Trustees for the
Borrell Electric Co., Inc. 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Borrell Electric Co., Inc. 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental Schedule H, Line 4i - Schedule of Assets Held (at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 3, which was certified by SunTrust Bank, N.A., the Plan trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information, which we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2009 and 2008

Note 1 – Description of Plan

The following description of the Borrell Electric Co., Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

General - The Plan is a prototype defined contribution plan which also contains a deferred arrangement described under Section 401(k) of the Internal Revenue Code. Employees of the Company who have attained 21 years of age and have one year of service are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

Plan Sponsor and Administrator - Borrell Electric Co., Inc. (the "Company") serves as the Plan sponsor and administrator.

Contributions - The Plan provides for participant salary deferral contributions, and employer matching contributions pursuant to section 401(k) of the Internal Revenue Code. Participants who have completed 1,000 hours of service are eligible for discretionary employer matches. The Company can make a discretionary match of a deferral amount not in excess of 3% of such participant's compensation. The employer match was 50% of employee deferrals in 2009. The Company can also make a discretionary non-elective contribution allocated to participants as a uniform percentage of included compensation. The Company did not make a non-elective contribution for the year ended December 31, 2009.

Participant Accounts - Each participant's account is adjusted for distributions to the participant, participant's contributions, employer discretionary contributions, and Plan earnings, as well as a portion of the administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are maintained by the custodian of the Plan assets. Participants direct their allocation among the investment funds allowed under the Plan.

Vesting - Participants are immediately vested in their salary deferral contributions and rollovers, plus actual earnings thereon. Vesting of employer matching and non-elective contributions plus actual earnings thereon are based on years of credited service. A participant is 100% vested after six years of credited service as follows.

Years of Service	Vested Percentage
Less than 2 years	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years or more	100%

Upon death, disability, or termination of the Plan, the employer discretionary matching and discretionary non-elective contributions become 100% vested.

Note 1 – Description of Plan (continued)

Forfeitures - At December 31, 2009 and 2008, forfeited non-vested accounts totaled $1,154 and $2,461, respectively. These accounts will be used to reduce future employer contributions. The December 31, 2009 employer matching contributions were reduced by $853 from forfeited non-vested accounts.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates determined at the time the loan is made. Interest rates on Plan loans ranged from 4.25% to 9.25% at December 31, 2009. Principal and interest payments are paid ratably through payroll deductions over a period not to exceed fifteen years.

Payment of Benefits - Upon termination, retirement, death, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a life annuity or annual installments paid over a ten-year period. For termination of service for other reasons, the participant may receive the value of the vested interest in his/her account as a lump-sum distribution.

Note 2 – Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Valuation of Investments and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements – Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Note 2 – Significant Accounting Policies (continued)

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds - These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Common/Collective Trusts - These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Money Market Funds - These investments are public investment vehicles valued using $1 for the NAV. The money market funds are classified within level 2 of the valuation hierarchy.

Participants Loans - Loans to plan participants are valued at cost plus accrued interest, which approximates fair value and are classified within level 3 of the valuation hierarchy.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2 – Significant Accounting Policies (continued)

The table below sets forth a summary of changes in the fair value of the Plan's level 3 investment assets and liabilities for the year ended December 31, 2009:

	Beginning Fair Value	Purchases, Issuances, Repayments, Settlements, Net	Transfers In or Out of Level 3, Net	Ending Fair Value
Participant loans	$ 212,424	$ 108,726	$ -	$ 321,150

Risk and Uncertainties - The Plan provides for investment options in various funds. Investment securities are exposed to certain risks, such as interest rate, market and credit. Due to the level of risk associated with investment securities and the level of uncertainty related to the changes in their value, it is at least reasonably possible that changes in risks in the near future could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits and the statement of changes in net assets available for Plan benefits.

Administrative Expenses - Plan administrative expenses and professional fees are paid by the Plan.

Payment of Benefits - Benefits are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events – Management has evaluated subsequent events through August 30, 2010, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

Note 3 – Information Certified by the Trustee – Unaudited

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, as complete and accurate, except for comparing such information to the information included in the Plan's financial statements and supplemental schedule.

	December 31,	
	2009	2008
Investments, at fair value:		
Mutual funds	$ 3,002,572	$ 2,279,213
* Common/collective trusts	1,331,183	1,077,552
Money market	1,154	2,461
Participant loans	321,150	212,424
	1,653,487	1,292,437
* Adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts	(23,711)	(1,192)
	$ 1,629,776	$ 1,291,245

* The fair value of the Plan's investment in the SunTrust Retirement Stable Asset Fund, which is included in investments in common/collective trust, was not included in the certification provided by SunTrust Bank as of December 31, 2009 and 2008. However, the contract value of the SunTrust Retirement Stable Asset fund was included in the above referenced certification.

The trustee also certified to the completeness and accuracy of $600,525 of net appreciation in fair value of mutual funds, $58,220 of net appreciation in fair value of common/collective trusts, $42,654 of interest and dividends, and $15,944 of participant loan interest related to the aforementioned investments for the year ended December 31, 2009.

Investments at fair value that represent 5% or more of the net assets available for benefits are as follows at December 31:

	2009	2008
Suntrust Retirement Stable Asset Fund	$ 1,132,928	$ 970,177
Ridgeworth Aggressive Growth Allocation Strat I	1,031,422	838,179
Ridgeworth Moderate Allocation Strat I	686,522	523,763
Franklin Small-Mid Cap Growth Fund A	268,182	210,992
Participant Loans	321,150	212,424

Note 4 – Fully Benefit-Responsive Contracts

For the years ended December 31, 2009 and 2008, the Plan invested in a common/collective trust contract that was determined to be fully benefit-responsive. As a result of the contract being fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the collective trust. Contract value, as reported to the Plan by SunTrust Bank, N.A., represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract was $1,132,928 and $970,177 at December 31, 2009 and 2008, respectively, and is included in common/collective trusts in the accompanying statement of net assets available for benefits. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Average yields:	2009	2008
Based on actual earnings	1.92%	3.98%
Based on interest rate credited to participants	2.53%	3.46%

Note 5 – Plan Termination

Although the Company intends the Plan to be permanent and continuing, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and accrued benefits, to the extent funded or required to be funded, must be distributed to the participants.

Note 6 – Income Tax Status

The Plan is identical to the SunTrust Bank Prototype Defined Contribution Plan (“SunTrust Prototype Plan”) approved as to form by the Internal Revenue Service(“IRS”). The SunTrust Prototype Plan is a qualified plan under Section 401(k) of the Internal Revenue Code (“IRC”) and, as such, is exempt from federal income taxes under Section 501(a) of the IRC. The SunTrust Prototype Plan obtained its latest determination letter dated August 26, 2002, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Note 7 – Party-in-Interest Transactions

Administrative fees paid by the Plan during the year ended December 31, 2009 were based on customary and reasonable rates. Certain investments throughout the year were in trust funds managed by SunTrust Bank, N.A., the Plan's trustee. Participant loan transactions are also considered to be party-in-interest transactions because they are transacted with Plan participants. While these transactions qualify as party-in-interest activity, they are expressly exempted from the prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 to Schedule H of Form 5500:

Net assets available for benefits per the financial statements	$ 4,707,829
Less: Current year employer contribution receivable	(82,063)
Plus: Accrual for participant excess contributions	6,582
Net assets available for benefits per Schedule H of Form 5500	$ 4,632,348

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2009 to Schedule H of Form 5500:

Contributions per the financial statements	$ 448,488
Less: Current year employer contribution receivable	(82,063)
Add: Prior year employer contribution receivable	78,134
Add: Current year excess participant contributions payable	6,582
Contributions per Schedule H of Form 5500	$ 451,141

The following is a reconciliation of contributions receivable per the financial statements for the year ended December 31, 2009 to Schedule H of Form 5500:

Employer contributions receivable per the financial statements	$ 82,063
Less: accrual for year-end employer contribution	(82,063)
Contributions receivable per Schedule H of Form 5500	$ -

Note 9 – Bond Coverage

Under ERISA, the Employer is required to maintain a fidelity bond covering the Plan assets. The required minimum bond coverage must be equal to the lesser of 10% of the Plans beginning net assets or $500,000. For the year ended December 31, 2009, the Plan Sponsor's bond coverage did not meet this minimum bonding requirement.
