NOTE 1 – DESCRIPTION OF PLAN

The following description of the Charles Abbott Associates, Inc. 401(k) Profit Sharing Plan (hereafter referred to as the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was established effective July 1, 1985, for all eligible employees of Charles Abbott Associates, Inc. (the "Company"). The Plan is a contributory profit sharing plan under section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

ELIGIBILITY

An employee is eligible for participation in the Plan after completing one month of service and is age twenty-one or older.

CONTRIBUTIONS

Each year, participants may contribute up to the lesser of 60% of their annual eligible compensation or up to the maximum allowable annual amount as adjusted by the Secretary of Treasury ($17,000 and $16,500 in 2012 and 2011, respectively), as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Company, on a discretionary basis, may make matching contributions on employee deferrals and additional profit sharing contributions. The maximum matching contribution is 100% of the first 5% of annual compensation that a participant contributes to the Plan. The Company made approximately $210,000 in discretionary matching contributions for the year ended December 31, 2012. The Company made no discretionary matching contributions for the year ended December 31, 2011. Contributions are subject to certain limitations, as defined by law.

Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least 50 years of age by the end of the Plan year. The maximum "catch-up" contribution is $5,500 in 2012 and 2011.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of (a) the Company's discretionary contribution and (b) Plan earnings, net of investment management fees. Allocations are based on participant earnings or account balances, as defined.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

VESTING

Participants are immediately vested in their contributions, fail-safe contributions, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution is calculated on the elapsed time method. A full period of service is considered as a whole year of service. Partial years will not be considered as service for vesting purposes. Participants hired prior to August 1, 2001 vesting is calculated on the general method, which is based on more than 1,000 hours of service in a plan year.

The Plan vesting schedule is as follows:

YEARS OF SERVICE	PERCENTAGE VESTED
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

INVESTMENT OPTIONS

Upon enrollment in the Plan, participants may direct their contributions in any of the investment fund options available under a group annuity contract with Fidelity Management Trust Company (hereafter referred to as "Fidelity").

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer from the investment funds to the notes receivable from participants. Loan terms range from 1-5 years, or up to a maximum of 10 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at various rates (4.25% to 6.75% during the years ended December 31, 2012 and 2011) as determined by the plan custodian. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. There were no amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment prior to December 31, 2012, but not yet paid as of that date.

FORFEITED ACCOUNTS

At December 31, 2012 and 2011, forfeited nonvested accounts totaled approximately $44,000 and $34,000, respectively. These accounts are retained in the Plan and first used to pay the Plan administrative expenses.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments in interest-bearing cash and registered investment companies accounts are stated at fair value based on the net asset value of the composite portfolio. Net asset value is the fair market value of the securities on the last business day of the Plan fiscal year as certified by Fidelity at December 31, 2012 and 2011, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when earned.

Any net unrealized appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits. See Note 3 for discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified distributions based upon the terms of the Plan document.

PAYMENT OF BENEFITS

Benefits to participants are recorded when paid.

PAYMENT OF ADMINISTRATIVE EXPENSES

The Plan pays certain fees to the Plan's custodian, Fidelity, related to maintenance of the group annuity contract. The Company pays all other administrative expenses of the Plan. As such, the Company may be deemed a party-in-interest under the guidelines of ERISA.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

LEVEL 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

LEVEL 2:

Inputs to the valuation methodology include:

1. quoted prices for similar assets or liabilities in active markets;
2. quoted prices for identical or similar assets or liabilities in inactive markets;
3. inputs other than quoted prices that are observable for the asset or liability;
4. inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Cash (interest-bearing money market account): Valued at cost, which approximates fair value.

Registered investment companies (mutual funds): Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables each set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2012 and 2011.

Assets at Fair Value as of December 31, 2012

NOTE 4 – TAX STATUS AND UNCERTAIN TAX POSITIONS

TAX STATUS

The Company has received a determination letter dated December 18, 2001 from the Internal Revenue Service stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code, and, therefore, exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to federal and state income tax examinations by taxing authorities for years before 2008 and 2009, respectively.

UNCERTAIN INCOME TAX POSITIONS

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan, and determine whether such positions would more likely than not be sustained upon examination by the Internal Revenue Code. The Plan records a liability for uncertain tax positions when it is probable that a loss has been incurred and the amount can be reasonably estimated. Plan management continually evaluates expiring statues of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The Plan recognizes any interest and penalties related to uncertain tax positions when identified in income tax expense. Management has determined that the Plan does not have any unrecognized uncertain income tax positions as of December 31, 2012 and 2011.

NOTE 5 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following unaudited information in the financial statements was certified to be complete and accurate by the Plan's custodian, Fidelity, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- All amounts relating to investments as enumerated in the Statement of Net Assets Available for Benefits as of December 31, 2012 and 2011.
- All amounts relating to investment income, including interest, dividends and net investment gain (loss) from interest-bearing cash and registered investment companies accounts, as enumerated in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2012 and 2011.
- All amounts enumerated in the Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2012.

The following summarizes the fair values of investments held by the Plan as of December 31, 2012 and 2011. Investments that represent 5% or more of the Plan's net assets are separately identified.

These investments consisted of registered investment companies' mutual funds.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of a common collective trust managed by Fidelity. Fidelity is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions.

NOTE 8 – EXCESS CONTRIBUTIONS

Participants' contributions in the amount of $425,311 for the Plan year ended December 31, 2012 included $11,175 of excess contributions. These excess contributions were returned to various participants by April 15, 2013 and they are included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2012. The Plan did not have excess contributions for the year ended December 31, 2011.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 18, 2013, the date which the financial statements were available to be issued. The Plan's evaluation of subsequent events has determined that there are no events that require additional disclosure.
