NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Ricca Chemical Company (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and a 401(k) salary reduction plan, sponsored by the Company and its participating employers, covering substantially all full-time salaried and hourly employees who meet the Plan's eligibility requirements and are not covered by a collective bargaining agreement. An employee becomes eligible on October 1st or April 1st coincident with or next following the date he or she completes 3 months of service with the company or a participating employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Ricca Chemical Company, LLC. is the Plan Sponsor and Administrator ("Plan Sponsor"). The Plan trustees are Peter Ricca, Amanda Wolfe, Josh Chertoff, and Lee Benoit ("Trustees"). Intac Actuarial Services, Inc. is the record keeper of the Plan.

The participating employers are as follows:

Ricca Chemical Company, LLC

At September 30, 2013, The Principal Financial Group ("Principal") holds all of the assets of the Plan.

Contributions

Participants may contribute 1% to 50% of their compensation, as defined by the Plan, on a pre-tax basis through salary reductions; however annual contributions may not exceed the maximum allowed under the Internal Revenue Code ("IRC") in any calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. As permitted under the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"), effective January 1, 2002, the Plan allows participants who are at least age 50 (or who will attain age 50 by the close of the plan year) to make additional "catch-up" contributions in accordance with, and subject to the limitations of, Section 414(v) of the IRC to the Plan.

Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers 28 mutual funds and one fixed rate fund as investment options. In addition, in an amendment to the Plan enabled Participant's to direct all or a part of their elective deferrals as a Roth 401(k) deferral.

Employer contributions to the 401(k) and profit sharing plan are made on behalf of all eligible employees and are determined at the discretion of the Company's Board of Directors annually. These contributions are allocated to employees based on gross compensation, as defined.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and may also include (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants are vested in the Company contributions at a rate of 20% after 2 years of credited service and an additional 20% per year thereafter until full vesting occurs after 6 years of credited service.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the Plan Administrator, 4.25% to 8.75% at September 30, 2013. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

At September 30, 2013, forfeited non-vested accounts totaled $4,977. These accounts will be used to reduce employer contributions for future plan years.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the plan at year-end.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date issue basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

On termination of service, due to death, disability, retirement, or due to other reasons, a participant may elect to receive an amount equal to the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Administrative Expenses

The Plan did not incur any administrative expenses for the year ended September 30, 2013.

Note 3. Investments

The following table presents investments that represent 5% or more of the Plan's net assets.

	September 30,	
	2013	2012
Principal LifeTime 2020 R3 Fund	**$ 720,336**	$ 589,386
Principal LifeTime 2030 R3 Fund	**812,328**	748,721
Principal LifeTime 2040 R3 Fund	**518,616**	390,733

For the year ended September 30, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $449,237 from investments held in mutual funds.

Note 4. Principal Fixed Income Guaranteed Option

Principal Fixed Income Guaranteed Option is a collective trust that invests in "general account guaranteed investment contracts" ("GICs"), Separate Account GICs and GIC Alternatives.

As described in Note 2, because the collective investment trust is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the collective investments trust. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5. Fair Value Measurements

ASC Topic 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS

Note 5. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Guaranteed interest contracts: The fair value of the guaranteed interest contracts is the amount Participants would receive if they were to withdraw or transfer funds within the Plan prior to their maturity.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's financial and non-financial assets at fair value measured on a recurring basis:

	Assets at Fair Value as of September 30, 2013			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 3,875,422**	**$ -**	**$ -**	**$ 3,875,422**

	$ 3,875,422	**$ -**	**$ 105,706**	**$ 3,981,128**

	Assets at Fair Value as of September 30, 2012			
	Level 1	Level 2	Level 3	Total

Guaranteed interest accounts	-	-	70,243	70,243
	$ 3,032,792	$ -	$ 70,243	$ 3,103,035

Note 5. Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's level 3 financial and non-financial assets for the year ended September 30, 2013:

	Guaranteed Interest Accounts
Balance, beginning of year	$ 70,243
Total gains or losses	3,696
Interest credited	1,368
Purchases, issuances, settlements	30,399
Balance, end of year	$ 105,706
Unrealized gains or losses	3,696

The Plan does not have any financial or non-financial assets and liabilities measured on a non-recurring basis.

Note 6. Related-Party Transactions

Certain Plan investments are shares of funds managed by Principal. Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

Note 8. Income Tax Status

The Plan's custodian has obtained a determination letter on the Volume Submitter Profit Sharing Plan agreement in which the plan has elected, in which the Internal Revenue Service stated that the plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more than likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are no current audits for any tax periods in progress.

Note 9. Information Certified by the Plan's Custodian

In accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Principal, custodian of the Plan, certified the following information to be complete and accurate which was relied upon in the preparation of the financial statements and schedules:
