INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Tukaiz, LLC 401(k) Plan

We were engaged to audit the accompanying financial statements of TUKAIZ, LLC 401(K) PLAN (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TUKAIZ, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Tukaiz, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Tukaiz, LLC (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Contributions – Each year participants may contribute to the Plan up to 75% of pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make all or a portion of their contributions as Roth contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company elected to make a discretionary matching contribution of 10% of the first 6% of compensation that an employee contributes to the Plan for the year ended December 31, 2012. The Plan currently offers various pooled separate accounts and a guaranteed interest account as investment options for participants.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The participant must secure the loan by a pledge of no more than 50% of the present value of the participant's vested interest in the Plan. The loan period cannot exceed five years, unless the proceeds of the loan are used to purchase a primary residence, in which case the loan period shall not exceed 30 years. The loans bear interest at the prime rate plus 1%. The interest rates for the outstanding loans range from 4.25% to 6.00% at December 31, 2012. Principal and interest is paid ratably through weekly payroll deductions.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on continuous years of service. A participant is 20% vested in the employer match after completing two years of service, and 20% vested for each subsequent year reaching 100% vesting after six years of credited service.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures – Forfeited nonvested funds shall be used to reduce administrative expenses or future employer contributions to the Plan. During 2012, the Plan used $771 of forfeited nonvested funds to reduce employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan invests in pooled separate accounts and guaranteed interest contracts. Investments in pooled separate accounts are stated at fair value as determined by the plan custodian, based on the net asset value of the units held by the Plan at year end. The Plan's investment in a guaranteed interest contract is not fully benefit-responsive and is reported at fair value, which approximates contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Fair Value Measurements – In May 2011, the Financial Accounting Standards Board issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU No. 2011-04). ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan adopted the guidance in 2012.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – The majority of the expenses of the Plan are paid by the Company and not reimbursed by the Plan. Certain administrative expenses are recognized as paid. Certain investment management fees are netted in the net appreciation (depreciation) of fair value of investments.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2012	2011
Investments at fair value:		
JH Lifestyle Balanced	$ 904,035	$ 683,965
JH Lifestyle Growth	1,724,697	1,483,153
JH Lifestyle Aggressive	*	169,777

*Asset does not exceed 5% of net assets.

3. Investments (Cont.)

During 2012, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value as follows:

Pooled separate accounts	$ 450,174
Investment contract with insurance company	511
	$ 450,685

4. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

The fair value of participation units held by the Plan in pooled separate accounts is based on their net asset values, as reported by John Hancock Life Insurance Company and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

The fair values of pooled separate accounts that invest only in securities traded on nationally recognized securities exchanges and active dealer markets are classified within Level 2 of the fair value hierarchy.

The fair value of the Plan's investment contracts has been estimated based on a discounted cash flows methodology, utilizing current rates of return available for similar contracts, with comparable credit risks and liquidity, as of the respective financial statement date (Level 3 inputs).

4. Fair Value Measurements (Cont.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

4. Fair Value Measurements (Cont.)

(a) This category includes investments whose objective is to achieve a balance between a high level of current income and growth of capital. The Portfolio's asset mix includes fixed-income and equity securities. Investments in this category can be redeemed daily with no notice period requirement.

(b) This category includes investments whose objective is to become increasingly conservative over time. The Portfolio's asset mix increases its allocation to fixed income funds and reduces its allocation to stock funds as it nears its target retirement date. Automatic reallocation helps maintain an age-appropriate investment mix up to, and throughout, retirement. Investments in this category can be redeemed daily with no notice period requirement.

(c) This category includes investments whose objective is to invest primarily in diversified fixed income funds and separately managed bond accounts and in book value stabilizing agreements offered by state or federally regulated financial institutions. The fixed income portfolios are managed to provide current income with a "AA" minimum average credit quality objective. The stabilizing agreements are designed to offset price fluctuations associated with fixed income investments by smoothing the effect of any gains or losses on the assets, and guarantee participant withdrawals at book value. Investments in this category can be redeemed daily with no notice period requirement.

(d) This category primarily invests in various bond funds whose objective is to achieve maximum total return consistent with preservation of capital and prudent investment management. Selected funds within this category may invest in securities listed in the Barclays Capital U.S. Aggregate Bond Index, fixed income instruments that are economically tied to at least three countries (one of which may be the United States), inflation-indexed bonds of varying maturities issued by the U.S. and non-U.S. governments, their agencies or instrumentalities, and corporations, a diversified portfolio of fixed income instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures contracts, or swap agreements, assets in a diversified mix of debt securities and instruments. However, each fund in this category has its own restrictions as to the mix of assets. Investments in this category can be redeemed daily with no notice period requirement.

(e) This category includes investments whose objective is to achieve long-term capital appreciation. Selected funds within this category invest mainly in common stocks of large, well-established companies paying above-average dividends. They also invest in equity securities of U.S. large capitalization companies, a broad range of income-producing securities, including stocks and bonds, with a substantial portion of its assets in equity-type securities. Each fund in this category has its own restrictions as to the mix of assets. Investments in this category can be redeemed daily with no notice period requirement.

(f) This category includes investments whose objective is to achieve long-term capital appreciation and satisfactory current income. Selected funds within this category invest in equity securities of real estate investment trust and real estate companies, a diversified mix of common stock of small U.S. companies that are believed to be undervalued and offer good prospects for capital appreciation, common stocks of large, established companies that offer growth potential at reasonable prices, equity securities of companies with capitalizations similar to the market capitalization of companies in the Russell Midcap Value Index, and securities of companies in the utilities industry. However, each fund in this category has its own restrictions as to the mix of assets. Investments in this category can be redeemed daily with no notice period requirement.

4. Fair Value Measurements (Cont.)

(g) This category includes investments whose objective is to achieve long-term capital growth. Selected funds within this category may invest in equity securities issued by small and micro-cap companies to take advantage of opportunistic situations for undervalued securities, natural resource related companies worldwide, common stocks of companies engaged in energy-related activities, and common stocks of companies expected to benefit from the development, advancement, and/or use of science and technology. Investments in this category can be redeemed every 30 days with a 12-month notice period requirement.

(h) This category includes investments that are held in the John Hancock general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined ten-year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guaranteed period. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets.

Changes in fair value of assets measured on a recurring basis using significant unobservable inputs (Level 3) are as follows:

	Guaranteed Investment Contract
Balance, January 1, 2011	$ 17,796
Contributions - purchases	3,291
Investment income	566
Withdrawals - sales	(1,184)
Investment expenses	(116)
Balance, December 31, 2011	20,353
Contributions - purchases	3,359
Investment income	609
Withdrawals - sales	-
Investment expenses	(98)
Balance, December 31, 2012	$ 24,223

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

4. Fair Value Measurements (Cont.)

The following table represents the Plan's quantitative information about significant unobservable inputs used in Level 3 fair value measurements, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Guaranteed Investment Contract	$ 24,223	Assumed proceeds at discontinuation	Composite guaranteed rate	0.73%
			Current rate on December 31, 2012	0.73%

5. Information Certified by the Plan's Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments at fair value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, and the schedule of assets (held at end of year) as of December 31, 2012, and the investment income components and interest income from participants' notes receivable reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan obtained its latest determination letter on December 5, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

8. Related Party Transactions

Certain plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions.

9. Subsequent Events

Management has evaluated subsequent events through October 9, 2013, the date on which the financial statements were available to be issued.
