INDEPENDENT AUDITOR'S REPORT

To the Trustees
Meriliz, Inc. DBA Dome Printing 401k Plan (the Plan)

I was engaged to audit the accompanying financial statements (modified cash basis) of Meriliz, Inc. DBA Dome Printing 401k Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I am not able to obtain appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by the Hartford Life Insurance Company and Jackson National Life Insurance Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan

administrator has obtained a certification from the trustee as of and for the year ended 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Basis of Accounting

I draw attention to Note 2 of the financial statements, which describes the basis of accounting. This financial statement is prepared on the modified cash basis of accounting, utilized in the preparation of the Plan's Form 5500, which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinion is not modified with respect to that matter.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

I am engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H Line 4i – Schedule of Assets (Held at End of Year), which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

- **NOTE 1 - DESCRIPTION OF PLAN**

The following description of the Meriliz, Inc. DBA Dome Printing 401(K) Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1) *General:* The plan is a defined contribution plan adopted January 1, 1987, covering all full-time employees of Meriliz, Inc. DBA Dome Printing 401(K) Plan (The Company) who have six months of service and are 21 years or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2) *Contributions:* Each year, participants may contribute up to $17,000 in 2012 (thereafter as adjusted by the Secretary of Treasury) as defined in the plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 29 mutual funds as investment options. The Company contributes at its discretion, an amount equal to a percentage of base compensation. Contributions are subject to certain limitations. Employer contributions are directed by the participants on the same basis as their own contributions.

3) *Participant Accounts:* Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4) *Vesting:* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

5) *Note Receivable from Participants:* Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account. Interest is charged at a reasonable rate determined by prevailing rates at that time. Principal and interest is paid ratably through monthly payroll deductions.

6) *Funding Policy:* It is the policy of Meriliz, Inc. DBA Dome Printing to fully fund all participant accounts as required by ERISA. Participant contributions are funded as soon as possible at the end of each pay period. Employer contributions are funded quarterly on a discretionary basis.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

7) *Payment of Benefits:* On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or may elect a systematic withdrawal plan (installment plan).

8) *Forfeitures:* Forfeitures are used to reduce the employer liability for current contributions and pay for plan maintenance and administration fees. The amount of forfeitures used to reduce current contributions and pay for expenses was $3,302 and $0 during 2012 and 2011.

9) *Administration Costs*: Administration costs are currently being paid by the Plan.

10) *Plan Termination*: Although they have not expressed any intent to do so, the Employers' have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

- **NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**

1) *Basis of Accounting*: The financial statements of the Plan are prepared under the modified cash method of accounting utilized in the preparation of the Plan's 5500. This means contributions are recognized when they are received by the custodian of the plan and expenses are recognized when paid. Certain contract value disclosures have also been omitted.

2) *Investment Valuation and Income Recognition*: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the market date. See Note 8 for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

3) *Estimates*: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4) *Payment of Benefits:* benefits are recorded when paid.

- **NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)**

5) *Date of Management's Review:* Subsequent events were evaluated through September 27, 2013, which is the date the financial statements were available to be issued.

6) *Notes Receivable from Participants:* Loans to participants are reported at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Adjustments	-0-	-0-
Net assets available for plan benefits per Form 5500	$4,389,175	$4,345,907

- **NOTE 6 - TAX STATUS**

The Plan obtained its latest determination letter March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

- **NOTE 7 - CONCENTRATION OF CREDIT RISK ARISING FROM INVESTMENTS IN UNINSURED ACCOUNTS**

The Plan's investments are currently held with Hartford Life Insurance Co and Jackson National Life Insurance Company. These funds are uninsured and are not guaranteed. The value is based on current market value that varies daily. The availability of funds is based on the financial strength of the mutual funds and insurance company. Uninsured balances total $4,389,175 and $4,345,037 at December 31, 2012 and 2011.

- **NOTE 8 - FAIR VALUE MEASUREMENTS**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level inputs were available to the Plan, and Level 3 inputs were used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 3 Fair Value Measurements

The investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the investment contract is determined using the greater of the value of the underlying assets or a minimum value guaranteed by Hartford Life Insurance Company and Jackson Life Insurance Company.

- **NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)**

The following tables set forth, by level, within the Fair Value hierarchy, the plans investments at December 31, 2012 and 2011.

Purchases, issues, sales and settlement:	
Purchases	310,882
Sales and settlements	(33,633)
Ending balance	$2,239,728

The amount of total gains or losses for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains or losses related to assets held at the end of the reporting period.

- **NOTE 9 - RELATED-PARTY TRANSACTIONS**

The Plan has contracted with Benefit Resources as third party Administrator. Benefit Resources was paid $1,028 in 2012. Fees paid by the Plan for investment management services were undisclosed by Hartford Life Insurance Company and Jackson National Life Insurance Company for 2012.

The broker of the Plan was paid $13,025 for investments in Jackson National Life Insurance, and $3,898 for investments in Hartford Life Insurance.

- **NOTE 10 - INVESTMENT CONTRACT WITH INSURANCE COMPANY**

In 2010, the Plan entered into a benefit-responsive guaranteed investment contract with Jackson National Life Insurance Company (Jackson). In 2011, The Plan entered into a benefit-responsive investment contract with Hartford Life Insurance Company (Hartford). Jackson and Hartford maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value. Contract value has not been reported to the Plan by Jackson. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

- **NOTE 10 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)**

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $2,321,133 and $2,188,213 respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 6% for Jackson and 3% for Hartford. Such interest rates are reviewed on an annual basis for vesting.

Certain events limit the Plan's ability to transact at contract value with Jackson. Such events include the following:(A) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (B) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (C) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2012	2011
Average yields:		
Jackson		
Based on actual earnings	6.00%	6.00%
Based on interest rate credited to participants	6.00%	6.00%
Hartford		
Based on actual earnings	3.25%	3.20%
Based on interest rate credited To participants	3.0%	3.0%

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
