Report on the financial statements

We were engaged to audit the accompanying financial statements of Heico Holding, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in note G, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of December 31, 2012 and 2011, and for the year ended December 31, 2012, stating that the certified information provided to the Plan administrator is complete and accurate.

NOTE A - PLAN DESCRIPTION

The following description of the Heico Holding, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan. All non-union employees of Heico Holding, Inc. (the Company) are eligible to become participants in the Plan if they were employed by the Company, its subsidiaries and affiliates who have adopted the Plan, on the first day of the month following three months of employment, provided he or she has attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

State Street Bank and Trust Company (State Street) is the trustee of the Plan. MassMutual Retirement Services (MassMutual), a division of Massachusetts Mutual Life Insurance Company, is the record keeper of the Plan and manages certain investments.

Net Transfers

Net transfers represent participant account balances transferred to/from the Plan as a result of employee movement within Company affiliates.

Contributions

Participants elect to make pretax contributions ranging from 1% to 50% of their total eligible compensation, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. During 2012, the Company made a 50% matching contribution on the first 6% of participant contributions (the amount is determined by resolution of the board of directors). Participants are eligible for the matching contribution upon completion of a one-year service requirement and 1,000 hours of service. The Company may also contribute additional amounts at the discretion of the Company's board of directors. There were no discretionary contributions made for the year ended December 31, 2012. Participants direct the investment of their total account balances into various investment options offered by the Plan.

Participant Accounts

Participants can direct the investment of their accounts on a daily basis into the investment options offered by the Plan. Each participant's account is credited with the participant's contributions, Company contributions and allocations of the Plan's earnings. Allocations of the Plan's earnings to each participant's account are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan permits participants to borrow a maximum of $50,000 or 50% of the participants' vested account balances. Loans are generally payable within five years, with the exception of loans to purchase a principal residence. Loans will bear a reasonable rate of interest as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Vesting and Forfeitures

Participants are at all times fully vested in their own contributions, Company matching contributions and earnings thereon. Vesting in Company discretionary contributions is based on the following schedule:

Service	Vesting percentage
Less than two years	0%
Two years	20
Three years	40
Four years	70
Five years	100

Forfeited non-vested accounts from Company contributions totaled approximately $3,000 and $6,000 at December 31, 2012 and 2011, respectively. During the year ended December 31, 2012, there was approximately $4,000 of forfeitures used to reduce Company contributions.

Payment of Benefits

On retirement, death, disability or termination of service, a participant may elect to receive a lump-sum distribution equal to his or her vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

New Accounting Guidance

In May 2011, the Financial Accounting Standards Board (FASB) issued guidance clarifying how to measure and disclose fair value. This guidance amends the application of existing fair value measurement requirements, while other amendments change a particular principle in existing fair value measurement guidance. In addition, this guidance requires additional fair value disclosures, although certain of these new disclosures will not be required for non-public entities. The amendments were effective for interim and annual periods beginning after December 15, 2011. The Plan has adopted this guidance effective January 1, 2012, for annual reporting periods.

Fully Benefit-Responsive Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract

value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment in the pooled account as well as the adjustment of the investment in the pooled account from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract-value basis.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclose of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Realized and unrealized appreciation is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of mutual funds. Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Company pays for the majority of the Plan's administrative expenses. Loan processing fees are paid by the participant.

Certain management fees and operating expenses for administration of the Plan, such as record-keeping and custodial services, are deducted from income earned on a daily basis on investments in the funds included in the Plan and, therefore, are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments, which is included in net investment income in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE C - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2012	2011
Mutual funds		
Oppenheimer Small- & Mid-Cap Value Fund	$ 6,559,048	$ 6,919,264
Select Mid Cap Growth Equity II Fund (T. Rowe Price)	6,984,288	6,509,813
American Funds Balanced Fund	8,455,201	7,614,312
Pooled separate account		
MassMutual Diversified Bond Fund	58,156,080*	53,591,200*

* The fair value of the MassMutual Diversified Bond Fund was $63,589,586 and $57,753,212 at December 31, 2012 and 2011, respectively.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including the following:

1. Quoted prices for similar assets or liabilities in active markets.

2. Quoted prices for identical or similar assets or liabilities in inactive markets.

3. Inputs other than quoted prices that are observable for the assets or liabilities (including volatilities).

4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds - Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate account - Valued at NAV based on a pro rata share of the market value of the underlying investments in the separate account. In determining the reasonableness of the methodology, the Plan's management evaluates a variety of factors, including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. See note H for more information.

The Company is governed by the 401(k) Committee of The Heico Companies, L.L.C. and Heico Holding, Inc. Quarterly meetings are held with investment advisors to review and recommend the performance of all funds in the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2012

* The pooled separate account is valued at the December 31, 2012 and 2011, NAV per share as provided by the account's administrator based on the pro rata share of the market value of the underlying investments in the pooled separate account. Redemption from the pooled separate account is permitted with 30 days' notice.

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2012:

Pooled separate account	
Balance, beginning of year	$57,753,212
Unrealized gains relating to instruments still held at December 31	1,271,495
Purchases	7,434,873
Sales	(2,869,994)
Balance, end of year	$63,589,586

NOTE E - TAX STATUS

The Internal Revenue Service (IRS) issued a determination letter dated March 5, 2012, stating that the Plan was designed in accordance with the applicable Internal Revenue Code (IRC) requirements as of that date. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance, in all material respects, with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and that the related trust was tax exempt as of the financial statement dates.

U.S. GAAP requires management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

It was determined that certain participant contributions and loan repayments were not remitted to the trust as soon as administratively possible. These amounts are related to Plan years 2010 through 2012. The Company funded the correction in 2013.

NOTE F - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, all participants will become 100% vested in their Company discretionary contribution account balances.

NOTE G - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street has certified that the reports prepared by MassMutual and included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2012 and 2011 (fair market value adjustment certified by MassMutual).

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2012.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2012.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE H - GENERAL INVESTMENT ACCOUNT

The Diversified Bond Fund (Bond Fund) is a separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the separate account investment contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balances in the Bond Fund at contract value. Contract value represents contributions, plus credited interest, less participant withdrawals and fees. The Bond Fund is considered fully benefit-responsive notwithstanding the liquidation events under the contract that would limit the ability of the Plan to transact at contract value. Company-initiated events, such as layoffs, a sale of a business unit, a Company merger, or not offering the Bond Fund to participants, are considered events that could be subject to the liquidity provisions of the fund.

The interest credited to the Bond Fund option is determined based on anticipated market returns for the underlying assets of the Bond Fund. The Bond Fund invests primarily in a diversified portfolio of investment-grade fixed income securities, such as corporate, U.S. government and its agencies, foreign issuers, and mortgage-backed and other asset-backed securities. At December 31, 2012 and 2011, the average yield and average interest rate credited to participants for the Bond Fund was 3.95% and 4.66%, respectively.

NOTE I - RISKS AND UNCERTAINTIES

The Plan provides participants the option to direct their contributions to numerous investments securities. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and that such changes could materially

affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Mass Mutual; therefore, these transactions qualify as party-in-interest transactions.

UBS Financial Services Insurance Agency Inc. (UBS) serves as an investment advisor and insurance broker for the Plan and receives indirect compensation for the services provided. An individual related to the Plan sponsor is employed by UBS.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2012 and 2011, to the Form 5500:

	2012	2011
Net assets available for benefits per financial statements	$124,239,808	$112,032,072
Adjustment from contract value to fair value for interest in pooled separate account relating to fully benefit-responsive investment contracts	5,433,506	4,162,012
Net assets available for benefits per Form 5500	$129,673,314	$116,194,084

The following is a reconciliation of net increase prior to net transfers in per the financial statements for the year ended December 31, 2012, to the Form 5500:

Net increase prior to net transfers in per financial statements	$12,125,411
Plus adjustment from contract value to fair value for interest in pooled separate account relating to fully benefit-responsive investment contracts as of December 31, 2012	5,433,506
Less adjustment from contract value to fair value for interest in pooled separate account relating to fully benefit-responsive investment contracts as of December 31, 2011	(4,162,012)
Net income per Form 5500	$13,396,905

NOTE L - SUBSEQUENT EVENTS

The Company evaluated the Plan's December 31, 2012, financial statements for subsequent events through November 13, 2013, the date the financial statements were available to be issued. The Company is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

HEICO HOLDING, INC. 401(K) PLAN

EIN: 36-1622665, PN: 003

ATTACHMENT TO FORM 5500, SCHEDULE H, ITEM 4a

The Plan Sponsor hereby reports that the following delinquent contributions (i.e., participant contributions and loan repayments) were not transmitted timely to the trust for the above-referenced Plan in accordance with the time period described in 29 CFR 2510.3-102:

Plan Year Ending	Amount of Delinquent Contributions	Amount of Restorative Earnings*
December 31, 2010	$7,609,199	$10,899
December 31, 2011	$7,248,685	$8,177
December 31, 2012	$7,081,848	$6,964
Total	$21,939,732	$25,640

* The Plan Sponsor has deposited the above delinquent contributions to the Plan's trust. The total earnings amount shown above has been determined as of November 15, 2013 using the calculation methodology approved by the Department of Labor ("DOL") under its Voluntary Fiduciary Correction Program ("VFCP"). The Plan Sponsor expects to make a full restorative contribution of the earnings amount to the Plan's trust as of such date and, as soon as administratively feasible thereafter, will allocate the amount to the affected Plan participants in accordance with the applicable rules under VFCP. The Plan Sponsor will also submit a VFCP filing to the DOL for purposes of obtaining its approval of the corrections.
