MERRILL FARMS, LLC RETIREMENT PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value except for its guaranteed interest accounts which are valued at contract value with an insurance company (Note E). Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at the year-end.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE B - DESCRIPTION OF PLAN:

The following description of Merrill Farms, LLC ("Company") Retirement Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may make contributions that cannot exceed the lesser of the annual specified maximum allowed by income tax regulations or 100% of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investments offered by the Plan. For each plan year, the Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. During the year, the Company contributed $205,012.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if applicable) and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE B - DESCRIPTION OF PLAN: (CONT'D)

VESTING

Participants are vested immediately in the Employer contributions and their contributions to the plan, plus actual earnings thereon.

PAYMENT OF BENEFITS

On termination of service for any reason, a participant may elect to receive a single sum distribution or annuity payments of all vested amounts.

ADMINISTRATIVE EXPENSES

The Company pays the administrative costs of the Plan associated with any professional services provided to the Plan, and the cost of communications to the participants. Administrative expenses recorded in the Plan represent custodian fees and other recordkeeping fees paid directly from the Plan assets.

NOTE C - FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements
The fair value at quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date.

Level 2 Fair Value Measurements
The fair value at any valve other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, and assets that have specified contractual terms.

Level 3 Fair Value Measurements
The fair value at values with unobservable inputs for the asset or liability in situations when there is little, if any, market activity.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2012 are reported in net appreciation in fair value of investments.

NOTE D - INVESTMENTS:

The following presents investments that represent 5% or more of the Plan's assets.

	December 31, 2012	December 31, 2011
JH Mutual Beacon Fund	$ 343,910	$ 282,039
JH Pimco Total Return Fund	226,986	184,863
JH Retirement Living at 2030	177,777	N/A
JH Pimco Real Return Fund	177,520	153,776
JH Money Market Fund	N/A	524,713

During the year the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $379,241 during 2012 and depreciated in value by $75,625 during 2011. Investments consisted of mutual funds made up primarily of debt and equity securities and guaranteed interest accounts.

NOTE E - GUARANTEED INTEREST ACCOUNT WITH INSURANCE COMPANY:

Participants may elect to invest in benefit-responsive guaranteed investment accounts with John Hancock USA. John Hancock USA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The account is included in the financial statements at book value as reported to the plan by John Hancock USA. Book value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at book value.

There are no reserves against book value for credit risk of the contract issuer or otherwise. The average yields were approximately 1.01% and 1.65% in 2012 and 2011 respectively. The contract value of the guaranteed interest accounts were $59,755 as of December 31, 2012 and $56,095 as of December 31, 2011.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were units of pooled separate accounts and guaranteed interest accounts managed by John Hancock USA. John Hancock USA was the custodian of the Plan, and therefore, these transactions qualified as party-in-interest transactions.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS: (CONTINUED)

In addition, inasmuch as auditing and plan administration services are paid directly by the plan these services are also deemed to be party-in-interest transactions. Total fees, including audit fees and third party administration fees and insurance company contract administration fees, paid by the Plan were $2,780 in 2012 and $20,484 in 2011.

Also, certain administrative functions have been performed by the Plan sponsor. There has not been a value calculated for these costs, and therefore the Plan has not been charged for these costs. These costs are further described in NOTE B above.

NOTE G - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would receive benefits under the Plan based on their vested account balance accumulated to the date of the termination of the Plan. Termination of the Plan could occur before attaining normal retirement age.

NOTE H - RISK AND UNCERTAINTIES:

Investments consist primarily of mutual funds comprised mostly of debt and equity securities (bonds and common stocks). Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - TAX STATUS:

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified.
