INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Reuland Electric 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Reuland Electric 401(k) Plan, which comprise the statements of net assets available for benefits as of September 30, 2013 and 2012, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended September 30, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets (Held at End of Period), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Reuland Electric 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

A. Description of Plan

The following description of the Reuland Electric Company ("Company") Reuland Electric 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees who have completed the minimum service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees are eligible to participate in the Plan upon completion of four consecutive months of employment. Employees are eligible to participate the first day of the month following completion of the eligibility requirements.

Each year, participants may contribute elective salary deferral contributions up to the maximum allowed by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution on behalf of each active eligible participant who made deferral contributions during the year. The amount is determined by the Board of Directors. Employees are eligible to share in the matching contribution upon completion of four months of consecutive service and 1,000 hours. Participants who were not employed at the end of the Plan year due to early or normal retirement will still be eligible to share in the matching contribution.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are immediately vested in their contributions plus earnings or losses thereon. Employer discretionary matching contributions and qualified non-elective contributions and earnings thereon will be vested in accordance with the following schedule:

Years of Service	Percentage
Less than 3	0%
3 or more	100%

Participants will be 100% vested upon reaching their Normal Retirement Age (as defined in the Plan), death, or total and permanent disability.

A. Description of Plan, continued

Notes receivable from participants

Participants may borrow from their accounts a maximum equal to the lesser of $50,000 or 50% of their eligible account balance. The annual rate of interest charged on all loans is commensurate with local prevailing rates as determined by the Plan administrator and range from 5.25% to 9.50%.

Principal and interest is paid ratably through weekly or semi-monthly payroll deductions.

Payment of benefits

Upon termination of employment, a participant may elect to receive a single lump-sum distribution from the Plan or installments over a period of not more than the assumed life expectancy of the participant. If a participant's vested interest is $5,000 or less, it shall be distributed as a lump-sum as soon as practicable following termination of employment. If the participant's vested interest, including any rollover contributions, is greater than $5,000, the participant may elect to either directly transfer the benefits to an IRA or another plan or receive the vested benefits.

A participant may elect to withdraw all or a portion of their entire vested account when they have reached the plan's normal retirement age, 59. However, by law certain contributions cannot be withdrawn prior to age 59 ½.

Forfeitures

Forfeited amounts may be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions to the Plan.

B. Summary of significant accounting policies

Basis of accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

B. Summary of significant accounting policies, continued

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's review

Management has evaluated subsequent events through February 20, 2014, the date the financial statements were available to be issued.

C. Fair Value Measurements

The Plan's investments are reported at fair value in the statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1

These represent quoted prices in active markets for identical assets that a market participant can access at the measurement date. Exchange listed equity securities or exchange traded mutual fund shares are the best example of a Level 1 input.

C. Fair Value Measurements, continued

Level 2

These are inputs that are observable either directly or indirectly. Examples here would include matrix pricing used to value fixed-income securities or prices obtained for unregistered funds that do not trade in a public market.

The Plan's investments using the valuation hierarchy in the accompanying Statements of Net Assets Available for Benefits is as follows:

September 30, 2013

	Level 1	Level 2	Fair Value Total

F A Freedom 2020 A	604,856
F A Freedom 2005 A	261,948
F A Freedom 2015 A	681,911
F A Freedom 2025 A	930,503

During the year ended September 30, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $209,689 as follows:

Mutual funds	$ 208,480
Stable value fund	1,209
	$ 209,689

E. Related Party of Transactions

Certain Plan investments are shares of mutual funds and collective investment trusts managed by Fidelity Management Trust Company. Fidelity Investments is the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services provided by Fidelity Investments amounted to $1,175 for the year ended September 30, 2013.

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

H. Information prepared and certified by trustee

The following information included in the financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2013
Investments, at fair value:	
Mutual funds	$ 4,101,843
Stable value fund	157,588
Total investments	$ 4,259,431
Notes receivable from participants	$ 114,868
Net investment income	$ 368,555

I. Tax status

The Plan has obtained a favorable tax determination letter from the IRS dated March 31, 2008. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the appropriate requirements of the IRC.

The U.S. federal jurisdiction in which the Plan files its annual return has a statute of limitations of three years. No open tax returns are currently under examination in the U.S. federal jurisdiction.

J. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
