The Techalloy Company, Inc. Retirement Plan:

We were engaged to audit the accompanying statements of net assets available for plan benefits of The Techalloy Company, Inc. Retirement Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2009 and the supplemental schedule of Schedule H, Part IV, Item 4i – Schedule of Assets Held (At End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian of the Plan holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian that the information as of December 31, 2009 and 2008 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE TECHALLOY COMPANY, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF THE PLAN

The following brief description of the The Techalloy Company, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the summary plan description or the plan document for complete information.

General – The Plan is a defined contribution plan under which employees contribute and Techalloy Company, Inc. (the "Company") contributes a matching amount, pursuant to the Plan. It covers all full-time employees of the Company who have completed six months of service during the plan year and attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective January 1, 1996, receiving a favorable determination letter dated August 20, 1995. Effective January 1, 2002, the Plan's documents were replaced with the Hartford Life Adoption Agreement to bring the Plan in compliance with the relevant provisions of the Economic Growth and Tax Reconciliation Act. Essentially, all the plan provisions will remain the same as under the previous plan agreement.

On February 9, 2005, Techalloy Company, Inc., owned by Arcelor through its Ugitech S.A. subsidiary, was sold to Central Wire Industries, Inc. Central Wire is located in Ontario, Canada.

Contributions – A participant may contribute, by payroll deduction, any amount between 1% and 100% of his or her total pay up to the IRS allowable limit. Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers participants the ability to direct their investments into one or any combination of the twelve available funds in 5% increments. The Company contributes an amount on the participant's behalf equal to 50% of the first 6% of the participant's eligible pay.

Rollovers – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution and an allocation of Plan earnings or losses. Allocations of earnings or losses are based on the proportion that each participant's account bears to the total of all participant account balances. Participants may change their investment elections at any time through the Plan's recordkeeper.

Vesting – All employee contributions are immediately 100% vested. The Company's matching contributions are vested based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 2 years	-- %
2 years but less than 3 years	20
3 years but less than 4 years	40
4 years but less than 5 years	60
5 years but less than 6 years	80
6 years or more	100

Accounts of employees who reach normal retirement age, become disabled or die while still employed by the Company are immediately fully vested in the value of the Company contributions and earnings thereon credited to their accounts.

1. DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts – Forfeited balances of participants' non-vested accounts are used to reduce future employer contributions. For the year ended December 31, 2009, $79,125 of forfeitures were utilized to reduce employer contributions. The Company did not utilize any forfeitures for the year ended December 31, 2009. The balance in the forfeiture account at December 31, 2009 totaled $17,348.

Participant Loans – A participant may request a loan of before-tax contributions subject to the limitations set forth in the Plan. All new loans are repaid by payroll deductions and the loans are carried at their outstanding balance, which approximated fair value. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Upon termination of employment, the participant may either repay any outstanding balance in full or incur a tax liability on the unpaid balance.

Distributions – Benefits will normally be distributed to a participant on his or her beneficiary upon death, disability, or retirement. If a participant terminates employment before any of these events, however, the participants' unpaid benefit may be segregated in a special account. Benefits are distributed, under one or both of the following methods: (i) a single lump-sum payment in cash or in property and (ii) installments over a period of no longer than a participant's assumed life expectancy determined at the time of distribution.

Hardship Withdrawals – Participants may withdraw their employee pre-tax contributions (but not the earnings on the pre-tax contributions) and rollover contributions, if applicable, to satisfy immediate and heavy financial needs. In accordance with IRS regulations, participants must first exhaust all other assets available before obtaining a hardship withdrawal. All hardship withdrawals must be approved by the plan administrator. After a hardship withdrawal, a participant may not make a contribution to the Plan for six months.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Investment Contracts – As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962 (formerly known as FASB issued Staff Position Nos. AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans)* requires the Plan to report the investment contract at fair value. As required under ASC 962, the Statements of Net Assets Available for Plan Benefits presents the holdings of these fully benefit-responsive investment contracts at fair value with an offsetting asset or liability which, when net against the fair value, will equal contract value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year. Mutual funds are valued at the quoted market price, which represents the net asset value of shares held by the Plan at year-end. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Loans to participants, which are secured by the borrowing participant's vested account balance, are valued at outstanding loan balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. The accompanying statement of changes in net assets available for plan benefits presents net appreciation in fair value of investments, which includes unrealized gains and losses on investments held at December 31, 2009, realized gains and losses on investments sold during the year then ended and management and operating expenses associated with the Plan's investments in mutual funds and pooled separate accounts.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported and related disclosures. Actual results could differ from those estimates.

Accounting Pronouncements Adopted During 2009 - In June 2009, the FASB issued guidance under ASC 105, Generally Accepted Accounting Principles, which was formerly referred to as *FASB Statement of Financial Accounting Standards No. 168*, FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162. This guidance establishes the FASB Accounting Standards Codification (the "Codification") as the source of authoritative U.S. generally accepted accounting principles ("GAAP") for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's financial statements.

During 2009, the Plan adopted FASB Statement No. 165, *Subsequent Events*, or ASC 855, which was issued in May 2009 and is effective for fiscal years and interim periods ending after June 15, 2009. ASC 855 requires evaluation of subsequent events through the date of financial statement issuance. The adoption of this guidance is reflected in these financial statements.

In January 2010, the FASB issued ASC Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010, and interim periods within those fiscal years. The adoption of this guidance is reflected, where applicable, throughout these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses – The Company may, at its discretion, pay for any administrative incurred, with the exception of loan processing fees, which are paid by the participants.

Payment of Benefits – Benefit payments to participants are recorded when paid.

3. INFORMATION CERTIFIED BY HARTFORD LIFE INSURANCE COMPANY

The plan administrator has elected the method of compliance permitted by 29 CFR 2520:103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments, contributions and net depreciation in the fair value of investments, interest and dividends, interest from participants' loans, distributions to participants, and administrative expenses were certified as complete and accurate by Hartford Life Insurance Company as of December 31, 2009 and 2008 and for the year ended December 31, 2009 was not subjected to any auditing procedures performed by the independent public accountants.

The following table presents the current value of the Plan's investments that represent 5% or more of the Plan's net assets at December 31:

	2009	2008
Guaranteed Fixed Account	$ 4,828,561	$ 5,272,817
Hartford Capital Appreciation*	1,500,051	1,383,637
Hartford Index HLS*	902,127	**
Hartford S&P 500 Index*	**	757,658

(*) Permitted party-in-interest
(**) Not in excess of 5% at December 31, 2009 and 2008.

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value by $1,135,189. Interest income from guaranteed interest accounts for the year ended December 31, 2009 was $138,053. Interest income on participant loans for the year ended December 31, 2009 was $28,938.

The Plan has a benefit-responsive investment contract with Hartford Life Insurance Company ("Hartford"). Hartford maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for plan benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by Hartford. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2009 and 2008 was $4,828,561 and $5,272,817, respectively. The average yield and crediting interest rates were approximately 3.0% and 3.08% for 2009 and 2008, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a monthly basis for resetting.

3. INFORMATION CERTIFIED BY HARTFORD LIFE INSURANCE COMPANY (continued)

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Hartford. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy has been established which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs are described below that may be used to measure fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,246,314	$ -	$ -	$ 4,246,314
Guaranteed investment accounts	-	4,828,561	-	4,828,561
Participant loans	-	-	323,719	323,719
Total	$ 4,246,314	$ 4,828,561	$ 323,719	$ 9,398,594

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Year Ended December 31, 2009
Participant loans balance at beginning of year	$ 494,044
New loans issued and acquired, and loan principal repayments, net	(170,325)
Participant loans balance at end of year	$ 323,719

5. RISK AND UNCERTAINTIES

The Plan invests in various securities including mutual funds and guaranteed investment accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

5. RISK AND UNCERTAINTIES (continued)

The Plan's exposure to concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into various financial instruments.

A portion of the underlying assets of the common/collective trust is which the Plan has invested may include derivative financial instruments. The Plan does not own any of these instruments directly. These instruments are used primarily to hedge exposures associated with currency exchange rates, interest rates, and other factors which may affect the value of securities.

6. FEDERAL INCOME TAX STATUS

The Plan's custodian adopted a prototype nonstandardized profit-sharing plan with cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service on August 7, 2001, which states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

8. RELATED PARTY TRANSACTIONS

The Plan investments are units of participation in various mutual funds of Hartford Life Insurance Company, the custodian of the Plan. These transactions are allowable party-in-interest transactions under Section 408(b)(8) of the ERISA regulations. Fees paid by the Plan for the investment management services amounted to $1,222 for the year ended December 31, 2009.

9. SUBSEQUENT EVENTS

The Organization has evaluated subsequent events through July 23, 2010, the date which the financial statements were available to be issued.

10. RECONCILIATION TO 5500

No material differences exist between the financial statements and Form 5500.
