Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

I was engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter

I was engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Note 1 – Description of Plan

The following description of the Windsor Capital Group 401(k) Savings Program (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 1994, Windsor Capital Group, Inc. (the "Company") adopted the Plan. The Plan is a contributory savings plan under Section 401(k) of the Internal Revenue Code (the "Code"). All employees except collectively bargained employees, certain nonresident aliens and leased employees are eligible to participate when they have attained age 21. New hires who are at least 21 years of age are allowed to participate in the Plan 90 days after their hire date (contingent upon participation election being made 30 days from the hire date). Subsequent participation enrollment occurs on January 1 and July 1 of each Plan year.

Plan Administration

The Plan is administered by the Windsor Capital Group, Inc. Plan Committee (the "Plan Administrator" or the "Committee"). The Plan Administrator has been given all powers necessary to carry out its duties, including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan and to authorize disbursements for the payment of Plan benefits.

Trustees, Custodian and Fund Manager of Investments and Subsequent Event

Charles Schwab Trust Company is the trustee, custodian and recordkeeper of the Plan's assets (the "Trustee," "Custodian" and "Recordkeeper").

Effective May 1, 2013, the Company has changed the Plan recordkeeper and trustee. The new Plan recordkeeper is Great West Financial and the new trustee is Great West Trust Company.

Contributions

Under the Plan agreement, an employee may elect to make annual contributions to the Plan in amounts that do not exceed limits established by the Code. Company matching contributions are subject to certain limitations and are at the discretion of the Company. Effective March 1, 2009 and through the date of this report, the Company has suspended its employer matching contributions.

There were no employer contributions for the years ended December 31, 2012 and 2011. As of December 31, 2012 and 2011, the Plan has accrued a receivable from the Company for amounts needed to restore participants' forfeited account balances due to a partial Plan termination being retroactively declared for the 2008 plan year. (See Note 8.)

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, plus earnings thereon, and is charged for any distributions. Allocations are based on participant earnings or account balances, as defined. The participant is entitled to a benefit equivalent to the amount of the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of participants' accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service, the attainment of normal retirement age (the last day of the month in which age 65 is attained), death, total permanent disability while employed, or in the event of the Plan's termination. The vesting percentages are described as follows:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans

The Plan does not allow for participant loans.

Distribution of Benefits

Upon termination due to death, permanent disability or upon reaching the age of 59-1/2, participants or their beneficiaries in cases of death, may elect to receive their vested account balance as a lump-sum distribution or installments over a period of not more than their assumed life expectancy determined at the time of distribution.

Forfeitures

Forfeitures of nonvested matching contributions can be used to reduce future employer contributions and pay Plan administrative fees. Forfeitures used to reduce Plan contributions and pay Plan administrative fees in 2012 and 2011 totaled $5,546 and $20,862, respectively. The remaining forfeitures available as of December 31, 2012 and 2011 totaled $4,899 and $531, respectively. The Company has determined that a partial plan termination occurred for the 2008 plan year and that the amounts owed to correct affected employees total approximately $14,448. (See Note 8)

Administrative Expenses

The Company may, but is not obligated to, pay all or part of the administrative expenses of the Plan. To the extent not paid by the Company, the Plan will pay such expenses. During the 2012 and 2011 Plan year, the administrative expenses paid by the Company approximated $38,811 and $33,135, respectively. The Plan pays for asset and management fees for the Plan investments (see Note 6).

Plan Amendments

Subsequent to its adoption, several amendments were made to the Plan to comply with the requirements of the Tax Reform Act of 1988 and subsequent legislation in order for the Plan to maintain its tax-exempt status.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

The assets of the Plan include the BNP Income Plus Fund, which qualifies as an investment contract (see Note 5). Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of

the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2012 and 2011, benefits due but unpaid to terminated employees totaled $363,189 and $180,162, respectively.

Net Appreciation in Fair Value of Investments

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation or on the last day of the year for unrealized appreciation.

Date of Managements Review

Subsequent Events were evaluated through October 9, 2013, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2012			
Cash	$ 44,492	$ 44,492	$ -

Guaranteed Investment Contract	908,293	-	908,293
Total	$ 9,062,571	$ 8,154,278	$ 908,293

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of the common collective trusts and mutual funds are based on quoted market prices of identical assets in active markets at year-end.

Level 3 Fair Value Measurements

The guaranteed investment contract is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. The following table provides further details of the Level 3 fair value measurements.

	Guaranteed Investment Contract Charles Schwab	Guaranteed Investment Contract BNP

Note 4 – Investments

All investment information disclosed in the accompanying financial statements and schedules including investments held at December 31, 2012 and 2011, and net appreciation in fair value of investments, interest and dividends for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustees.

Except for its investment contract (BNP Income Plus Fund) with an investment company (Note 5), the Plan's investments are held in collective investment trusts or mutual funds which are administered by the Trustee. The fair value of Plan investments as certified by the Trustee at December 31, 2012 and 2011 is set forth below:

During 2012 and 2011, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value as follows:

	2012	2011
Guaranteed Investment Contracts (at contract value)	$ 4,475	$ 33,491
Collective Investment Trusts	420,152	(636,839)
Mutual Funds	237,786	(198,698)
Net Change in Value	$ 662,413	$ (802,046)

Participants may direct contributions and any related earnings in 5% increments into several investment options. Participants may elect to transfer between investment options all or a portion of their account balance as frequently as on a daily basis. The Plan's investments are classified as Class A funds. These funds are a class of shares that are sold to investors subject to an initial sales charge, but are not subject to ongoing administrative expenses.

Note 5 – Guaranteed Investment Contracts

The Plan entered into a benefit-responsive investment contract via a Pooled Trust with BNP Paribas Investment Partners (BNP) in 2012. BNP maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. In 2011, the Plan held a Guaranteed Investment Contract with Charles Schwab which was transferred to BNP in 2012.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by BNP for 2012 and Charles Schwab for 2011, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2012 and 2011 was $842,458 and $908,293, respectively. The contract value at December 31, 2012 and 2011 was $836,189 and $902,069, respectively. Accordingly, the adjustment from fair value to contract value totaled $(6,269) and $(6,224) in 2012 and 2011, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with BNP and Schwab. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the company to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average Yields:		
Based on Actual Earnings	1.65%	1.53%
Based on interest rate credited to participants	1.23%	4.59%

Note 6 – Related Party Transactions

The Plan invests in the Charles Schwab S&P 500 Index Fund. Charles Schwab Trust Company is the Plan Trustee, therefore these transactions qualify as parties-in-interest. Fees paid by the Plan for investment management services in 2012 and 2011 totaled $15,747 and $25,156, respectively. These fees are shown on the Statement of Changes in Net Assets Available for Plan Benefits net of credits received from the Trustee which totaled $69,119 and $72,064 in 2012 and 2011, respectively.

Note 7 – Corrective Distributions

In order to comply with the contribution limitations of Code Sections 401(k) and 415, the Plan from year to year will refund amounts to certain employees who have made

contributions in excess of limits established by the IRC. As of December 31, 2012 and 2011, the Plan accrued $60,608 and $13,642 in excess contributions due participants. The Plan failed to make the 2012 corrective distributions in a timely manner and as such, is subject to an excise tax penalty. This penalty totaling $5,571 was paid in September 2013.

Note 8 – Plan Termination and Subsequent Event

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

In 2008, several of the Company's management agreements to provide management services to hotel properties were terminated. The employees of these hotels were eligible to participate in the Plan and this termination, along with other employee turnover resulted in the loss of approximately 25% of the Plan eligible participants. The Company has reviewed ERISA regulations and concluded that a partial plan termination has occurred in 2008; accordingly all those terminated participants become 100% vested in the Plan. The Company has determined the amounts owed affected employees total $14,448. The balance in the forfeiture account at December 31, 2012 totaled $4,889 which is not adequate to restore affected employees accounts. The Company deposited the entire amount needed to restore affected participants accounts on March 26, 2013, and the Plan has accrued a receivable for this amount at December 31, 2012 and 2011.

In July 2012, eight (8) controlled entities managed by the Company filed for Chapter 11 bankruptcy protection related to outstanding debt that matured in February 2011 on a portfolio of eight (8) hotels. The Company continues to manage and operate the hotels during this process. The Company is attempting to restructure or refinance the debt for this portfolio at this time. It is not known whether the Company will be successful in its attempts and will be able to retain the properties. If the Company were to lose this portfolio of hotels it will likely cause another partial plan termination. At this time management cannot determine what, if any, financial impact this could have on the Plan.

Note 9 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2012 and 2011 to Schedule H of Form 5500:

	2012	2011
Net assets available for benefits per Schedule H of Form 5500	$ 9,360,293	$ 9,056,347
Excess contributions	(60,608)	(13,642)
Employer contribution receivable	14,448	14,448

Net assets available for benefits per the financial statements	$ 9,314,133	$ 9,057,153

The following is a reconciliation of the change in net assets available for Plan benefits per the financial statements at December 31, 2012 and 2011 to Schedule H of Form 5500:

	2012	2011
Increase (decrease) in net assets available for Plan benefits per Schedule H of Form 5500	$ 303,946	$ (593,740)
Less: Excess contributions accrued at December 31, 2012 and 2011, respectively	(60,608)	(13,642)
Add: Excess contributions accrued at December 31, 2011 and 2010, respectively	13,642	20,804
Add: Employer contributions receivable at December 31, 2012 and 2011, respectively	-	14,448
Increase (decrease) in net assets available for Plan benefits per financial statements	$ 256,980	$ (572,130)

Note 10 – Tax Status

The Plan has received an opinion letter from the Internal Revenue Service dated December 10, 2001, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Code, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 11 - Risks and Uncertainties

The Plan provides for investments in various mutual fund accounts. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the financial statements.
