INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Trace 3, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Trace 3, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.) ("John Hancock" and/or the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the Trace 3, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is intended to qualify under Section 401(k) of the Internal Revenue Code of 1986, as amended (the "IRC").

General

The Plan is a defined 401(k) contribution plan. The Plan, which became effective January 1, 2003, provides retirement benefits to employees of Trace 3, Inc. (the "Company"). The Company is the Plan Sponsor, Jack A. Cross & Associates, Inc. ("JCA") is the Third-Party Administrator (the "TPA"), and John Hancock Life Insurance Company (U.S.A.) ("John Hancock") is the Custodian of the Plan for the year ended December 31, 2012.

Eligibility

Employees of the Company are eligible to participate in the Plan on the first day of the month following hire date and having reached age 18.

Employee Contributions

Participants may elect to contribute up to the maximum dollar amount allowed under Section 404(a) of the IRC. The maximum contribution allowed for 2012 and 2011 was $17,000 and $16,500, respectively. Participants age 50 can defer an additional amount in excess of the dollar limit in the IRC. For the 2012 and 2011 Plan year, the maximum catch-up contribution was $5,500. Employees may change their elective deferral percentage or amount or discontinue their contributions at any time.

Corrective Distributions Payable

The Plan is required to refund contributions received during the Plan year in excess of the IRC limits. At December 31, 2012, the Plan had $39,331 in corrective distributions payable to participants due to top heavy test failure. The corrective distributions were made in March 2013. There were $12,494 corrective distributions payable at December 31, 2011.

Employer Contributions

Under the current Plan provisions, the Company is not authorized to make employer contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on the proportion of each participant's account balance to the total of all account balances.

1. DESCRIPTION OF THE PLAN (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions into the various funds offered within the Plan.

Vesting

Employee voluntary contributions are 100% vested when contributed.

Notes Receivable from Participants

Participants may borrow from their vested account balances a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance, subject to certain Department of Labor ("DOL") and Internal Revenue Service ("IRS") requirements. The loans are to be secured by the balance in the participant's account and bear interest ranging from 4.25% to 5.25% as of December 31, 2012 and 2011, which commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Upon termination of service before the normal retirement age of 65, a participant may elect for a distribution depending on the amount of the vested account balance as of the date of termination. The participant may elect to receive a lump-sum payment or rollover the vested account balance to an IRA or another qualified plan. If the vested account balance is in excess of $5,000, the participant can choose from the distribution options above, or the participant can also leave the balance in the Plan. However, if the vested account balance is between $1,000 and $5,000, the vested account balance will automatically be rolled over to an IRA selected by the TPA, even if the participant does not consent to a distribution. If the vested account balance is $1,000 or less, it will automatically be distributed to the participant in a lump-sum payment.

Upon termination of service due to disability, a participant may elect to receive a lump-sum distribution equal to the vested account balance. If a participant dies before taking a distribution of his or her vested account balance, the distribution will be made to the designated beneficiary.

Participants may also withdraw funds while they are employed. A participant may withdraw all or part of the vested account balance once age 59½ is reached. Also, a participant may withdraw all or part of his or her rollover contributions in the Plan at any time and at any age. The Plan does not allow for hardship withdrawals.

Forfeitures

Forfeitures result from termination of employment before full vesting has occurred. Since the Plan does not allow for employer contributions, there are no forfeitures at December 31, 2012 and 2011 or for the years then ended.

Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. The Plan's exposure to credit loss in the event of nonperformance by other parties to directly and indirectly owned financial instruments is limited to the carrying value of such instruments. The Plan's concentrations of credit risk are dictated by the Plan's provisions as well as those of ERISA and participants' investment preference.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds and money market portfolio are valued at the quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The net realized and unrealized gains and losses are reflected in the statement of changes in net assets available for benefits as net depreciation in the fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Administrative Expenses

Certain administrative expenses, including legal and accounting, are paid by the Company and accordingly are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and, therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits paid to participants are recorded when paid.

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through October 11, 2013, which is the date the financial statements were available to be issued.

New Accounting Pronouncements

The FASB has published a new Accounting Standards Update (ASU) that defers indefinitely certain disclosures about investments held by nonpublic employee benefit plans in their plan sponsors' own nonpublic equity securities. The ASU was approved by the FASB on June 12, 2013. ASU No. 2013-09, Fair Value Measurement (Topic 820): Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04, applies to disclosures of certain quantitative information about the significant unobservable inputs used in Level 3 fair value measurement for investments held by certain employee benefit plans. The deferral applies specifically to employee benefit plans, other than those plans that are subject to Securities and Exchange Commission filing requirements, that hold investments in their plan sponsors' own nonpublic entity equity securities, including equity securities of their nonpublic affiliated entities. The deferral is effective immediately for all financial statements that have not yet been issued. Adoption of ASU 2013-09 had no effect on the Plan's financial statements.

3. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Information regarding the investments and fair value and investment transactions, as shown in the accompanying financial statements and supplemental schedule, has been certified to the Plan administrator by the Plan's Custodian as of and for the year ended December 31, 2012 and as of December 31, 2011.

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified by the Plan's trustee or custodian need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan Administrator has instructed the Plan's independent public accountants, Squar, Milner, Peterson, Miranda & Williamson, LLP, not to perform any auditing procedures with respect to the 2012 and 2011 information certified by the Plan's Custodians.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED) (continued)

The following information, which was derived from investment information certified by John Hancock, presents investments that represent five percent or more of the Plan's net assets available for benefits.

	2012	2011
Retirement Choices at 2040	$ 431,814	$ 234,504
Retirement Choices at 2035	465,045	289,371
Retirement Choices at 2030	387,477	276,927
Lifestyle Aggressive	380,488	184,990
Lifestyle Growth	1,421,166	626,338
Lifestyle Balanced	343,075	288,700
PIMCO Total Return	389,076	247,099

** Balance represents less than 5% of net assets available for benefits at year-end.*

4. FAIR VALUE MEASUREMENTS

The Plan adopted the provisions of FASB Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures*, or ASC 820, with respect to its investments. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 – Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. The methodologies used to determine the fair value measurements were not changed in 2012 and 2011.

4. FAIR VALUE MEASUREMENTS (continued)

Pooled Separate Accounts

The pooled separate accounts are traded in an active market and are valued based on the net asset values of shares held by the Plan at year-end, and are classified as Level 1 investments.

Money Market Portfolio

The money market portfolio is valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares, held by the Plan at year-end and are classified as Level 1 investments.

Common/Collective Trusts

The shares of common/collective trusts are valued at the unit value as reported by the investment managers and are classified as Level 1 investments.

As of December 31, 2012 and 2011, the Plan did not hold any Level 3 investments. There have been no changes in the methodologies used to measure fair value at December 31, 2012 and 2011.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012

5. TAX STATUS OF THE PLAN

The Plan obtained its last determination letter from the Internal Revenue Service on March 31, 2008. As of that date, the Plan was deemed to be designed to satisfy the qualification requirements, and consequently the related trust appeared to satisfy the tax-exempt requirement of the IRC. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes that the Plan is currently designed and being operated in compliance with the qualification requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST AND REPORTABLE TRANSACTIONS

No prohibited transactions with "parties-in-interest," as defined under ERISA occurred during the Plan year ended December 31, 2012. Administrative expenses of $2,245 were paid to the TPA and the Custodian with Plan assets, and are considered "parties-in-interest" transactions. Certain Plan assets are managed by the Custodian.

Reportable transactions are transactions in excess of five percent of Plan assets, as defined under ERISA. Since the Plan's investments are entirely participant directed, there were no occurrences of reportable transactions required to be reported on a supplemental schedule for the year ended December 31, 2012.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2012 and 2011:

	2012	2011
Net assets available for benefits per the financial statements	$ 6,255,530	$ 3,655,548
Add: Corrective distributions payable	39,331	12,494
Less: Participant contributions receivable	–	(87,184)
Net assets available for benefits per the Form 5500	$ 6,294,861	$ 3,580,858

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2012:

Net increase in net assets available for benefits per the financial statements	$ 2,599,982
