Independent Auditor's Report

To the Participants and Administrator of
Moore Industries 401(K) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Moore Industries 401(K) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaim of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investments, investment transactions, and related income, which was certified by Nationwide Financial Services, Inc., the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes at end of year, which is the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MOORE INDUSTRIES 401(K) SAVINGS PLAN
Notes to Financial Statements

1. Description of the Plan

The following description of the Moore Industries 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsor of the Plan is Moore Industries - International, Inc.

General

Effective December 31, 1972, the Company established the Plan for eligible employees of the Company. The Company subsequently amended the Plan effective August 01, 2006. Employees of the Company are eligible to participate in the Plan on the first day of the month following the date the employee completes two full months of service.

The Plan is a defined contribution plan covering all full-time employees of the Company with the exception of any employee (1) who is covered by a collective bargaining agreement unless the bargaining agreement provides for coverage, or (2) who is a non-resident alien who does not receive any earned income. The Plan is subject to the provisions of the Employee retirement Income security Act of 1974 ("ERISA").

The Plan had entered into a service contract with Nationwide Financial Services, Inc. (the "Nationwide") that provides guaranteed fixed income accounts, registered investment companies accounts, and so on for participants of the Plan. Nationwide maintains the Plan's assets in these fund accounts, which are credited with actual earnings on the underlying investments and charged for Plan withdrawals.

The costs associated with the formation and administration of the Plan were borne by the sponsor. During 2012, $4,324 of investment expenses were paid by the plan.

Date of Management's Review

Subsequent events were evaluated through October 1, 2013, which is the date the financial statements were available to be issued.

Contributions

Participants may make voluntary contributions in the form of salary deferrals. The company may make an annual Safe Harbor Qualified Non-elective Contribution equal to 3% of participant's total compensation for the plan year not to exceed the Annual Compensation Limit set by the IRS each year.

1. Description of the Plan, continued

Participant Accounts

Each Participant's account is credited with the participant's and Company contributions and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Any forfeiture will be used in the following order to reduce future Company's matching contribution, plan administrative costs, and allocation to participants.

There was no forfeiture used during the year ended December 31, 2012.

Payment of Benefits

On termination of service, participants will receive lump-sum amounts equal to the value of their account, or in substantially equal installments.

2. Summary of Significant Accounting Policies

Method of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

Significant Risk and Uncertainty

The fair value of the Plan's assets is subject to change as a result of changes in market rates and prices. A significant change in market rates and prices can significantly reduce the net assets available for Plan benefits and concurrently participant balances. Plans that invest in foreign securities are subject to foreign exchange and political risks among other risks.

Contributions

Participant contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. Company contributions are recorded based upon the required Company matching levels as defined in the Plan agreement.

2. Summary of Significant Accounting Policies, continued

Valuation of Investments

The Plan's investment in the Guaranteed Fixed Income Fund is valued at contract value plus accrued interest, which approximates fair value. The Plan's investments in the registered investment companies accounts and general account are valued at fair value as reported to the Plan by Nationwide. Participant notes receivable are valued at cost, which approximates fair value. The Plan presents, in the statement of change in net assets available for benefits with fund information, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2012 and 2011 and the reported amounts of additions to and deductions from net assets for the year ended December 31, 2012. Actual results may differ from those estimates.

3. Investments

Investments are held in custodial capacity by Nationwide Financial Services, Inc. Individual Plan participants direct the transactions that take place in their accounts. Participants may direct contributions to the Guaranteed Fixed Income Fund or toward the purchase of shares of registered investment companies. Allocations of gains (losses) are at the individual contract level.

3. Investments, continued

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value by $ 877,713 as follows:

Registered Investment Companies (Mutual Funds)	835,556
Investment Contract with Insurance Co.	35,015
Participant Loans	7,142
	$ 877,713

4. Fair Value Measurements

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2012 and 2011:

	Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2012			
Mutual Funds	$ 8,599,560	$ 8,599,560	$ ---
Investment Contract with Insurance Company	1,780,089	---	1,780,089
Participant Loans	207,961	---	207,961
Total	$ 10,587,610	$ 8,599,560	$ 1,988,050
December 31, 2011			
Mutual Funds	$ 7,416,311	$ 7,416,311	$ ---
Investment Contract with Insurance Company	1,665,052	---	1,665,052
Participant Loans	246,767	---	246,767
Total	$ 9,328,130	$ 7,416,311	$ 1,911,819

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

4. Fair Value Measurements, continued

Level 3 Fair Value Measurements

For those assets with fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed investment contract with insurance company for the years ended December 31, 2012 and 2011:

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Investment Contract	Participant Loans	Total
December 31, 2012			
Beginning balance	$ 1,665,052	$ 246,767	$ 1,911,819
Total gains or loss(realized and unrealized) included in changes in net assets available for benefits	35,015	7,142	42,157
Purchases, sales, issuances, and settlements (net)	80,022	(45,948)	34,074
Ending Balance	$ 1,780,089	$ 207,961	$ 1,988,050
December 31, 2011			
Beginning balance	$ 0	$ 242,479	$ 242,479
Total gains or loss(realized and unrealized) included in changes in net assets available for benefits	25,571	7,116	32,687
Purchases, sales, issuances, and settlements (net)	1,639,481	(2,828)	1,636,653
Ending Balance	$ 1,665,052	$ 246,767	$ 1,911,819

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2012, are reported in interest income.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2012, there were no significant transfers into or out of Level 3.

5. Participant Notes Receivable

Under the terms of the Plan, participants may borrow from their vested balances, subject to certain limitations as set forth in the Plan and the Internal Revenue Code. The amounts borrowed carry fixed interest rates which are based on interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Until otherwise determined by the trustee, the interest rate will be at prime rate. Loans are payable in full upon the participant's termination of employment from the Company. There were 15 loans being granted during the year ended December 31, 2012.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. Certified Information (Unaudited)

The following unaudited information was certified to be accurate and complete by the trustee with in the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

Net Appreciation (depreciation) in fair value of investments during the year ended December 31, 2012	$ 870,571
Investments as of December 31, 2011	9,081,364
Investments as of December 31, 2012	10,379,649

The schedule of assets held for investment purpose was also derived from information certified by the trustee.

8. Income Tax Status

The Company has received a favorable determination letter from the Internal Revenue Service dated April 23, 2002, that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Company is of the opinion that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the trust, which forms a part of the Plan, is tax exempt. Accordingly, no provision for state or federal income taxes has been provided.

9. Related Party Transactions

Certain Plan investments may be in units of participation in a pooled separate account, registered investment company, and a fixed income offered by the Plan trustee, and therefore, these transactions qualify as party-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transaction under ERISA.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets per the financial statements to the Form 5500.

	December 31 2012
Net assets per the financial statements	$ 10,651,851

Independent Auditor's Report

To the Participants and Administrator of
Moore Industries 401(K) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Moore Industries 401(K) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaim of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investments, investment transactions, and related income, which was certified by Nationwide Financial Services, Inc., the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes at end of year, which is the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MOORE INDUSTRIES 401(K) SAVINGS PLAN
Notes to Financial Statements

1. Description of the Plan

The following description of the Moore Industries 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsor of the Plan is Moore Industries - International, Inc.

General

Effective December 31, 1972, the Company established the Plan for eligible employees of the Company. The Company subsequently amended the Plan effective August 01, 2006. Employees of the Company are eligible to participate in the Plan on the first day of the month following the date the employee completes two full months of service.

The Plan is a defined contribution plan covering all full-time employees of the Company with the exception of any employee (1) who is covered by a collective bargaining agreement unless the bargaining agreement provides for coverage, or (2) who is a non-resident alien who does not receive any earned income. The Plan is subject to the provisions of the Employee retirement Income security Act of 1974 ("ERISA").

The Plan had entered into a service contract with Nationwide Financial Services, Inc. (the "Nationwide") that provides guaranteed fixed income accounts, registered investment companies accounts, and so on for participants of the Plan. Nationwide maintains the Plan's assets in these fund accounts, which are credited with actual earnings on the underlying investments and charged for Plan withdrawals.

The costs associated with the formation and administration of the Plan were borne by the sponsor. During 2012, $4,324 of investment expenses were paid by the plan.

Date of Management's Review

Subsequent events were evaluated through October 1, 2013, which is the date the financial statements were available to be issued.

Contributions

Participants may make voluntary contributions in the form of salary deferrals. The company may make an annual Safe Harbor Qualified Non-elective Contribution equal to 3% of participant's total compensation for the plan year not to exceed the Annual Compensation Limit set by the IRS each year.

1. Description of the Plan, continued

Participant Accounts

Each Participant's account is credited with the participant's and Company contributions and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Any forfeiture will be used in the following order to reduce future Company's matching contribution, plan administrative costs, and allocation to participants.

There was no forfeiture used during the year ended December 31, 2012.

Payment of Benefits

On termination of service, participants will receive lump-sum amounts equal to the value of their account, or in substantially equal installments.

2. Summary of Significant Accounting Policies

Method of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

Significant Risk and Uncertainty

The fair value of the Plan's assets is subject to change as a result of changes in market rates and prices. A significant change in market rates and prices can significantly reduce the net assets available for Plan benefits and concurrently participant balances. Plans that invest in foreign securities are subject to foreign exchange and political risks among other risks.

Contributions

Participant contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. Company contributions are recorded based upon the required Company matching levels as defined in the Plan agreement.

2. Summary of Significant Accounting Policies, continued

Valuation of Investments

The Plan's investment in the Guaranteed Fixed Income Fund is valued at contract value plus accrued interest, which approximates fair value. The Plan's investments in the registered investment companies accounts and general account are valued at fair value as reported to the Plan by Nationwide. Participant notes receivable are valued at cost, which approximates fair value. The Plan presents, in the statement of change in net assets available for benefits with fund information, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2012 and 2011 and the reported amounts of additions to and deductions from net assets for the year ended December 31, 2012. Actual results may differ from those estimates.

3. Investments

Investments are held in custodial capacity by Nationwide Financial Services, Inc. Individual Plan participants direct the transactions that take place in their accounts. Participants may direct contributions to the Guaranteed Fixed Income Fund or toward the purchase of shares of registered investment companies. Allocations of gains (losses) are at the individual contract level.

3. Investments, continued

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value by $ 877,713 as follows:

4. Fair Value Measurements

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2012 and 2011:

	Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2012			
Mutual Funds	$ 8,599,560	$ 8,599,560	$ ---
Investment Contract with Insurance Company	1,780,089	---	1,780,089
Participant Loans	207,961	---	207,961
Total	$ 10,587,610	$ 8,599,560	$ 1,988,050
December 31, 2011			
Mutual Funds	$ 7,416,311	$ 7,416,311	$ ---
Investment Contract with Insurance Company	1,665,052	---	1,665,052
Participant Loans	246,767	---	246,767
Total	$ 9,328,130	$ 7,416,311	$ 1,911,819

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

4. Fair Value Measurements, continued

Level 3 Fair Value Measurements

For those assets with fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed investment contract with insurance company for the years ended December 31, 2012 and 2011:

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Investment Contract	Participant Loans	Total
December 31, 2012			
Beginning balance	$ 1,665,052	$ 246,767	$ 1,911,819
Total gains or loss(realized and unrealized) included in changes in net assets available for benefits	35,015	7,142	42,157
Purchases, sales, issuances, and settlements (net)	80,022	(45,948)	34,074
Ending Balance	$ 1,780,089	$ 207,961	$ 1,988,050
December 31, 2011			
Beginning balance	$ 0	$ 242,479	$ 242,479
Total gains or loss(realized and unrealized) included in changes in net assets available for benefits	25,571	7,116	32,687
Purchases, sales, issuances, and settlements (net)	1,639,481	(2,828)	1,636,653
Ending Balance	$ 1,665,052	$ 246,767	$ 1,911,819

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2012, are reported in interest income.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2012, there were no significant transfers into or out of Level 3.

5. Participant Notes Receivable

Under the terms of the Plan, participants may borrow from their vested balances, subject to certain limitations as set forth in the Plan and the Internal Revenue Code. The amounts borrowed carry fixed interest rates which are based on interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Until otherwise determined by the trustee, the interest rate will be at prime rate. Loans are payable in full upon the participant's termination of employment from the Company. There were 15 loans being granted during the year ended December 31, 2012.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. Certified Information (Unaudited)

The following unaudited information was certified to be accurate and complete by the trustee with in the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

Net Appreciation (depreciation) in fair value of investments during the year ended December 31, 2012	$ 870,571
Investments as of December 31, 2011	9,081,364
Investments as of December 31, 2012	10,379,649

The schedule of assets held for investment purpose was also derived from information certified by the trustee.

8. Income Tax Status

The Company has received a favorable determination letter from the Internal Revenue Service dated April 23, 2002, that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Company is of the opinion that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the trust, which forms a part of the Plan, is tax exempt. Accordingly, no provision for state or federal income taxes has been provided.

9. Related Party Transactions

Certain Plan investments may be in units of participation in a pooled separate account, registered investment company, and a fixed income offered by the Plan trustee, and therefore, these transactions qualify as party-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transaction under ERISA.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets per the financial statements to the Form 5500.

	December 31 2012
Net assets per the financial statements	$ 10,651,851
Other receivable	(22,116)
Adjustment from fair value to contract value For fully benefit-responsive investment contract	5,900
Net assets per Form 5500	$ 10,635,635
