NOTE 1 – DESCRIPTION OF PLAN

The following description of the Atlantic Business Products 401 (k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

OVERVIEW

On January 1, 1991, Atlantic Business Products, Inc., (the "Company"), established the Atlantic Business Products 401(k) Plan, for the exclusive benefit of the participants (employees) and their beneficiaries. The Plan is a defined contribution plan covering all eligible full time employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by the Chief Executive Officer of the Company, appointed by Sponsor Company's Board of Directors.

On January 1, 2007, the Plan was split into two plans, Atlantic Business Products 401(k) Plan for the Sales and Administrative Staff and Atlantic Business Products 401(k) Plan for Sales and Service Technicians. On December 31, 2009, these two plans were merged into one plan to better serve the needs of all employees.

ELIGIBILITY

Employees of the Company who has attained age eighteen are eligible to participate in the plan immediately upon hiring.

CONTRIBUTIONS

Participants may contribute up to $17,000 of pretax annual compensation for 2012, with a catch-up contribution of $5,500 for employees age 50 or older, adjusted annually for cost of living by the Internal Revenue Service. Unless otherwise provided by contract or law, the Employer may make its contribution to the Plan for a particular plan year at such time as the Employer in its sole discretion determines. Participants may also rollover amounts representing distributions from other eligible retirement plans.

VESTING

Participants are vested immediately in their contributions, rollover contributions plus actual earnings thereon. A participant is 100 percent vested after one year of credited continuous service.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the life expectancy of the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

PARTICIPANT ACCOUNTS

The plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the company's matching contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the plan are prepared on an accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments in all funds are reported at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2012 and 2011. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year. See Note 3 for discussion of fair value measurements.

CONTRIBUTIONS

Contributions from employees are recorded as they are withheld from the participant's wages. Contributions from the Company are recorded in the period they are contributed.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded when paid.

OPERATING EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses incurred by the custodian are paid from the assets of the Plan.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair values may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels as defined below:

Level 1 - Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 - Inputs other than quoted prices included within Level 2 that are observable for identical assets, either directly or indirectly.

Level 3 - Inputs are unobservable and have the lowest priority.

Mutual Funds: Level 1 - The fair values of mutual funds are based on the quoted net asset values of the shares held by the Plan at year end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Common Collective Trusts: Level 2 – The fair values of common collective trusts are based on the quoted net asset values of the units held by the Plan at year end. The net asset value is based on the fair value of the underlying instruments held by the fund less its liabilities.

Guaranteed Investment Contracts: Level 3 – Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

	December 31, 2012			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$7,739,820	$ -	$ -	$7,739,820

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2012:

	December 31, 2012	December 31, 2011
Balance, beginning of year:	$188,173	$200,967
Realized gains (losses)	(145,733)	1,506
Unrealized gains (losses)	34,082	(522)
Contributions	33,595	1,400

Transfers	818,843	(13,144)
Balance, end of year:	$647,567	$188,173
The amount of unrealized gains and (losses) for the year included in changes in net assets available for benefits relating to investments still held at the reporting date.	$ 34,082	$ (522)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2012 and 2011, are reported in net appreciation (depreciation) in fair value of investments.

NOTE 4 – INVESTMENTS

Participants direct the investment of their contributions into various investment funds offered by the plan. The plan currently offers various mutual funds, common/collective trusts and guaranteed investment contracts, as investment options for participants.

The following investments represent five percent or more of the plan's net assets as of December 31, 2012 and 2011:

	December 31, 2012	December 31, 2011
American Cent MDCP Val A Fund	$ 473,291	$ -
Principal Smallcap S&P 600 IDX R5 Fund	613,777	-

Principal SAM Balanced R5 Portfolio	2,808,779	-
Guaranteed Investment Contracts	681,649	-
Lifestyle Aggressive 999	-	1,162,939

Mid Value Fund	-	407,830
Small Company Value Fund	-	529,543
Money Market Fund	-	431,552

The plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $818,095 and ($311,689) during the year ended December 31, 2012 and 2011.

NOTE 5 – GUARANTEED INVESTMENT CONTRACTS

Under Statement of Position No. 94-4-1, issued by the AICPA, investment contracts that are not "fully benefit responsive" are to be reported at "fair value" and not "contract value". The John Hancock group annuity contract is not "fully benefit responsive" for contract holders investing in guaranteed investment contracts. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to arrive at contract value.

NOTE 6 – CERTIFIED INVESTMENTS

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2012 and 2011, and net appreciation in fair value of investments, interests and dividends for the year ended December 31, 2012, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock and Principal Trust Company (the trustee of the plan). The contract value of the guaranteed investment contract was certified by the trustee.

NOTE 7 – NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus one percent, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions.

NOTE 8 – TRANSACTIONS WITH PARTIES IN INTEREST

Fees incurred by the plan for investment management services were included as a reduction of the returns earned on each fund. These transactions qualify as party-in-interest transactions. For the years ended December 31, 2012 and 2011, amounts of $2,556 and $3,760 were charged to the plan for such services.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total account balance under the Plan. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Internal Revenue Code.

NOTE 10 – TAX STATUS

The Plan has obtained a tax determination letter from the Internal Revenue Service indicating that the Plan qualifies under the provisions of Section 401(k) of the Internal Revenue Code and that the related Trust is exempt from Federal income taxes under Section 501(a) of the Code. Thus, no provision for Federal income taxes has been made in the accompanying financial statements.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 – CHANGE OF CUSTODIAN

Plan Administrator has elected to change the custodian from John Hancock to Principal Trust Company to take advantage of various investment options provided by Principal Trust Company for the benefit of the plan's participants. Assets held with John Hancock as of March 30, 2012, were transferred to Principal Trust Company.

NOTE 13 – SUBSEQUENT EVENTS
