Note 1 - Description of the Plan and Significant Accounting Policies

The following description of New West Physicians 401(k) Retirement Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1995, and subsequently amended in 2008. The Plan is available to employees age 21 years or older who have completed six months of service. To be eligible for discretionary employer contributions, the employee must also have completed at least 1,000 hours of service in the preceding twelve month period and be employed on the last day of the Plan year. All participating, non-highly compensated employees receive a monthly safe-harbor matching contribution. Once eligible, employees can enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of New West Physicians, P.C. (the "Company") administers the Plan. Fidelity Management Trust Company ("Fidelity") serves as trustee, manages the Plan's investments and maintains the Plan's records. The Plan offers participants a variety of investment options through various mutual funds, a money market fund and self-directed brokerage accounts. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

In general, participants may make before-tax contributions up to a percentage or a flat dollar amount subject to an annual limit of 70% of their compensation and annual limitations by the Internal Revenue Service ("IRS"). Additional catch-up contributions are available to any participant that is age 50 or older and has made the maximum contribution for the year. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

Employees are eligible to defer on an after-tax basis, through payroll deductions, a percentage or a flat dollar amount subject to an annual limit of the lesser of 70% of eligible compensation or the annual IRS limitations in a calendar year as Roth 401(k) contributions. Provided requirements are met, withdrawals of Roth 401(k) contributions and any earnings are tax free. A participant's combined pre-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

The Plan is operating pursuant to the Safe Harbor Provisions of the Internal Revenue Code ("IRC") sections 401(k)(12). Monthly matching contributions are paid to all non-highly compensated participants and equal 100% of employee deferrals up to 3% of the employee's compensation, and 50% of the employee deferrals that exceed 3% but do not exceed 5% of the participant's compensation ("Safe Harbor Match"). For the year ended December 31, 2009, the Safe Harbor Match totaled $562,920.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

The Company may also elect to contribute an additional amount to each participant's account, as determined on a yearly basis by the Company. This amount is made at the discretion of the Company, and if made, will be allocated following the end of the Plan year to all eligible participants. During 2009, the Company approved a profit sharing contribution totaling $1,155,325 which was included in employer contributions at December 31, 2009.

Participants' Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, Plan earnings or losses, and forfeitures. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions and Safe Harbor Match contributions and allocated earnings thereon.

Any discretionary employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant's account becomes 100% vested upon death, permanent disability, attaining normal retirement age (the later of age 65 or completion of 6 years of service), early retirement (62 years of age and completion of 6 years of service), or if the Plan is terminated.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances and may only have one loan outstanding at a time. The loans are secured by the participants' accounts and bear interest at the prevailing interest rate at the date of loan origination. Principal and interest are paid ratably through regular payroll deductions, over a period not exceeding five years, except loans used to acquire real estate that serves as the participant's primary residence may be paid over a period of up to 10 years. Certain administrative fees are also charged for the origination of the loan and an annual processing fee is charged after the year of loan origination. Interest rates on loans outstanding at December 31, 2009 ranged from approximately 7.25% to 10.25% and maturity dates ranged from January 2010 through September 2014.

Payments of Benefits

Upon death, disability, or termination of service, a participant may elect to receive a lump-sum payment in the amount equal to the participant's vested account balance within a reasonable period of time after termination of employment. Participants may not make withdrawals from their accounts prior to retirement at age 65 without incurring penalties, except in the event of disability, death, termination of employment, early retirement, or notice of hardship, subject to certain restrictions. Involuntary cash-out distributions may be made to terminated participants with vested account balances less than $1,000. Benefits are recorded to participants when paid.

Participant Termination and Forfeitures

If, at the time of termination of employment, the participant is not 100% vested, the non-vested portion of the participant's account shall be forfeited, but may be restored if the participant is rehired prior to incurring five consecutive one-year breaks in service and elects to repay the previously distributed amount. Forfeitures shall be applied to Plan expenses and employer matching contributions. The balance in the forfeiture account at December 31, 2009 and 2008 was $16,010 and $43,878, respectively.

Investment Valuation and Income Recognition

Investments in money market funds, mutual funds, and common stock (held within the self directed accounts) are recorded at fair value based on quoted market prices. Participant loans are recorded at their outstanding balances, which approximate fair value.

The net realized and unrealized investment gains or losses (net appreciation or depreciation in market value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased during the year) and selling price (or year-end fair value). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Participants' direct contributions, including Safe Harbor Match, discretionary match and profit sharing contribution are allocated to the specific investment funds elected by the participant. Participants may change their investment elections at their own discretion.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investments in money market funds, a mutual fund, and common stocks. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by Fidelity are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Subsequent Events

The Plan has evaluated subsequent events through the report date, August 27, 2010, the date the financial statements were available to be issued. No additional events require disclosure based upon this evaluation.

Note 2 - Investments

Fidelity has certified in writing to the Plan administrator that the stated amounts for investments at market value as of December 31, 2009 and 2008 and the income earned on the investments for the year ended December 31, 2009, as reflected in the accompanying financial statements and supplemental schedule, are complete and accurate.

Note 2 - Investments (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, except for comparing the information contained therein to information included in the financial statements and supplemental schedule.

Included in investments were the following investments with fair values which exceeded 5% of net assets available for benefits:

	December 31,			
	2009		2008	
Fidelity Freedom 2030 Fund	$ 1,417,260		$ 794,712

Fidelity Short Term Bond Fund	$ -	*	$ 471,851	

* Amount does not represent greater than 5% of net assets available for benefits at the respective date.

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	$ 1,985,744
Common stocks	825
	$ 1,986,569

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 3 - Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2009 and 2008.

Assets at fair value as of December 31, 2009 are as follows:

Description	Level 1	Level 2	Level 3	Total
Money market funds	$ -	$ 1,113,573	$ -	$ 1,113,573
Mutual funds	11,241,274	-	-	11,241,274
Common stock	68,661	-	-	68,661
Participant loans	-	-	132,240	132,240
Total	$ 11,309,935	$ 1,113,573	$ 132,240	$ 12,555,748

Assets at fair value as of December 31, 2008 are as follows:

Description	Level 1	Level 2	Level 3	Total
Money market funds	$ -	$ 1,157,778	$ -	$ 1,157,778
Mutual funds	7,126,126	-	-	7,126,126
Common stock	155,549	-	-	155,549
Participant loans	-	-	127,297	127,297
Total	$ 7,281,675	$ 1,157,778	$ 127,297	$ 8,566,750

There were no changes to the valuation techniques used during the period.

Level 3 Changes

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2009:

Beginning balance	$ 127,297
Purchases, issuances and settlements, net	4,943
Ending balance	$ 132,240

Note 4 - Income Taxes

On October 9, 2003, the IRS issued an opinion letter indicating that the prototype plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received an opinion letter specific to the Plan itself and has since been amended; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 7 - Related Party Transactions

Certain Plan investments are money market funds and mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest.
