Independent Auditor's Report

To the Board of Trustees
Davidson Group, Inc. 401(K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Davidson Group, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by NBT Bank, N.A. and Hand Benefits & Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that NBT Bank, N.A. held the Plan's investment assets and executed investment transactions from December 17, 2012 to December 31, 2012, and that Hand Benefits & Trust Company held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2011, and for the period January 1, 2012 to December 16, 2012. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of 5% reportable transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

The Plan is a defined contribution profit-sharing plan covering eligible employees of Davidson Group, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting

The financial statements are reported using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's collective investment trust funds; underlying assets include benefit-responsive investment contracts. The Statements of Net Assets Available for Benefits presents the adjustment of the fair value of the investment contracts held in the collective investment trust funds, from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the statements of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Employer and employee contributions receivable at year end are valued at cost, and represent contributions for the Plan years ended, which were received subsequent to the year end.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are recorded at unpaid principal balance at year end plus any unpaid accrued interest. The Plan considers the notes receivable from participants fully collectible at year end; accordingly, no allowance for doubtful accounts is required. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassification

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE 2 DESCRIPTION OF PLAN

The following brief description of Davidson Group, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Contributions

Employees become eligible to participate in the Plan upon attaining the age of 18. Financing of the Plan comes from employer and participant contributions and investment income. Rollover contributions by participants are permitted. Employer contributions, other than matching contributions, are allocated using a nonintegrated (prorata) allocation formula. In no event will the employer plus employee elective deferral contributions exceed the maximum amount permitted by law. The Board of Directors of Davidson Chevrolet, Inc. determines annually, at its discretion, the total amount of employer matching and non-elective contributions to be made to the Plan.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Participants may contribute up to 50% of eligible pre-tax compensation as defined in the Plan, subject to maximum annual additions allowed by law. Participant's contributions of up to 2% of eligible pre-tax compensation qualify for an employer discretionary matching contribution, determined annually by the Board of Directors. For 2012 and 2011, the employer matched 100% of up to 2% of the eligible pre-tax compensation. There were no non-elective employer contributions made to the Plan for 2012 and 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of any employer non-elective contributions and Plan earnings. All investments are directed by the Plan participants.

Vesting

Participants are immediately 100 percent vested in employee contributions. The Company has a vesting period related to its employer contributions as follows:

Years of Service	Vested Percentage
Less than 2	None
2	25%
3	50%
4	75%
5 or more	100%

Forfeitures

The non-vested portion of a terminated participant's account is forfeited when they receive a distribution of their entire vested account or after they have incurred five consecutive one year breaks in service. Forfeitures can be used to offset administrative expenses of the Plan and/or employer contributions to the Plan. Forfeitures available to offset future administrative expenses and/or future employer contributions totaled $9,512 and $15,198 at December 31, 2012 and 2011, respectively. Forfeitures of $10,550 were used to reduce administrative expenses in 2012.

Payment of Benefits

Benefit payments are made upon normal retirement, death, disability or termination of service. The benefits are paid in a lump-sum payment or distributed in installments in accordance with the Plan document. The Plan also allows hardship withdrawals. The Plan has a mandatory cash out provision if the participant terminates employment and his vested account balance does not exceed $5,000.

NOTE 2 DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

The Plan allows for participant loans. Participants may borrow from their accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans shall be for a fixed term of not more than five years, except a loan which shall be used to acquire any dwelling. If within a reasonable time the dwelling is to be used as the principal residence of the borrower, a longer repayment term may be allowed. The loans are collateralized by no more than 50% of the vested balance in the participant's account and bear interest at a rate determined reasonable based on interest rates charged for similar types of loans by other lenders. Only one loan is permitted at a time.

Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be allocated as prescribed by ERISA and regulations pursuant thereto.

NOTE 3 FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board authoritative guidance on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011:

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

Collective Investment Trusts: Valued at net asset value of shares held by the Plan at year end as determined by its sponsors.

All assets have been valued using a market approach.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2012 and 2011:

		2012 Fair Value Measurements at Reporting Date Using the Above Criteria

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share or its equivalent at December 31, 2012 and 2011:

	Fair Value		Unfunded	Redemption
	2012	2011	Commitments	Restrictions
Collective Investment Trusts	$ 675,745	$ 87,707	$ 0	None

The following provides a general description of the investment strategies for the above-noted investments:

Collective Investment Trusts: The collective investment trusts pursue stability of principal and current income by investing in stable value products, including traditional GICs, synthetic GICs, separate account GICs and money market instruments.

Net Appreciation (Depreciation) in Fair Value of Investments	$ 468,189	$ (195,159)

NOTE 5 TAX STATUS

The Plan is an adoption of a prototype plan of its recordkeeper, EPIC Advisors, Inc. Prior to December 2012, the Plan was an adoption of a prototype plan of its previous recordkeeper, Benefit Plans Administrators. The Internal Revenue Service has determined and informed the recordkeepers that the Plan is qualified, and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code.

The prototype plans obtained their latest determination letters on March 31, 2008, in which the Internal Revenue Service stated that the plans, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The plans have been amended since receiving the determination letters. However, the plan administrator and the plan's tax counsel believe that the plans are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements. The Plan's Federal informational returns for the years prior to 2009 are no longer subject to examination by the respective taxing authorities.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total value of investments held in trust was $4,475,984 and $3,629,054 at December 31, 2012 and 2011, respectively. The total amount of uninvested cash held in trust was $25,955 at December 31, 2012. The total amount of notes receivable from participants held in trust was $74,930 at December 31, 2011.

The trustee, NBT Bank, N.A., has supplied the Plan's administrator with certifications as to the completeness and accuracy of all information regarding investment assets, transactions and income presented in the accompanying statements of net assets available for benefits as of December 31, 2012, the statements of changes in net assets available for benefits and the supplemental schedule of 5% reportable transactions for the period December 17, 2012 through December 31, 2012, and the supplemental schedule of assets (held at end of year) as of December 31, 2012. The trustee, Hand Benefits & Trust Company, has supplied the Plan's administrator with certifications as to the completeness and accuracy of all information regarding investments and notes receivable from participants and related transactions and income presented in the accompanying statements of net assets available for benefits as of December 31, 2011, and the statements of changes in net assets available for benefits and the supplemental schedule of 5% reportable transactions for the period January 1, 2012 through December 16, 2012, and the statements of changes in net assets for the year ended December 31, 2011.

NOTE 7 RELATED-PARTY TRANSACTIONS

Hand Benefits & Trust Company, the Plan trustee, during 2011 and from January 1, 2012 through December 16, 2012 is a related entity to Benefit Plans Administrators, the Plan recordkeeper for the same periods. Benefit Plans Administrators performed various administrative functions for which they were paid by the Plan. Fees paid by the Plan to Benefit Plans Administrators were $5,459 and $2,723 during 2012 and 2011, respectively.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 10, 2013, the date on which the financial statements were available to be issued.
