Independent Auditor's Report

To the Audit Committee
William H. Sadlier, Inc. 401(k) Profit Sharing Plan
New York, New York

We were engaged to audit the financial statements and supplemental schedule of the William H. Sadlier, Inc. 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, the trustee and custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 4, the Plan administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information provided to the Plan administrator by the trustee as of and for the year ended December 31, 2009, and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the William H. Sadlier, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, which commenced in 1986 and was amended effective October 1, 2009, is a defined contribution plan covering all eligible employees of William H. Sadlier, Inc. (the "Company" and "Plan Sponsor"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: The Plan covers all salaried employees who become eligible after the subsequent calendar quarter, who have attained the age of 21 and who have completed three months of service. Any employee who was not eligible to participate in the Plan on its effective date will become eligible on the first day of the quarter nearest the time when such employee meets these requirements.

Contributions: The Plan, as amended, allows participants to contribute up to 70% of compensation on a pretax basis as limited by statutory regulations under the Internal Revenue Code of 1986 (the "Code") as amended. Participants who reach age 50 during the Plan year are allowed to make catch-up contributions subject to annual limitations. In 2009, the maximum catch-up contributions allowable under the Plan amounted to $5,500 and are adjusted annually. The annual pretax contribution limitation for each participant, adjusted each year for cost-of-living adjustments prescribed under Section 415(d) of the Code, was $16,500 in 2009.

The Plan Sponsor, as presently authorized by its board of directors, makes discretionary elective contributions on behalf of participants in amounts equal to 50% of the participants' contributions, subject to a maximum of 6% of each participant's compensation. These matching contributions are subject to the vesting schedule described below. Compensation includes all wages subject to tax under Section 3101(a) of the Code, without regard to the dollar limitation of Section 3121(1), but not including deferred compensation other than contributions through a salary reduction agreement to a cash or deferred plan under Section 401(k).

Effective January 1, 2008, all eligible employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation, unless specifically opting out of the Plan.

Each Plan year, the Plan Sponsor may also make an additional profit-sharing contribution as declared by the Plan Sponsor's board of directors. This amount is allocated to each participant on the basis of actual compensation paid during the period. These amounts are recorded in the Plan Sponsor contribution accounts and are subject to the vesting schedule described below. In 2009 and 2008, the Plan Sponsor's board of directors did not declare an additional profit-sharing contribution.

A participant may make a rollover contribution to the Plan of amounts which he or she has received from another qualified plan.

Participants' Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant contributions, earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Upon termination of employment, the vesting in the Plan Sponsor's contribution is as follows: after two years of service, 20% vested; after three years of service, 40% vested; after four years of service, 60% vested; after five years of service, 80% vested; and after six years of service, 100% vested. If a participant leaves the employ of the Company prior to such time, the portion of the accrued benefit which has not vested is forfeited.

Upon termination of the Plan, the benefits of each participant shall become fully vested and nonforfeitable to the extent of the fund.

Payment of Benefits: Upon reaching retirement, or upon permanent disability, the initial amount to which the participant is entitled shall be paid as soon as practical, but in no event later than 60 days following the close of the Plan year in which he or she reached normal retirement age. If a participant continues employment beyond the normal retirement age of 65, payment may be deferred until he or she terminates employment.

Unless an optional form of benefit is selected pursuant to a qualified election within the 90-day period ending on the day benefit payments would commence, a participant will be paid in the form of a qualified joint and survivor annuity. If the participant is unmarried or chooses to have benefits paid in a form other than a joint survivor or annuity, benefits shall be paid in either a lump sum or in the form of monthly or annual installments over a period not to exceed the life or life expectancy of the participant or in the form of a combination of the above-mentioned options.

Upon a participant's death, all benefits payable shall be paid to a designated beneficiary in substantially equal installments over the life expectancy of the beneficiary commencing no later than one year after the participant's death. If the beneficiary is the participant's surviving spouse, distributions shall begin no later that the date on which the participant would have attained age 70½.

Upon termination of service before retirement, disability or the participant's death, the Plan administrator shall either distribute the vested portion of such participant's employer contribution account plus his or her participant account or defer distribution until the participant reaches normal retirement age. Nonvested amounts that are forfeited are applied to reduce the amount of future Plan Sponsor contributions to the Plan.

Withdrawals: The Plan provides for hardship withdrawals where participants shall be permitted to withdraw a portion of their participant accounts. The amount of the withdrawals may not exceed the amount required to meet the immediate financial need created by such hardship, and participants must demonstrate that such amount is not reasonably available from other financial sources available to them.

Forfeitures: Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions. Employer contributions were reduced by $11,996 and $82,207 from forfeited nonvested accounts during 2009 and 2008, respectively.

Loans: The Plan allows participants to borrow from the Plan provided that such a loan, when added to the outstanding balance of all loans to the participant, would not exceed the lesser of $50,000 or 50% of the value of the participant's total vested account balance under the Plan, or $50,000. Each participant shall be permitted to apply for no more than one loan per Plan year with a maximum of three outstanding loans. Loans may be made only from the employee account. No loan shall be made in an amount less than $500. All terms of the loans are defined in the Plan. The loans bear interest equal to the prevailing commercial interest rate and are repayable up to a five-year period.

Note 1. Plan Description (Continued)

Investment Options: Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments to any of 15 investment options.

Administrative Expenses: Custodial fees and expenses incurred are charged directly to participant accounts. All other administrative costs are paid by the Plan Sponsor.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of Accounting: The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment Valuations and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Recently Adopted Accounting Pronouncements: In June 2009, the Financial Accounting Standards Board (the "FASB") issued guidance on the Accounting Standards Codification ("ASC") and the hierarchy of generally accepted accounting principles ("GAAP") (issued as SFAS No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement No. 162)*, which established the FASB Standards Accounting Codification (the "Codification") as the source of authoritative GAAP recognized by the FASB to be applied to nongovernmental entities, and rules and interpretive releases of the Securities and Exchange Commission (the "SEC") as authoritative GAAP for SEC registrants. The Codification superseded all the existing non-SEC accounting and reporting standards upon its effective date and, the FASB will not issue new standards in the form of Statements, FASB Staff Positions or Emerging Issues Task Force Abstracts. This guidance also replaced the prior guidance regarding the GAAP hierarchy, given that the guidance within the Codification carries the same level of authority. The Codification is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The guidance is limited to disclosure in the financial statements and the manner in which the Plan refers to GAAP authoritative literature. There was no material impact on the Plan's financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

The FASB issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Subsequent Events: The Plan has evaluated subsequent events through September 2, 2010, the date the financial statements were available to be issued.

Recent Accounting Pronouncements: In January 2010, the FASB issued an amendment, *Fair Value Measurements and Disclosures - Improving Disclosures About Fair Value Measurements* ("ASU 2010-06"), which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances and settlements, instead of netting these changes. With respect to matters other than Level 3 measurements, the amendment was effective and not yet adopted for periods beginning on or after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. The Plan Sponsor's management is currently evaluating the impact that the guidance related to Level 3 measurements will have on the financial statements.

Note 3. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds (Registered Investment Companies): Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets primarily include exchange-traded equity securities, mutual funds and U.S. Treasury bonds. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and are classified as Level 1 investments.

Stable Value Fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Participant Loans: Valued at amortized cost, which approximate fair value and are classified as Level 3 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

		Assets at Fair Value as of December 31, 2009

(1) In 2001, the Plan entered into a benefit-responsive investment with Morgan Stanley, held by SEI Trust Company. The investment, known as Morgan Stanley Stable Value Fund ("Stable Value Fund") maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Value Fund invests in shares of no-load mutual funds and in benefit-responsive book value agreements from major financial institutions such as banks and insurance companies to provide liquidity on a book value basis. The Stable Value Fund also invests in Guaranteed Investment Contracts and Stable Value Commingled Investment Funds. The beneficial ownership in the Stable Value Fund is represented by Units, and the Fund expects that each Unit will have a constant value of $1, although there is no assurance that each Unit will have a value of $1. Dividends, based on the investment income, are declared each day and credit monthly to the Plan's account. For the year ended December 31, 2009, the investment in the Stable Value Fund yield approximately 0.91%. Because this investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Stable Value Fund investments. At December 31, 2009, fair value for this investment was approximately 87.34% of the contract value.

Note 3. Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009 and 2008:

	Level 3 Assets
	Year Ended December 31, 2009

Note 4. Investments Certified by the Custodian

The following table summarizes the participant-directed investments held by the custodian. Investments that represent 5% or more of the Plan's net assets are separately identified.

State Street Bank and Trust Company has also certified the completeness and accuracy of $3,750,339 of net appreciation in fair value of mutual funds and $339,635 of interest and dividends ($41,754, $248,323, and $49,558 from stable value fund, mutual funds and participant loans, respectively) for the year ended December 31, 2009.

* This amount represents contract value for this investment.

Note 5. Related Party Transactions

Certain Plan investments are shares of trust funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $2,849 for the year ended December 31, 2009.

Note 6. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by Automatic Data Processing Federal Credit Union. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by action of its board of directors, subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their employer contributions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of those investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of changes in net assets available for benefits.
