INDEPENDENT AUDITOR'S REPORT

To the Trustees and Board of Directors
Norkol, Inc. Profit Sharing and Savings Plan
Northlake, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of NORKOL, INC. PROFIT SHARING AND SAVINGS PLAN, which comprise the statements of net assets available for benefits as of October 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of October 31, 2013 and 2012 and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, as of October 31, 2013, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974.

1. Description of the Plan

The following description of the Norkol, Inc. (the Company) Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all full-time, non-union employees of the Company and of Norkol Converting Corporation, an affiliated company, who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Contributions – Participants may elect to make contributions ranging from 1% to 90% of their eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make matching contributions of an amount based on a formula established by the Company's Board of Directors each year. Additionally, each year the Company may make a discretionary profit-sharing contribution. The amount of such contribution is determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts and Allocations – Each participant's account is credited with the participant's contribution; the Company's matching contribution, if any; an allocation of (a) the Company's profit-sharing contribution, if any; (b) Plan earnings; and (c) charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their pretax contributions and in amounts representing distributions from other qualified defined benefit or contribution plans plus actual earnings thereon. Additionally, participants who attain normal retirement age of 65 or who terminate employment due to death or disability are 100% vested in their entire account balance. Vesting in the Company's matching contributions and discretionary profit-sharing contributions, plus actual earnings thereon, is based on years of cumulative service as follows:

Number of Completed Years of Service	Portion of Account Vested
Less than two years	None
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six years or more	100%

Investment Options – Upon enrollment in the Plan, participants may direct their participant, employer-match contributions and employer profit-sharing contributions, plus actual earnings thereon, into a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options daily.

1. Description of the Plan (Cont.)

Notes Receivable from Participants – Participants may borrow first from their general account, then from their remaining accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer if used for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing commercial rates charged for similar loans by lending institutions as determined by the plan administrator. Currently, loan interest rates are the prime rate on the date the loan is approved plus 2%. The interest rates on loans outstanding at October 31, 2013 range from 5.00% to 10.25%. Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments, as provided for in the Plan. For termination of service for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may also leave the value of their vested interest in the Plan.

Forfeited Accounts – Forfeitures are used to reduce current year employer contributions after any other expense not absorbed by the Plan. At October 31, 2013 and 2012, $61 and $51, respectively, of forfeitures are available for future use. Forfeitures in the amounts of $820 and $3,668 were used to reduce plan expenses during 2013 and 2012, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fully Benefit-Responsive Investment Contract – Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The statement of net assets available for benefits presents the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on the contract basis. The fair value of the Plan's interest in the funds is based on information reported by the issuer of the common collective trusts at year end. The contract value of the funds represents contributions plus earnings, less participant withdrawals and administrative expenses.

2. Summary of Significant Accounting Policies (Cont.)

Fully Benefit-Responsive Investment Contract (cont.) –

The average yield of the underlying investment contracts was 1.64% and 2.20% at December 31, 2012 and 2011, respectively. The average yield credited to participants at December 31, 2012 and 2011 was 0.88% and 2.00%, respectively.

Investment Valuation and Income Recognition – Pooled separate accounts are stated at fair value based upon quoted market prices of each fund's underlying investments. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan. The Principal Stable Value Fund is valued based on information reported by Principal Life Insurance Company.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Fair Value Measurements – In May 2011, the Financial Accounting Standards Board issued guidance in Accounting Standards Update No. 2011-04, *Fair Value Measurements (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU No. 2011-04). ASU No. 2011-04 was issued to improve comparability of fair value application, measurements and disclosures between U.S. GAAP reporting and IFRS reporting. ASU No. 2011-04 clarifies fair value definitions and enhances fair value measurement guidance with respect to highest and best use measurements, equity instrument measurements, and measurement of financial instruments that are managed within a portfolio. Additionally, ASU No. 2011-04 expands disclosures for unobservable inputs used in Level 3 fair value measurements. ASU No. 2011-04 is effective for annual periods beginning after December 15, 2011. The Plan has adopted this guidance in its year ending October 31, 2013.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Additionally, certain employees of the Company provide administrative and trustee services to the Plan and are not reimbursed by the Plan for such services.

Payment of Benefits – Benefits are recorded when paid.

3. Information Certified by the Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, notes receivable from participants, and the adjustment from fair value to contract value for interest in common/collective trust funds, as shown in the statements of net assets available for benefits as of October 31, 2013 and 2012.
- Investment income components and interest income from participant notes receivable, as shown in the statements of changes in net assets available for benefits for the years ended October 31, 2013 and 2012.
- Investments, at fair value, and participant loans included in the schedule of assets (held at end of year) as of October 31, 2013.

4. Investments

Investments are held by Principal Life Insurance Company. Contributions and distributions are recorded and invested by the custodian, and related income and investment transactions are executed also by the custodian. All investments are participant directed. The following investments represent 5% or more of the Plan's net assets at October 31, 2013 and 2012:

	2013	2012
Investments at fair value:		
Shares of pooled separate accounts:		
Principal Large Cap S&P 500 Index Sep Acct	$ 828,267	$ *
Shares of registered investment companies:		
Pimco Real Return Fund	1,295,404	1,857,268
Shares of common/collective trust funds:		
Principal Stable Value Fund (contract value of $5,906,115 and $6,079,065 at October 31, 2013 and 2012, respectively)	5,955,921	6,249,530

*Investment does not exceed 5%.

During 2013 and 2012, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

	2013	2012
Shares of pooled separate accounts held with an insurance company	$ 770,070	$ 438,240
Shares of registered investment companies	554,116	286,407
Shares of common/collective trusts funds	53,210	82,041
	$ 1,377,396	$ 806,688

5. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires the plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2013 and 2012.

Registered investment companies and other assets are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1).

The fair value of participation units held by the Plan in pooled separate accounts and common/collective trusts is based on their net asset values, as reported by Principal Life Insurance Company and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The fair values of pooled separate accounts and common/collective trusts that invest only in securities traded on nationally recognized securities exchanges and active dealer markets are classified within Level 2 of the fair value hierarchy.

5. Fair Value Measurements (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2013 and 2012:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

5. Fair Value Measurements (Cont.)

(a) This pooled separate account invests in fixed income securities such as asset backed securities, residential mortgage backed securities, and commercial mortgage backed securities and corporate bonds. The investment can be redeemed on a daily basis with no notice period required.

(b) These pooled separate accounts invest in common stocks of large capitalization companies and can be redeemed daily with no notice period required.

(c) These pooled separate accounts invest in equity, hybrid and fixed income funds according to asset allocation strategies designed for specific investment time horizons and can be redeemed on a daily basis with no notice period required.

(d) These pooled separate accounts invest in common stocks of small to mid-sized companies and can be redeemed daily with no notice period required.

(e) This is a collective investment trust (CIT) for which the net asset value (NAV) is based on the market value of its underlying investments which contain synthetic investment contracts. The CIT can be redeemed at NAV as of the measurement date on a daily basis.

6. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined in the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA as amended by subsequent legislation. In the event of plan termination, participants will become 100% vested in their Company contribution accounts.

8. Differences Between Financial Statements and Form 5500 Information

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements result from recording of the common/collective trust at contract value as follows:

	2013	2012
Net assets available for plan benefits per the financial statements	$ 15,741,961	$ 14,653,276
Adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts	49,806	170,465
Net assets available for plan benefits per the Form 5500	$ 15,791,767	$ 14,823,741

8. Differences Between Financial Statements and Form 5500 Information (Cont.)

	2013	2012
Net increase in net assets per the financial statements	$ 1,088,685	$ 478,830
Prior year adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts	(170,465)	(164,836)
Current year adjustment from fair value to contract value for interest in common/collective trust relating to fully benefit-responsive investment contracts	49,806	170,465
Net increase in net assets per the Form 5500	$ 968,026	$ 484,459

9. Income Tax Status

Effective July 1, 2002, the sponsor adopted a standardized form of a prototype plan sponsored by Principal Life Insurance Company. On April 12, 2012, the Plan obtained a favorable tax determination letter from the Internal Revenue Service. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan recognizes the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to tax examinations by tax authorities for the years before the tax year ending October 31, 2010.

10. Subsequent Events

Subsequent events have been evaluated through July 10, 2014, the date the financial statements were available to be issued.
