NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of Summit Energy Services, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1995 covering virtually all employees of Summit Energy Services, Inc. (the "Sponsor") who are age 21 or older and provides eligibility to participants in the Plan upon three months of employment with the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective July 1, 2008, the Plan was made available to former employees of another company acquired by the Plan Sponsor, provided they meet all other eligibility requirements.

Contributions

Each year participants may contribute an amount of pre-tax annual compensation as defined in the Plan, not to exceed the limits of Internal Revenue Service Code Sections 401(k), 404 and 415. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. At the discretion of the Sponsor's Board of Directors, the Sponsor may make matching contributions equal to 50% of participants' elective deferrals, not to exceed 6% of compensation as well as additional profit sharing contributions. Contributions are subject to certain limitations. During the years ended December 31, 2009 and 2008, the Sponsor matched 50% of elective deferrals not exceeding 6% of compensation.

Participant Accounts

Each participant's account is credited with the participant's and the Sponsor's contributions and allocations of Plan earnings or losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of the Sponsor's discretionary contributions, plus actual earnings thereon, is based on years of continuous service. The Sponsor's discretionary contributions and the actual earnings thereon, vest in 20% increments over five years of a participant's credited service. Former employees of another company acquired by the Plan Sponsor joined the Plan effective July 1, 2008. The Plan credited them for vesting purposes with their service at the acquired company.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Other forms of benefit payments may be selected including periodic installments or partial distributions, subject to limitations as defined in the Plan agreement.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of several investment options. Participants may change their investment options at their discretion.

Forfeited Accounts

Forfeitures may be used to reduce Plan administration expenses or to reduce future employer contributions. During the year ended December 31, 2009, the Plan used \$8,293 in forfeitures to reduce employer contributions. At December 31, 2009, there were no forfeited non-vested accounts. At December 31, 2008, forfeited non-vested accounts totaled \$544.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Accounting Standards Codification

In June 2009, the Financial Accounting Standards Board ("FASB") issued the FASB Accounting Standards Codification ("ASC") as the sole source of authoritative nongovernmental U.S. generally accepted accounting principles. The Plan adopted this new guidance which changed the way it references accounting standards in its disclosures. The adoption of the ASC did not impact the Plan's net assets available for benefits or change in net assets available for benefits.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

At December 31, 2008, the Plan held an investment in a Stable Asset Fund that contained various underlying fully benefit-responsive investment contracts. An adjustment from fair value to contract value was not made in the accompanying statements of net assets available for benefits, as the Plan Administrator determined that the contract value of the Stable Asset Fund approximated fair value at December 31, 2008.

Management's Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits/payments to participants are recorded when paid.

Administrative Expenses

The Plan is responsible for its administrative expenses unless paid by the Sponsor.

Fair Value of Investments

In September 2009, the FASB issued an amendment, "Investment in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)", which provides guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of this guidance can now be determined using net asset value ("NAV") per share as a practical expedient when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. It also requires disclosure of certain attributes by major category of alternative investments, regardless of whether the practical expedient was used. This amendment was effective for periods ending after December 15, 2009, with early adoption permitted. See Note 4 for the impact of this amendment.

Income Taxes

The FASB issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Subsequent Events

Management has evaluated subsequent events for recognition or disclosure in the financial statements through July 28, 2010, which was the date at which the financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED OR PROVIDED BY STANDARD INSURANCE COMPANY AND RELIANCE TRUST COMPANY

The following is a summary of the investment information as of December 31, 2009 and 2008, and for the year ended December 31, 2009, included throughout the Plan's financial statements and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2009, that was prepared by or derived from information provided by the current custodian, Reliance Trust Company ("Reliance") and former custodian Standard Insurance Company ("Standard"), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Reliance and Standard that information provided to the Plan Administrator by Reliance and Standard related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in this note, which appears throughout the financial statements and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2009.

The Plan changed its custodian from Standard to Reliance, effective May 15, 2009. The transfer of assets from Standard to Reliance was completed on May 15, 2009.

The following table presents the fair value of the investments in the Plan that was certified by Reliance and Standard. Individual investments representing more than 5% of the Plan's net assets as of December 31, 2009 and 2008 are separately identified.

The current custodian, Reliance and former custodian, Standard, also certified to the completeness and accuracy of \$1,258,807 of net appreciation in the fair value of investments and \$65,585 of interest and dividends related to the aforementioned investments for the year ended December 31, 2009. The net appreciation is composed of the following:

Year Ended December 31,	2009
Net realized and unrealized appreciation in fair value	
Common trust fund	\$ 249,054
Mutual funds	1,009,753
Net Appreciation in Fair Value of Investments	\$ 1,258,807

NOTE 4. FAIR VALUE MEASUREMENTS

The FASB has issued accounting standards which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the FASB statement are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan had the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used to determine fair value at December 31, 2009 and 2008.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Common trust fund: Valued based on NAV of the units of participation in the fund. The common trust fund is valued at fair value as determined by the Plan Administrator based on audited financial information provided by the fund of the fair value of the underlying assets. Units of participation are issued and redeemed daily at the NAV.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Money market funds: Valued at the NAV of shares held by the Plan at year end.

Pooled separate accounts: Valued at the "unit value" of the units of participation held by the Plan at year end. The unit value is based on the net asset value of the underlying investments adjusted for fees and divided by the total units of participation of the pooled separate account.

Unallocated contracts - Stable Asset Fund: Valued at the contract value, which approximates the fair value based on the NAV of the underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Fair Value as of December 31, 2009

NOTES TO FINANCIAL STATEMENTS (CONTINUED)**NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)**

The table below sets forth the fair value at December 31, 2009 of investments in certain entities that calculate NAV per share (or its equivalent):

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common trust fund	\$ 344,115	\$ 0	Daily	None

The common trust fund is comprised of a series of portfolios which invest in a mix of fixed income and equity mutual funds. Investments in this category can be redeemed daily. The fair value of investments in this category has been estimated using the NAV per share of the investments.

Pending Adoption of FASB Amendment

In January 2010, FASB issued an amendment, "Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements", which requires new disclosures and reasons for transfers of financial assets and liabilities between levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both level 2 and level 3 measurements. It further clarifies that the reconciliation of level 3 measurements, if any, should separately present purchases, sales, issuances, and settlements instead of netting these changes.

With respect to the matters other than level 3 measurements, the amendment is effective for periods beginning on or after December 15, 2009 and has not yet been adopted. The guidance related to level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. Management is currently evaluating the impact of the guidance related to these matters on its disclosures.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6. TAX STATUS

Effective September 2004, the Plan adopted a specimen plan from Standard Insurance Company. Standard Insurance Company received a volume submitter approval letter from the Internal Revenue Service dated July 5, 2005, in which the IRS determined the specimen plan was acceptable under Section 401 (a) of the Internal Revenue Code, and therefore the Plan is exempt from taxation.

The Plan Sponsor has not made a request for a determination letter, but the volume submitter approval letter may constitute reliance for an employer adopting the approved plan.

Although the Plan has been amended since the volume submitter approval letter was received, the Plan Administrator believes the Plan is designed and is being operated in compliance with the Internal Revenue Code.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 8. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of funds administered by Reliance and Standard, the current and former custodians of the Plan, respectively. Reliance and Standard served during the year as the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Reliance totaled \$30,525 for the year ended December 31, 2009. Fees paid to Standard totaled \$3,036 for the year ended December 31, 2009.
