INDEPENDENT AUDITORS' REPORT ON FINANCIAL STATEMENTS

To the Board of Trustees of
David Nelson Construction Co.
401(K) Profit Sharing Plan
Palm Harbor, Florida

We have audited the accompanying statements of net assets available for Plan benefits of David Nelson Construction Co. 401(K) Profit Sharing Plan as of December 31, 2009 and 2008 and the related statements of changes in net assets available for Plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for Plan benefits as of December 31, 2009 and 2008 and the changes in net assets available for Plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Note 1 - Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and these statements are presented, under the accrual basis of accounting.

Estimates

The Trustees use estimates and assumptions in preparing financial statements in conformity with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from the estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. For investments that have no quoted market price, estimated fair value is used. Many factors are considered in arriving at fair value. Mortgages and loans are valued at their amortized balance less a valuation allowance if the mortgages or loans are impaired. The insurance investment contract is valued at fair market value as provided by the insurance company. Interest income is recorded on the accrual basis. Dividends are recorded on the date credited as are purchases and sales of securities.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain minor reclassifications have been made to the 2008 financial statements to conform to the 2009 financial statement presentation.

New Pronouncements

Effective January 1, 2008, the Plan adopted Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements.* Generally, the provisions of this statement are to be applied prospectively as of the date of adoption. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements.

The adoption of SFAS No. 157 does not have an impact on the Plan's net assets available for benefits or changes in net assets available for benefits.

Note 1 - Summary of Significant Accounting Policies (Continued)

New Pronouncements (Continued)

Effective January 1, 2008, the Plan adopted Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities, Including an Amendment of FASB Statement No. 115.* Generally, the provisions of this statement are to be applied prospectively as of the date of adoption. SFAS No. 159 permits all entities to choose at specified election dates, to measure financial instruments, as defined in the statement, at fair value. Changes in unrealized gains and losses on such financial instruments will be reported in earnings at each subsequent reporting date and upfront fees and costs relate to those items will be reported in earnings as incurred, rather than deferred.

The adoption of SFAS No. 159 does not have an impact on the Plan's net assets available for benefits or changes in net assets available for benefits.

Effective January 1, 2008, the Plan adopted Financial Accounting Standards Board (FASB) Interpretation No. 48, *Accounting for Uncertainty In Income Taxes - An Interpretation of FASB Statement No. 109.* (FIN 48.) Generally, the provisions of this interpretation are to be applied retroactively as of the date of adoption. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and provides guidance on various income tax accounting issues including derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

The adoption of FIN 48 does not have an impact on the Plan's net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through September 15, 2010, which is the date the financial statements were available to be issued.

Note 2 - Description of Plan

The following description of the David Nelson Construction Co. 401(K) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for more complete information.

Note 2 - Description of Plan (Continued)

General - The Plan is a defined contribution plan, which covers all full-time employees of David Nelson Construction Co. (the Company) who have at least six months of service and have attained age 18. An employee will enter into the Plan on January 1 or July 1 immediately following the completion of six months of service and attaining age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Effective January 1, 1999 the Plan implemented a 401(k) provision. Under the 401(k) provision, each year participants may contribute up to 15% of their pre-tax compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of investments under an insurance contract as investment options for participants. The Company makes matching contributions equal to 25% of the participant's contribution, not to exceed 1.5% of the participant's compensation. Participants also direct the investment of matching contributions into the investment options offered by the Plan.

Additional amounts may be contributed to the Plan by the Company, as determined by the Board of Directors of the Company. Plan participants direct the investment of such Company contributions into the investment options offered by the Plan.

Contributions are subject to certain statutory limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested account balances. Allocations of Plan earnings are based upon participants' earnings. Company contributions and forfeitures are allocated among the participants in accordance with the ratio of individual compensation to total compensation of the Plan participants as prescribed in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 2 - Description of Plan (Continued)

Vesting - Participants are vested immediately in their own participant contributions plus actual earnings thereon.

A participant attains a vested interest of 20% of the Company discretionary contribution portion of his or her account balance after two years of service to the employer. The vesting percentage increases 20% per year each year thereafter to a 100% vested interest after six years of service to the employer. A participant attains a vested interest of 20% of the Company matching contribution portion of his or her account balance after two years of service to the employer. The vesting percentage increases 20% per year each year thereafter to a 100% vested interest after six years of service to the employer. A participant becomes 100% vested if the participant dies, becomes disabled, or attains normal retirement age while employed by the employer. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Participant Loans - Participants may borrow from their accounts under certain circumstances and conditions, a maximum of $50,000. Except for loans under $10,000, loans may not exceed 50% of the participant's vested account balance. Such loans are secured by the balance in the participant's account and bear interest ranging from 3.25% to 6.00% at December 31, 2009 and 2008, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions over a term not to exceed five years.

Payment of Benefits - On termination of service, depending on the participant's vested account balance, marital status and plan entry date, a participant may receive distribution of his account balance in either a lump sum or an annuity. Benefit distributions are recorded when paid.

Forfeited Accounts - At December 31, 2009 and 2008, forfeited non-vested accounts totaled $1,155 and $1,745, respectively. These accounts may be used to restore previously forfeited account balances or to reduce future employer contributions.

Note 3 - Investments

Plan investments are reported at fair value in the Statements of Net Assets Available for Benefits, and consist of the following:

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level I)	Fair Value Measurements Using: Significant Unobservable Inputs (Level 3)
December 31, 2009			
Loans to participants:			
Due $829 per week, including interest; ranging from 3.25% to 6.00%; collateralized by participants' Plan account balances	$ 116,791		$ 116,791
Investment contract with John Hancock Life Insurance Company, #49949	5,585,089	$ 5,585,089	-
	$5,701,880	$ 5,585,089	$ 116,791
December 31, 2008			
Loans to participants:			
Due $1,766 per week, including interest; ranging from 4.00% to 8.25%; collateralized by participants' Plan account balances	$ 137,013		$ 137,013
Investment contract with John Hancock Life Insurance Company, #49949	4,824,692	$ 4,824,692	-
	$4,961,705	$ 4,824,692	$ 137,013

Note 3 - Investments (Continued)

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels of inputs:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets, and have the highest priority.
- Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly through corroboration with observable market data, and have a lower priority.
- Level 3 inputs are unobservable inputs that reflect the reporting entity's own assumptions about the market participants would use in pricing the asset or liability, and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the value of its investments. When available, the Plan measures fair value using Level 1 inputs, because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan. Level 3 inputs are only used when Level 1 and Level 2 inputs are not available.

Level 1 Fair Value Measurements: The fair value of the underlying investments in the investment contract with John Hancock Insurance Company are based on the quoted net asset values of the number of shares or units held by the Plan at December 31, 2009 and 2008.

Level 3 Fair Value Measurements: Participant loans are not actively traded and significant other observable inputs are not available. Therefore, the fair value of participant loans are equal to the amortized cost of the loans because the loans are collateralized by each respective participant's account balance.

The following table provides additional details of Level 3 fair value measurements for the participant loans:

	Year Ended December 31,	
	2009	2008
Balance, January 1	$137,013	$126,002
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits		
Loans and repayments of loans, net	(20,222)	11,011
Balance, December 31	$116,791	$137,013

Note 3 - Investments (Continued)

Plan investments representing 5% or more of net assets available for plan benefits are:

	Value December 31, 2009	Value December 31, 2008
Pimco Total Return Fund	$ 601,564	$ 677,522
Templeton World Fund	454,109	423,300
John Hancock Money Market Fund	1,301,189	1,046,663
John Hancock 500 Index Fund	354,570	286,547
American Funds:		
Balanced Fund	547,248	522,939
Growth Fund of America - Fund A	413,668	356,251

At December 31, 2009 and 2008, all Plan investments are participant directed.

The Trustees periodically evaluate the financial soundness of the financial institutions acting as repositories for the Plan's investments. The Trustees do not believe a concentration of credit risk exists at December 31, 2009 or 2008.

Note 4 - Cash and Cash Equivalents

At December 31, 2009, none of the Plan's cash and cash equivalents were covered by FDIC insurance.

At December 31, 2008, the Plan had no cash or cash equivalents.

The Trustees periodically evaluate the financial soundness of the banks and other institutions acting as repositories for the Plan's cash and cash equivalents. The Trustees do not believe a concentration of credit risk exists at December 31, 2009 or 2008.

Note 5 - Net Assets Available for Plan Benefits

The Plan maintains an investment contract with John Hancock Life Insurance Company. John Hancock Life Insurance Company is the name under which Manulife Financial Corporation operates in the United States of America. John Hancock Life Insurance Company maintains participant account balances in pooled separate accounts in a variety of investment options as directed by the individual participants. Participant accounts are credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Note 5 - Net Assets Available for Plan Benefits (Continued)

The contract is included in the financial statements at contract value as reported to the Plan by John Hancock Life Insurance Company, which approximates fair market value. Contract value represents participant account balances transferred into the contract, contributions made under the contract, plus actual earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the investment, withdrawal, or transfer of all or a portion of their account balances at contract value, which approximates fair market value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Investment earnings are not guaranteed and fluctuate based on the underlying investments.

Net assets available for Plan benefits consist of:

	Fair Value December 31,	
	2009	2008
Profit-Sharing Plan	$4,487,056	$4,029,836
Pension Plan, terminated April 30, 1989	1,214,058	1,030,281
	$5,701,114	$5,060,117

On April 30, 1989 the money purchase pension portion of the David Nelson Construction Co. Money Purchase Pension and Profit Sharing Plan was merged into the profit sharing portion of the Plan. The surviving plan was renamed David Nelson Construction Co. Profit Sharing Plan. The net assets available for Plan benefits attributable to the vested amount due the money purchase pension plan participants as a result of the merger have been segregated.

At December 31, 2009 and 2008 net assets available for Plan benefits includes benefits for plan participants separated from service in the amounts of $368,218 and $188,852, respectively.

Note 6 - Tax Status

The Plan is exempt from Federal and other income taxes. The individual participants are subject to income taxes upon distribution of their account balances. The Plan has received a favorable determination letter from the Internal Revenue Service dated November 29, 1995. The Plan has been amended since receiving the determination letter.

Effective January 1, 2003 the Plan was amended, restated and renamed David Nelson Construction Co. 401(K) Profit Sharing Plan. Effective January 1, 2009, the Plan was amended and restated to include previously adopted statutory Plan amendments. The Plan was prepared under the Volume Submitter Program. Accordingly, the Plan has not yet received a favorable determination letter from the Internal Revenue Service. The latest opinion letter received from the Department of the Treasury for the Plan under the Volume Submitter Program is dated October 29, 2008.

The Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and ERISA both before and after the 2003 and 2009 amendments and restatements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 - Administrative Costs

During the years ended December 31, 2009 and 2008 the Plan's sponsor, David Nelson Construction Co., paid approximately $32,600 and $27,000, respectively, of Plan administrative costs.

Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officers or employees receive any compensation from the Plan.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Trustees of the Plan do not believe the Plan has any liabilities arising from uncertainties in income taxes at December 31, 2009 and 2008, respectively.

No penalties or interest attributable to uncertainties in income taxes have been recognized in the financial statements at December 31, 2009 or 2008, respectively.

The plan's Federal information returns for the years ended December 31, 2007, 2008 and 2009 are still open years subject to audit by the U.S. Department of Labor.

Note 10 - Party-In-Interest Transaction

On June 16, 2009, Judy M. Crowder, a Plan participant and Controller of the Plan Sponsor, refinanced an outstanding participant loan. A $22,000 participant loan was made, with $19,652 of the proceeds utilized on June 18, 2009 to satisfy the outstanding balance of an existing participant loan.

During the brief time period between the issuance of the participant's new loan and satisfaction of the old loan, the participant's loan balance limitations totaled $62,296, which exceeded the statutory $50,000 loan limit.

Further, the amortization period of the new loan was for five years, which extends beyond the five year amortization period of the original loan, which exceeds the statutory amortization period.

The refinanced loan went into default in the year ending December 31, 2010.
