KARL STRAUSS BREWERIES 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2009

Note 1: Description of the Plan

The following description of the Karl Strauss Breweries 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Associated Microbreweries, Ltd. dba Karl Strauss Breweries (the Company). All Company employees are eligible to participate in the Plan if they meet the requirements of being at least 21 years of age, have completed one year of service and are credited with 1,000 hours of service during that 12 month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2009, the Plan adopted and converted to a new Digital Retirement Solutions Prototype 401(k) Plan.

Contributions

Each year, participants may contribute up to 75% of pre-tax annual compensation or the federal maximum, whichever is less, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company may make a discretionary matching employer contribution by matching the participant's contribution at an amount determined by the Company. Effective January 23, 2009, the Company discontinued the discretionary matching employer contribution. The Company may also make a discretionary nonelective employer profit sharing contribution. For the year ended December 31, 2009, no discretionary nonelective employer profit sharing contributions were made.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's discretionary matching and discretionary nonelective employer profit sharing contribution plus actual earnings thereon based on years of continuous service. A participant vests 20% each year and is 100% vested in Company contributions after five years of credited service.

Note 1: Description of the Plan, Continued

Investment Options

The plan provides participants with various investment options including a money market account and several mutual funds. Plan participants may direct the change of their investment options.

Participant Loans

Participants may borrow from their fund accounts a minimum equal to $1,000 and a maximum equal to the lesser of $50,000 or 50% of the vested interest in their account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. Loan terms range up to five years or more for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through payroll deductions. An outstanding loan can be paid in full at any time and must be repaid before a new loan can be made.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or deferment over a period not exceeding the participant's age of 59 ½. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½.

Forfeitures

Forfeitures are made available to pay any administrative expenses and reduce employer contributions. During the year ended December 31, 2009, there was $4,944 applied to pay administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2: Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at the unpaid principal amount of the loan which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Financial Statement Presentation

Certain amounts in the 2008 financial statements have been reclassified to conform to the 2009 presentation.

New Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued a standard which stipulated the FASB *Accounting Standards Codification* is the source of authoritative U.S. GAAP recognized by the FASB to be applied by nongovernmental entities. This standard is effective for financial statements issued for interim and annual periods ended after September 15, 2009. The implementation of this standard did not have a material impact on the Plan's statements of net assets available for benefits or statement of changes in net assets available for benefits.

Note 3: Investments Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by MG Trust Company, LLC, the trustee:

Note 3: Investments Certified by the Trustee, Continued

The accompanying statement of changes in net assets available for benefits reflects changes to the investments certified by the trustee during the year ended December 31, 2009, as follows:

Dividend income	$ 29,516
Net appreciation in fair value of investments	323,406

Each of the following investment funds represents at least 5% or more of the net assets available for benefits:

	December 31, 2009	2008
American Funds Growth	$ 365,224	$ 278,335
American Funds EuroPacific	189,104	104,259

American Funds Income	86,874	69,380
American Funds Investment Company	*	65,506

* Balance represents less than 5% of net assets at year-end.

Note 4: Fair Value Measurement

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

The following is a description of the valuation methodologies used for the investments measured at fair value, including general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds - These investments are valued at quoted market prices in an exchange and active market, which represents the net asset values of the shares held by the Plan at year end and the Plan has concluded that these investments should be classified as Level 1.

Note 4: Fair Value Measurement, Continued

Participant loans - Participant loans are recorded at their outstanding balances, which we believe represent their fair values. These investment values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement and should be classified as Level 3.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A summary of Plan investments measured at fair value is as follows:

		Fair Value Measurement Using:	
December 31, 2009	Fair Value	Quoted Market Price (Level 1)	Significant Unobservable Inputs (Level 3)
Cash - money market	$ 49,413	$ 49,413	$ -

Certain Plan investments are managed by MG Trust Company, LLC. MG Trust Company, LLC is the trustee as defined by the Plan and is a party-in-interest. Digital Retirement Solutions is the record-keeper and the administrative provider for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan incurred certain administrative services of $4,944 for the year ended December 31, 2009.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their employer contributions.

Note 7: Tax Status

During 2009, the Plan adopted a Digital Retirement Solutions Prototype 401(k) Plan that the Internal Revenue Service approved by a letter dated March 31, 2008. Previously, the Plan was approved by a Digital Retirement Solutions Prototype 401(k) Plan that the Internal Revenue Service approved by a letter dated November 19, 2001.

The Plan has been amended since receiving the last determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: Subsequent Events

Subsequent events have been evaluated for potential recognition and disclosure through the date the Plan financial statements were available to be issued.
