Global Harvest Foods 401(k) Profit Sharing Plan

Independent Auditor's Report

We were engaged to audit the statement of net assets available for benefits of Global Harvest Foods 401(k) Profit Sharing Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's administrator.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Mid Atlantic Trust Company for the period January 1, 2009 through March 31, 2009, and by JPMorgan Chase Bank for the period from April 1, 2009 through December 31, 2009, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the former trustee for the period January 1, 2009 through May 21, 2009, and from the current trustee for the period April 1, 2009 through December 31, 2009, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of December 31, 2009, taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The financial statements of Global Harvest Foods 401(k) Profit Sharing Plan as of and for the year ended December 31, 2008 were audited by us, and our report dated September 24, 2009 expressed an unqualified opinion on those statements.

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 4 to the financial statements, in 2010 the Plan's sponsors elected to terminate the Plan, which indicates the Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon termination.

GLOBAL HARVEST FOODS 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following description of the Global Harvest Foods 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General -

The Plan is a defined contribution plan covering all qualified employees of a controlled group of companies comprised of Mills Bros International Inc., Global Harvest Foods Ltd., Global Harvest Birdseed of South Dakota LLC and Global Harvest of Colorado LLC (hereinafter collectively referred to as "the Companies"). Employees of the Companies become eligible to participate in the salary deferral portion of the Plan upon completion of three months of service and attainment of age eighteen or more. Participation in the matching contributions and discretionary profit sharing contributions commences after one year of service, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions -

Employees participating in the salary reduction feature may contribute amounts up to statutory limits prescribed by the Internal Revenue Code. The Companies will make a matching contribution equal to 50% of the employee deferral limited to the first 4% of eligible compensation. The matching contribution is funded with each pay period.

The Companies may also make a discretionary profit sharing and a Qualified Non-Elective Contribution to the Plan, as determined annually by the employer. This contribution is allocated based on each eligible employee's compensation to the total for all eligible employees. No discretionary contributions were authorized for the 2009 and 2008 plan years.

Participant accounts -

Participant contributions to the Plan are voluntary. Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Plan participants are allowed to direct the salary deferral, employer matching, and employer discretionary contributions to one or a combination of mutual fund and stable value fund investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – continued

Vesting -

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. For employer matching and discretionary contributions, participants gain a vested interest upon years of service as follows:

Years of Credited Service	*Vested Percentage*
Less than 2 years	None
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participant loans -

Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 9.0% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Distributions –

On termination of service or upon attaining age 59-1/2, participants may withdraw their vested account balance from the Plan.

Forfeited accounts -

At December 31, 2009 and 2008, forfeited nonvested accounts totaled $20 and $2,490, respectively. The forfeitures may be used to offset unpaid employer matching contributions or will be allocated to participants based on eligible compensation, as defined.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Use of estimates -

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - continued

Basis of accounting -

The financial statements of the Plan have been prepared on the accrual method of accounting.

Investments -

All Plan investments are directed by the participants to a variety of mutual funds or a stable value fund. The Plan's investments are stated at fair market value. Shares of mutual funds and the stable value fund are valued at the net asset value of shares based on quoted market prices. Investments are valued daily by the Plan's administrator and participants may change their investment direction daily.

Effective January 1, 2008, the Plan adopted Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* (SFAS 157). This standard clarifies the definition of fair value, establishes a framework for measuring fair value and requires disclosures about the use of fair value measurements.

SFAS 157 defines fair value as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between willing market participants at the measurement date. The standard establishes a three-level valuation hierarchy, which is based on the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels of valuation are defined as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets.

Level 2 – Inputs to the valuation methodology are other significant observable inputs, including inputs that are observable for the securities or similar securities, either directly or indirectly and market corroborated inputs.

Level 3 – Inputs to the valuation methodology are unobservable inputs and significant management judgment or estimation is required in determining fair value.

Management has determined that the mutual fund assets are valued using Level 1 inputs and the common/collective trust investment is valued using Level 2 inputs. Because the participant loans are not actively traded and significant other observable inputs are not available, the fair value of participant loans was determined using Level 3 inputs. There were no unrealized gains or losses on Level 3 investments in 2009 or 2008.

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Strategic Allocation Funds	$47,963			$47,963
Other Mutual Funds	791,178			791,178
Common Collective Trust		$18,494		18,494
Participant Loans			$11,879	11,879
Total Assets at Fair Value	$839,141	$18,494	$11,879	$869,514

Note 2 - continued

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$571,222			$571,222
Money Market Fund	17,775			17,775
Participant Loans			$15,246	15,246
Total Assets at Fair Value	$588,997	$-	$15,246	$604,243

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the statement of changes of net assets available for benefits.

Income recognition –

Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends reinvested, and realized and unrealized gains and losses relative to individual mutual funds and the stable value fund are reported in net appreciation in fair value of investments.

Net appreciation in value of investments represents the net increase (decrease) in the value of investments sold during the year or held at year-end over (1) the value of investments held at the prior year-end, or (2) the cost of investments acquired during the current year.

Administrative expenses –

Administrative expenses of the Plan are primarily paid by the Companies.

Benefits to participants –

Benefits paid to participants are recognized when paid. At December 31, 2009 and 2008, there were no amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid.

NOTE 4 – PLAN TERMINATION

The Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Subsequent to year end, management of the Companies determined that the Plan would be discontinued in 2010. The financial statements do not include any adjustments that might be necessary upon termination.

NOTE 5 – TAX STATUS

The Plan operates under provisions of a prototype plan which received an opinion letter from the Internal Revenue Service dated March 31, 2008, which stated that the prototype plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Administrator believes that the Plan and related trust are designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2009, the Plan determined that, based on discrimination testing, certain key participants were required to receive a refund of contributions in excess of amounts allowed to permit the plan to pass its testing.
