REPORT OF INDEPENDENT AUDITORS

To the Participants and Administrator of
Zenith Administrators, Inc.
Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Zenith Administrators, Inc. Retirement Savings Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Statement of Assets Held for Investment Purposes at End of Year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ZENITH ADMINISTRATORS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements were prepared using the accrual basis of accounting.

Investments - Mutual funds are carried at quoted market value. The common/collective trust accounts are carried at estimated fair value as reported by the Trustee.

As described in Generally Accepted Accounting Principles for, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, the investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to full benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of this plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract basis.

During the year ended December 31, 2011, the Plan participated in a contract with Schwab via an investment in the Schwab Stable Value Fund. The Schwab Stable Value Fund was terminated April 30, 2012. This Fund was invested in alternative investment contracts and synthetic guaranteed investments contracts. The Plan's account was credited with earnings at a fixed interest rate on the underlying investments and was charged for plan withdrawals. Because the common collective trust is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common collective trust. Contract value, as reported to the Plan by Schwab, represents contributions made under the contract, plus earnings, less plan withdrawals, and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

The fair value of the Schwab Stable Value Fund investment contract at December 31, 2011 was $13,009,326. The average yield and crediting interest rates were 1.53% and 4.59%.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the insurer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination), (2) termination of the contract or breach of a provision of the contract by the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

The contract permits Schwab to terminate the contract with appropriate notice to the Plan. This termination would cause the contract to settle at an amount different from contract value.

Participant loans are carried at their unpaid balance which approximates fair value.

Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

Reclassification - Certain reclassifications have been made to the prior year amounts to conform to the presentation for the current year.

Subsequent events - Subsequent events have been evaluated through October 10, 2013, which is the date the financial statements were available to be issued. This review and evaluation revealed no new material event or transaction which would require an additional adjustment to or disclosure in the accompanying financial statements.

NOTE 2. DESCRIPTION OF THE PLAN

The Zenith Administrators, Inc. Retirement Savings Plan was established to reward eligible employees for long and loyal service by providing them with retirement benefits. The Plan is financed by contributions from the employer and the participants, and by the net earnings of the investments of the Plan. The Plan is a defined contribution plan effective April 1, 2005, covering all employees of the Company. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participants may elect to defer a portion of their compensation any time during the year. The total compensation deferral may not exceed the limitations prescribed by law. The Company contributes an amount equal to a percentage of the salary reduction that the participant elected to defer. Other Company contributions are made at the discretion of the Company.

Employees instruct the Company to invest their own contributions as well as Company contributions made on their behalf. The Plan currently offers a variety of mutual funds and common collective trusts.

Each participant's account is credited with the participant's contribution, the Company's contribution and earnings on directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 2. DESCRIPTION OF THE PLAN (CONTINUED)

Participants must evaluate their own investment goals and objectives and choose the funds best suited to achieve those goals and objectives. Poor investment performance by the funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants are immediately vested in their elective deferrals, voluntary after-tax contributions, rollover contributions, plus actual earnings thereon. The vested portion of a participant's account shall be a percentage of the total amount credited to the participant's account determined on the basis of the participant's number of years of service according to the following schedule:

Vesting Schedule	
Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Participants' accounts become fully vested upon normal retirement, permanent disability or death.

Participants may apply to the Administrator for a loan from the Plan under the following circumstances: (1) loans shall be made available to all participants and beneficiaries on a reasonably equivalent basis; (2) loans shall not be made available to highly compensated employees in an amount greater than the amount made available to other participants and beneficiaries; (3) loans shall bear a reasonable rate of interest; (4) loans shall be adequately secured; and (5) loans shall provide for periodic repayment over a reasonable period of time.

Loans made are limited to the lesser of:

1. $50,000 reduced by the excess (if any) of the highest outstanding balance of loans from the Plan to the participant during the one year period ending on the day before the date on which such loan is made, over the outstanding balance of loans from the Plan to the participant on the date on which such loan was made, or

2. One-half (1/2) of the present value of the non-forfeitable accrued benefit of the participant under the Plan.

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures will be used to pay for the Plan's administrative expenses and then, subsequently, reduce employer contributions. Accumulated forfeitures were $30,369 at December 31, 2012 and $36,111 at December 31, 2011. During the years ending December 31, 2012 and 2011, the Plan utilized $32,473 and $41,926, respectively, of forfeitures to offset administrative expenses.

Participants should refer to summary plan description for more complete information.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4. TAX STATUS

The Plan is a Volume Submitter Profit Sharing 401(k) Plan administered by Charles Schwab Trust Company. The Internal Revenue Service has determined and informed Charles Schwab Trust Company by a letter dated September 4, 2001, that the plan was designed in accordance with applicable sections of the Internal Revenue Code. The Company has not requested a determination from the Internal Revenue Service for this particular plan. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is no longer subject to tax examinations for years before 2009.

NOTE 5. INVESTMENTS

The following table represents the aggregate fair value for each of the Plan's investment categories, all of which are participant directed. Investments that represent 5% or more of the Plan's net assets are identified separately.

NOTE 6. FAIR VALUE MEASUREMENTS

Accounting standards provide a consistent definition of fair value using a fair value hierarchy based on observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions.

The following is a description of the inputs used in the valuation of the assets and liabilities.

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Quoted prices for similar assets or liabilities, or inputs that are observable, either directly or indirectly, for substantially the full term through corroboration with observable market data. Level 2 includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

Level 3 – Pricing inputs are unobservable for the asset or liability, that is, inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability.

Judgment may be required in interpreting market data used to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that could be realized in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value.

The following is a summary of the inputs used as of December 31, 2012 and 2011, in valuing investments carried at fair value.

	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
