Independent Auditors' Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hamilton News Co., Inc. Employees' Retirement Plan, which comprise the statements of net assets available for benefits as of June 30, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Massachusetts Mutual Life Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of June 30, 2013 and 2012 and for the years then ended, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule I, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description Of Plan

The following description of Hamilton News Co., Inc. Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan, which was established effective July 1, 1990, is a defined contribution 401(k) profit sharing plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). This Plan allows other employers to adopt its provisions.

Contributions - Eligible employees can enter into a written salary reduction agreement to defer a percentage of their compensation each year, subject to certain dollar limitations. To be considered eligible, the employee must attain the age of 21, complete one year of service, and work at least 1,000 hours from his or her first day of employment. Participants who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions. Participants direct the investments of their contributions into various investment options offered by the Plan. Investment options are offered through Massachusetts Mutual Life Insurance Company.

The employer, at its discretion, may make matching or profit sharing contributions. The amount of any discretionary contribution is determined on an annual basis. To receive credit for employers' contributions, the employee must complete a year of service and work at least 1,000 hours during the plan year, attain age twenty-one, and generally be employed on the last day of the Plan year.

Participants' accounts - Each participant's account is credited or charged, as applicable, with the participant's contribution, the employer's contribution (if any), investment earnings and losses, transfers, or other distributions made to or from such accounts during the period. The Plan's investment earnings and losses are allocated according to participants' relative account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Rollovers from other qualified plans are allowed and will be credited to the participant's account.

Vesting - Participants are immediately 100% vested in their voluntary contributions, rollover amounts, any employer contributions, and investment earnings. Consequently, there are no forfeitures in the Plan.

Payment of benefits - Upon termination of service, participants may receive payment of their account balance in a single lump-sum distribution, substantially equal installments over a period not to exceed the joint life expectancy of the participant and the participants' beneficiary, or elect to defer distribution to a later date. Participants with account balances less than $5,000 may not elect to defer distribution. A hardship provision allows for distributions up to 100% of a participant's account balance for specific purposes as denoted in the Plan.

Note 1: Description Of Plan (Continued)

Plan termination - Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, each participant's account will be distributed in accordance with the Plan Agreement.

Note 2: Summary Of Significant Accounting Policies

Investment valuation and income recognition - Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

(a) Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

(b) Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

(c) Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2: Summary Of Significant Accounting Policies (Continued)

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Guaranteed Interest Account included in the statements of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The accompanying financial statements are presented on the accrual basis of accounting. The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis with the gain or loss based upon the actual cost of the securities. Interest income is recorded on the accrual basis.

The Plan's investment in the Guaranteed Interest Account is reported at fair value and adjusted to contract value based on information provided by Massachusetts Mutual Life Insurance Company. Investments at contract value have principal guaranteed as long as the contract is in force. The contract provides for a fixed rate of return. In addition, all contributions, distributions for plan benefits, and employee-directed transfers are made at contract value.

Tax Status - The Plan is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan obtained its latest opinion letter on March 16, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Note 2: Summary Of Significant Accounting Policies (Continued)

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on total net assets available for benefits or changes in net assets available for benefits.

Note 3: Investments

The statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years ended June 30, 2013 and 2012, and the accompanying notes to the financial statements (other than the assignment of levels) were prepared in part or entirely from information certified by Massachusetts Mutual Life Insurance Company, the Custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,453,133 and $2,050,142 at June 30, 2013 and 2012, respectively, and related investment income of $292,813 and $25,313 for the years ended June 30, 2013 and 2012, respectively.

The following presents investments that represent 5% or more of the Plan's net assets at:

June 30, 2013

Guaranteed Interest Account	$ 467,145
Premier Small/Mid Cap Opportunities Fund	241,465
Select Large Cap Value Fund	232,774
Select Growth Opportunities Fund	186,762
Premier International Equity Fund	183,320

RetireSMART Moderate Fund	165,032
Select Growth Opportunities Fund	150,645
RetireSMART Growth Fund	141,548
Premier International Equity Fund	139,426

During the years ended June 30, 2013 and 2012, the Plan's pooled separate accounts and investment contract (including gains and losses on investments bought and sold, as well as held during the years) appreciated in value by $280,862 and $13,929, respectively.

Note 4: Fair Value Measurements

The following is a description of the valuation methodologies used for assets at fair value at June 30, 2013 and 2012.

Pooled separate accounts with an insurance company: Valued at the net asset value (NAV) of the underlying pool of securities. The objective of each pooled separate account is to seek a high total rate of return over the long term and to also provide a means of capital appreciation by investing in various types of securities determined by a fundamental analysis of factors such as each issuer's financial condition and industry position, as well as evaluating current market and economic conditions. The pooled separate accounts may be redeemed at any time.

Investment contract with an insurance company: Valued at the liquidation value which is based on an actuarial formula as defined under the terms of the contract. There is no observable price for the Guaranteed Interest Account.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The pooled separate accounts have been valued using the market approach and the investment contract using the income approach. There were no changes in the valuation techniques during the current year.

The Plan maintains an investment contract with Massachusetts Mutual Life Insurance Company (Mass Mutual). Mass Mutual maintains the contributions in pooled separate accounts and a guaranteed investment contract, Guaranteed Interest Account. The accounts are credited with earnings associated with the underlying investments and charged for plan withdrawals and administrative expenses.

The guaranteed investment contract is included in the financial statements at fair value and then adjusted to contract value (which represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses) because it is fully benefit-responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, the contract generally provides that withdrawals associated with certain events which are not in the ordinary course of fund operations, and are determined by the issuer to have a material adverse effect on the issuer's financial interest, will be paid with a market value adjustment to the contract value amount of such withdrawal as defined in the contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Average Yields:	2013	2012
Based On Actual Earnings	2.55%	3.00%
Based On Interest Rate Credited To Participants	2.55%	3.00%

Note 5: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of June 30, 2013, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan is no longer subject to federal, state, or local income tax examination by tax authorities for years before 2009.

Note 6: Related Party Transactions

Certain fees for administrative services are paid by the Plan Sponsor. Additionally, the Plan invests in shares of pooled separate accounts and an investment contract with Massachusetts Mutual Life Insurance Company, who acts as custodian of the investments held by the Plan.

Note 7: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through January 10, 2014, which is the date the financial statements were available to be issued.

Independent Auditors' Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hamilton News Co., Inc. Employees' Retirement Plan, which comprise the statements of net assets available for benefits as of June 30, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Massachusetts Mutual Life Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of June 30, 2013 and 2012 and for the years then ended, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule I, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description Of Plan

The following description of Hamilton News Co., Inc. Employees' Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan, which was established effective July 1, 1990, is a defined contribution 401(k) profit sharing plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). This Plan allows other employers to adopt its provisions.

Contributions - Eligible employees can enter into a written salary reduction agreement to defer a percentage of their compensation each year, subject to certain dollar limitations. To be considered eligible, the employee must attain the age of 21, complete one year of service, and work at least 1,000 hours from his or her first day of employment. Participants who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions. Participants direct the investments of their contributions into various investment options offered by the Plan. Investment options are offered through Massachusetts Mutual Life Insurance Company.

The employer, at its discretion, may make matching or profit sharing contributions. The amount of any discretionary contribution is determined on an annual basis. To receive credit for employers' contributions, the employee must complete a year of service and work at least 1,000 hours during the plan year, attain age twenty-one, and generally be employed on the last day of the Plan year.

Participants' accounts - Each participant's account is credited or charged, as applicable, with the participant's contribution, the employer's contribution (if any), investment earnings and losses, transfers, or other distributions made to or from such accounts during the period. The Plan's investment earnings and losses are allocated according to participants' relative account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Rollovers from other qualified plans are allowed and will be credited to the participant's account.

Vesting - Participants are immediately 100% vested in their voluntary contributions, rollover amounts, any employer contributions, and investment earnings. Consequently, there are no forfeitures in the Plan.

Payment of benefits - Upon termination of service, participants may receive payment of their account balance in a single lump-sum distribution, substantially equal installments over a period not to exceed the joint life expectancy of the participant and the participants' beneficiary, or elect to defer distribution to a later date. Participants with account balances less than $5,000 may not elect to defer distribution. A hardship provision allows for distributions up to 100% of a participant's account balance for specific purposes as denoted in the Plan.

Note 1: Description Of Plan (Continued)

Plan termination - Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, each participant's account will be distributed in accordance with the Plan Agreement.

Note 2: Summary Of Significant Accounting Policies

Investment valuation and income recognition - Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

(a) Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

(b) Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

(c) Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2: Summary Of Significant Accounting Policies (Continued)

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Guaranteed Interest Account included in the statements of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The accompanying financial statements are presented on the accrual basis of accounting. The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis with the gain or loss based upon the actual cost of the securities. Interest income is recorded on the accrual basis.

The Plan's investment in the Guaranteed Interest Account is reported at fair value and adjusted to contract value based on information provided by Massachusetts Mutual Life Insurance Company. Investments at contract value have principal guaranteed as long as the contract is in force. The contract provides for a fixed rate of return. In addition, all contributions, distributions for plan benefits, and employee-directed transfers are made at contract value.

Tax Status - The Plan is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan obtained its latest opinion letter on March 16, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Note 2: Summary Of Significant Accounting Policies (Continued)

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on total net assets available for benefits or changes in net assets available for benefits.

Note 3: Investments

The statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years ended June 30, 2013 and 2012, and the accompanying notes to the financial statements (other than the assignment of levels) were prepared in part or entirely from information certified by Massachusetts Mutual Life Insurance Company, the Custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,453,133 and $2,050,142 at June 30, 2013 and 2012, respectively, and related investment income of $292,813 and $25,313 for the years ended June 30, 2013 and 2012, respectively.

The following presents investments that represent 5% or more of the Plan's net assets at:

June 30, 2013

Guaranteed Interest Account	$ 467,145
Premier Small/Mid Cap Opportunities Fund	241,465
Select Large Cap Value Fund	232,774
Select Growth Opportunities Fund	186,762
Premier International Equity Fund	183,320
RetireSMART Moderate Fund	179,373
RetireSMART Growth Fund	172,872
MM S&P 500 Index	140,283

Note 3: Investments (Continued)

June 30, 2012

Guaranteed Interest Account	$ 469,075
Select Large Cap Value Fund	229,945
Premier Small/Mid Cap Opportunities Fund	195,249
RetireSMART Moderate Fund	165,032
Select Growth Opportunities Fund	150,645
RetireSMART Growth Fund	141,548
Premier International Equity Fund	139,426

During the years ended June 30, 2013 and 2012, the Plan's pooled separate accounts and investment contract (including gains and losses on investments bought and sold, as well as held during the years) appreciated in value by $280,862 and $13,929, respectively.

Note 4: Fair Value Measurements

The following is a description of the valuation methodologies used for assets at fair value at June 30, 2013 and 2012.

Pooled separate accounts with an insurance company: Valued at the net asset value (NAV) of the underlying pool of securities. The objective of each pooled separate account is to seek a high total rate of return over the long term and to also provide a means of capital appreciation by investing in various types of securities determined by a fundamental analysis of factors such as each issuer's financial condition and industry position, as well as evaluating current market and economic conditions. The pooled separate accounts may be redeemed at any time.

Investment contract with an insurance company: Valued at the liquidation value which is based on an actuarial formula as defined under the terms of the contract. There is no observable price for the Guaranteed Interest Account.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The pooled separate accounts have been valued using the market approach and the investment contract using the income approach. There were no changes in the valuation techniques during the current year.

The Plan maintains an investment contract with Massachusetts Mutual Life Insurance Company (Mass Mutual). Mass Mutual maintains the contributions in pooled separate accounts and a guaranteed investment contract, Guaranteed Interest Account. The accounts are credited with earnings associated with the underlying investments and charged for plan withdrawals and administrative expenses.

The guaranteed investment contract is included in the financial statements at fair value and then adjusted to contract value (which represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses) because it is fully benefit-responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, the contract generally provides that withdrawals associated with certain events which are not in the ordinary course of fund operations, and are determined by the issuer to have a material adverse effect on the issuer's financial interest, will be paid with a market value adjustment to the contract value amount of such withdrawal as defined in the contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Average Yields:	2013	2012
Based On Actual Earnings	2.55%	3.00%
Based On Interest Rate Credited To Participants	2.55%	3.00%

Note 5: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of June 30, 2013, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan is no longer subject to federal, state, or local income tax examination by tax authorities for years before 2009.

Note 6: Related Party Transactions

Certain fees for administrative services are paid by the Plan Sponsor. Additionally, the Plan invests in shares of pooled separate accounts and an investment contract with Massachusetts Mutual Life Insurance Company, who acts as custodian of the investments held by the Plan.

Note 7: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through January 10, 2014, which is the date the financial statements were available to be issued.
