NOTE 1 - DESCRIPTION OF THE PLAN

The Lost Arrow Corporation 401(k) Plan (the "Plan") is a defined contribution plan with an optional cash or deferral payout arrangement. The Plan covers eligible employees, as defined in the Plan, of Lost Arrow Corporation (the "Company"). The Plan was effective July 1, 1988 and is subject to the provisions of the Employee Retirement Income Security of 1974 ("ERISA").

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. Eligibility

Full-time and part-time employees of the Company are eligible to participate in the Plan after completing six months of service and reaching age 21 (Note 8). Upon satisfying these requirements, a participant is eligible to participate in the Plan on February 1, May 1, August 1 and November 1.

B. Contributions

Participants may contribute, on a pre-tax basis, up to 50% of their annual compensation, as defined by the Plan, subject to Internal Revenue Code ("IRC") limitations. The Company matches a participant's contribution to the Plan in an amount equal to 50% of the first 5% of the participant's compensation contributed to the Plan. The Company also makes a Safe Harbor matching contribution of 3% of compensation. The Company may also make, at management's discretion, a profit sharing contribution to the Plan in an amount to be determined each year. Employees must be participants in the Plan on the last day of the Plan year in order to receive an allocation of the profit sharing contribution. For the Plan year ended April 30, 2013, the Company made a discretionary profit sharing contribution equal to 2% of the participant's compensation only to employees active and eligible on April 30, 2013. Discretionary profit sharing contributions totaled $958,573, employer Safe Harbor contributions totaled $1,511,086 and employer matching contributions totaled $855,411 for the year ended April 30, 2013. Catch-up contributions are permitted.

C. Vesting

Participants are immediately vested in their voluntary contributions, safe harbor contributions, rollover contributions and earnings thereon. Vesting in the Company's matching and profit sharing contributions and earnings thereon is based on years of service as follows:

Years	Vesting Percentage (%)
1	0
2	0
3	100

D. Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contributions, safe harbor contributions and allocations of (a) the Company's matching and profit sharing contributions and (b) the Plan's earnings. Allocations of the Company's matching and profit sharing contributions to the different funds are based on the allocation percentages that the participants choose. Allocations of the Plan's earnings are based on the different funds' earnings and the relative percentage of the funds the participants choose to hold. The benefit to which a participant is entitled is the benefit that can be provided from the vested amount in his or her account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Forfeitures

Terminated participants' non-vested balances are forfeited and used to reduce future Company contributions. For the year ended April 30, 2013, forfeited non-vested accounts totaled $45,906. As of April 30, 2013 and 2012, $51,827 and $5,913, respectively, was available to offset future Company contributions. No forfeitures were used to offset Company contributions for the year ended April 30, 2013.

F. Investment Options

As of April 30, 2013, a participant may direct contributions to the following funds:

Vanguard Retirement Savings Trust

The Fund seeks a stable share value and current income consistent with bonds of 2 to 3 year average maturity by investing in high-quality, fixed income securities with financial backing from insurance companies and banks that will enable it to maintain a constant per share net asset value.

Vanguard Windsor II Fund

The Fund seeks long-term growth of capital and income from dividends through a multimanager structure including both fundamental and quantitative approaches to select out-of-favor stocks of large or mid-capitalization companies.

Vanguard 500 Index Fund

The Fund seeks long-term growth of capital and income from dividends by investing in all 500 stocks that make up the Standard & Poor's 500 Index in proportion to their weighting in the index.

Vanguard PRIMECAP Fund

The Fund seeks long-term growth of capital by using a fundamental approach to invest in stocks of out-of-favor companies at attractive valuations.

Vanguard Explorer Fund

The Fund seeks long-term growth of capital by investing through a multimanager structure that selects small cap growth stocks through a variety of fundamental and quantitative methods.

Vanguard Wellington Fund

The Fund seeks to provide long-term capital appreciation and reasonable current income.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Investment Options (Continued)

Dodge & Cox Income Fund

The Fund seeks a high and stable rate of current income, consistent with long-term preservation of capital. A secondary objective is to take advantage of opportunities to realize capital appreciation.

Calvert Equity Portfolio

The Fund seeks long-term growth of capital by investing primarily in the stocks screened for their impact on society. Both negative screening (prohibiting certain investments) and positive screening (including companies with progressive practices) is permitted.

Royce Low-Priced Stock Fund

The Fund seeks long-term capital appreciation by investing primarily in the low-priced equity securities of mid-, small- and micro-cap companies that are out of favor but have strong balance sheets and cash flows.

American Funds EuroPacific Growth Fund

The Fund seeks long-term capital appreciation by investing in stocks of companies located outside the United States, chiefly in Europe, Asia and the Pacific Rim.

G. Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one year to a maximum of five years. The interest rate on loans is based on the prime rate plus 1% and is a fixed rate set for the term of the loan. Loans are secured by the participants' vested account balances.

H. Benefits

Benefits may be withdrawn upon termination of employment, becoming disabled, and/or attaining normal retirement age (age 59½). Upon termination, participants with a vested account balance in the Plan of no more than $1,000 will have a lump sum payment paid directly to them. For participants with a vested account balance of $1,001 or more, but less than or equal to $5,000, the balance will be rolled over to an Individual Retirement Account with Vanguard Fiduciary Trust Company if the participant does not elect a distribution or rollover to another account. Participants with a vested balance more than $5,000 may elect to receive a lump sum payment, or equal installment payments over a period not to exceed the life expectancy of the participant or the joint life and last survivor expectancy of the participant and a designated beneficiary. In addition, participants having a vested balance greater than $5,000 may choose to defer their payments until age 70½ or normal retirement age per the Plan, whichever is later. Participants may withdraw their vested balances before normal retirement age in limited circumstances and subject to the Plan's provisions. Hardship withdrawals are permitted. Benefits are recorded when paid.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

I. Administrative Fees

Plan administration and investment management expenses are paid by the Plan. All other Plan expenses are paid by the Company.

J. Fidelity Bond

The Plan has coverage of $4 million for Lost Arrow Corporation's legal risk in administrating the Plan and coverage of $1 million for crime related to ERISA plans. The $1 million satisfies legal bond requirements.

K. Risks and Uncertainties

The Plan provides for various investment options in any combination of investment funds offered by the Plan. Investment securities are exposed to various risks such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in equity markets, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Accounting standards require investment contracts held by a defined contribution plan be reported at fair value. Contract value is the relevant measurement attribute to fully benefit-responsive investment contracts because contract value is the amount participants would receive when initiating transactions under the terms of the Plan. The standards require the statements of net assets available for benefits to present the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair to contract value. The difference between fair value and contract value is immaterial as of April 30, 2013 and 2012.

B. Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments of the Plan are held by Vanguard Fiduciary Trust Company and invested based solely upon instructions received from participants.

GAAP establishes a fair value hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Investment Valuation and Income Recognition (Continued)

Level 1 – Quoted prices in active markets.

Level 2 – Inputs based on quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The following tables represent the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of April 30, 2013 and 2012:

	April 30, 2013			
	Level 1	Level 2	Level 3	Total
Mutual Funds:

	$ 57,457,348	$ 8,175,269	$ -	$ 65,632,617

Level 1 investments consist of mutual funds stated at fair value based on quoted market prices. Level 2 investments consist of a common/collective trust that invests in a diversified pool of stable investment contracts and other fixed income securities. Units of the fund are valued at contract value, which approximates fair value and may be redeemed at any time at net asset value. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation of investments relates to mutual funds.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan at any time. In the event the Company terminates the Plan, participants shall become 100% vested in the balance of their accounts and the Plan's assets shall be allocated as prescribed by ERISA and related regulations.

NOTE 4 - RELATED PARTY TRANSACTIONS

Vanguard Fiduciary Trust Company provides investment options offered under the Plan. Transactions in these funds, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 - INCOME TAX STATUS

In March 2008, the Company adopted the Vanguard Fiduciary Trust Company Prototype Plan, which has received an opinion letter from the Internal Revenue Service that the Plan complies with applicable sections of the IRC. The plan administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the qualification requirements of the IRC, and the related trust was tax-exempt as of the financial statement date.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The plan administrator believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Certain information returns filed by the Plan are subject to examination by authorities.
