Independent Auditors' Report

To the Plan Administrator of
G. A. Food Services of Pinellas County, Inc.
401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G. A. Food Services of Pinellas County, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Managements' Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A - Description of Plan

The following description of the G.A. Food Services of Pinellas County, Inc. ("the Company") 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time and part-time employees of the Company who have completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are eligible for elective salary deferrals and employer matching contributions the first day of the quarter following three months of service. Employees are eligible for employer profit sharing contributions after twelve months of service. To be eligible for any such employer contributions, employees must also have completed at least 1,000 hours of service and be employed by the Company on the last day of the Plan year.

Contributions

Employee pre-tax contributions to the Plan are permitted at 1% to 100% of employee compensation to the maximum dollar limit allowed by law. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Contributions are subject to certain limitations.

The Plan allows the Company to make discretionary matching contributions and additional discretionary profit sharing contributions. The Plan allows the Company to annually determine the matching percentage formula and allows the Company to fund the matching contributions when the participants become vested to that year's discretionary matching contribution. The Company did not make any discretionary matching or discretionary profit sharing contributions for the year ended December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution and an allocation of the discretionary profit sharing contributions and Plan earnings. Allocations of discretionary profit sharing are based upon eligible compensation, as defined. Other allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan is a "participant-directed account plan." As such, it provides individual accounts for participants to select how the assets in their accounts are invested. The Plan currently offers a common/collective trust fund and numerous mutual funds as investment options for participants, each with different risk exposure and return potential.

Note A - Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to 50% of their account balance or $50,000 reduced by the highest outstanding loan balance during the prior 12 month period, whichever is less. The loans are secured by the balance in the participant's account and bear interest at interest at the prime rate (as of the loan date) plus 1%. Loans are required to be repaid in five years (fifteen years if loan is used to finance primary residence; three years if the face amount of the loan is less than $1,000) by payroll deductions. At December 31, 2013, the interest rates ranged from 4.25% to 6%.

Vesting

Vesting provisions of the Plan apply to the employer matching contributions and profit sharing contributions. Employees are always 100% vested with respect to their contributions and related investment income. Employees are vested in the employer matching contributions and profit sharing contributions at the rate of 20% per year for each year of service following completion of one full year of participation, so that a participant is fully vested after six consecutive years of service. In the event of employee disability or death, the employer contribution is 100% vested.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the vested interest in his or her account, or installment payments over a period of time for required minimum distributions. Upon termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or transfer the balance into another qualified plan or IRA.

Hardship Withdrawals

A hardship withdrawal is one that is necessary in light of the immediate and heavy financial needs of the participant and cannot be met from other reasonably available resources. Hardship withdrawals are allowable from the portion of the participant's account balance that is 100% vested. Participant elective deferrals are suspended for a period of six months following a hardship withdrawal.

Forfeitures

Forfeitures of non-vested employer contributions and interest earnings thereon by terminated participants may be used as employer matching contributions for the Plan year in which forfeited. The Plan did not have any contributions forfeited for the year ended December 31, 2013. Forfeited nonvested accounts totaled $33 and $33 at December 31, 2013 and 2012, respectively.

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Note B - Summary of Significant Accounting Policies

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan documents. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan offers the Federated Investors Trust Company Capital Preservation Fund ("the Fund"), which is a common/collective trust funds. The Fund invests in a variety of investment contracts such as corporate bonds, government bonds, mortgage-backed and asset-backed securities, guaranteed investment contracts ("GIC's") and synthetic GIC's. All investment contracts held by the Fund are fully benefit-responsive. Therefore, the accompanying financial statements of net assets available for benefits present the fair value of the investments contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment Benefits

Benefits are recorded when paid.

Note B - Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain investments incur trading fees when purchased or sold. These are incurred by the participants who select these investments. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain other administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan in 2013.

Reclassifications

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation. This had no impact on net income.

Date of Management's Review

Management has reviewed the financial statements for inclusion of subsequent events through July 15, 2014, the date which the financial statements were available to be issued.

Note C - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The following is a description of the valuation methodologies used by the Plan at December 31, 2013 and 2012:

Level 1 Fair Value Measurements: The fair values of registered investment companies (e.g. mutual funds) are based on quoted market prices based on the net asset values of the shares held by the Plan at year-end.

Note C - Fair Value Measurements (continued)

Level 2 Fair Value Measurements: The fair value of the common/collective trust fund is based on the underlying unit value reported in the audited financial statements of the common/collective trust fund at year end. Based on the nature of the underlying investments in the common/collective trust fund, this investment has been classified as Level 2.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Note D - Investments

Unaudited Information Certified by the Plan Trustee

The Plan's investments are held in trust by SunTrust Bank, the trustee of the Plan. The December 31, 2013 and 2012 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the SunTrust Bank (the trustee) in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and as directed by the Plan administrator, the information is unaudited.

The Plan administrator has obtained certifications from the trustee that such information is complete and accurate. The information certified includes investments and notes receivable from participants totaling $3,621,937 and $3,493,710, respectively, at December 31, 2013 and 2012 and related net investment income of $134,613 for the year ended December 31, 2013.

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2013 and 2012:

	2013	2012
Capital Preservation Fund	$ 2,218,568	$ 2,186,613
RidgeWorth US Government Securities I	236,535	232,887
MFS Mass Investors Growth Fund Stk	N/A - less than 5%	169,165

The following table presents the appreciation in fair value of the Plan's investments in the various funds, including investments bought, sold, and held during the year, and reconciles net investment income/(loss) to the amount certified by the trustee.

	2013
Net depreciation in fair value of registered investment companies	$ 213,650
Net appreciation in fair value of common/collective trusts	26,031
Interest and dividend income	49,841
Contract value adjustment - beginning of year	(37,860)
Contract value adjustment - end of year	31,474
Net investment income certified by the trustee	$ 283,136

Note E - Related-Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of mutual funds and a common/collective trust managed by SunTrust Bank. SunTrust Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment services were $2,920 for the year ended December 31, 2013. The Plan Sponsor pays directly any other fees related to the plan's operations.

Note F - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note G - Tax Status

The Internal Revenue Service (IRS) has determined and informed the trustee by a letter dated March 31, 2008, that their prototype plan (which is the plan utilized by the Company) and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the trustee and Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note H - Concentrations, Risks and Uncertainties

Approximately 10% of Plan investments are held in funds managed by SunTrust Bank, the Plan's trustee. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I - Reconciliation of Financial Statements to Schedule H of Form 5500

The following are reconciliations of net assets available for benefits per the financial statements as of December 31, 2013 and 2012 to Form 5500:

	2013	2012
