RETIREMENT SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS

For the Years Ended December 31, 2009 and 2008

NOTE 1 - PLAN DESCRIPTION:

The following brief description of The Chas. Levy Company Retirement Savings Plan (the "Plan") (formerly the Chas. Levy Co. Profit Sharing Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering employees of The Chas. Levy Company and certain subsidiaries (the "Company") that have completed one year of eligible service, excluding certain union employees, unless an agreement requires that such union employees participate in the Plan. In addition, the Plan has 401(k) options available to participants. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Company utilizes the Safe Harbor method for matching contributions whereby it contributes 100% of the first 1% of employee deferrals and 50% of additional deferrals up to 6%, resulting in a maximum matching contribution of 3.5%. Participants age 50 and over are also allowed to make "catch up" contributions. These contributions are not matched by the Company. Additional amounts may be contributed by the Company at the option of the Company's Board of Directors.

Participants' Accounts

Each participant's account is credited with the employee's contribution, an allocation of the Company's contribution, plan earnings, if any, and forfeitures, if any. The Company's contribution, exclusive of the 401(k) match, and forfeitures are allocated based upon each participant's compensation, as defined. Plan earnings are allocated in proportion to each participant's account balance.

Vesting

In general, participants who are eligible to participate in the Plan on or before January 1, 1989, and who had completed one year of service on or before July 1, 1988, are fully vested in the Company contribution account. Company discretionary contributions vest over six years for all other participants. All 401(k) employee contributions and related employer's match are fully vested. Upon death or disability a participant's account becomes fully vested.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Date of Management Review

Subsequent events were evaluated through August 27, 2010, which is the date the financial statements were available to be issued.

The following accounting policies, which conform with generally accepted accounting principles, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

**THE CHAS. LEVY COMPANY
RETIREMENT SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

For the Years Ended December 31, 2009 and 2008

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Fifty percent of the Plan's recordkeeping fees are paid by the Plan. The balance of the recordkeeping fee and all other administrative expenses of the Plan are paid by the Company.

NOTE 3 – FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**THE CHAS. LEVY COMPANY
RETIREMENT SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

For the Years Ended December 31, 2009 and 2008

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D):

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
<u>December 31, 2009</u>

Total	<u>\$ 39,935,881</u>	<u>\$ 22,264,778</u>	<u>\$ 16,314,670</u>	<u>\$ 1,356,433</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 or Level 2 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of funds investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.
