2012 only

The Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated (depreciated) in value during 2012 and 2011 as follows:

	2012	2011
Mutual funds	$ 689,193	($ 400,549)
Common/ collective trust	1,078	1,595
	$ 690,271	($ 398,954)

Common/ Collective Trust

The Plan invests in a stable value fund with Morley Financial Services ("Morley"), which is a benefit-responsive investment contract, held in a common collective trust fund. Contributions to this contract are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Morley is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the common collective trust is fully benefit-responsive, contract value accounting is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common/collective trust contract. The common/collective trust is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Morley, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE D - INVESTMENTS (Continued)

Common/ Collective Trust (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. As of December 31, 2012 and 2011, the contract value for this contract amounted to $101,792 and $90,044 and the fair value amounted to $103,746 and $92,291, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The common/collective trust does not permit the trustee to terminate the agreement prior to the scheduled maturity date.

The average yield for 2012 and 2011 based on actual earnings was 0.87% and 1.37% and interest credited to participants amounted to 1.42% and 2.13%, respectively.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections.

NOTE E - FAIR VALUE MEASUREMENT

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE E - FAIR VALUE MEASUREMENT (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/ collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

NOTE E - FAIR VALUE MEASUREMENT (Continued)

Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31:

	2012			
	Level 1	Level 2	Level 3	Total
Mutual funds	$9,072,642	$ -	$ -	$9,072,642
Common/ collective trust	-	103,746	-	103,746
	$9,072,642	$103,746	$ -	$9,176,388

	2011			
	Level 1	Level 2	Level 3	Total
Mutual funds	$6,911,507	$ -	$ -	$6,911,507
Common/ collective trust	-	92,291	-	92,291
	$6,911,507	$92,291	$ -	$7,003,798

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years ended December 31, 2012 and 2011, no reconciliation is required. Net assets available for benefits per the financial statements are in agreement with Schedule H of Form 5500.

NOTE H - TAX STATUS

The Plan obtained a determination letter on July 19, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan Sponsor believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE H - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes that as of December 31, 2012, the Plan is no longer subject to income tax examinations for years prior to 2009.
