July 1, 2014

We have audited the accompanying statement of net assets available for benefits of the Wonton Food, Inc. 401(K) Plan as of December 31, 2013 and 2012 and the related statement of changes in net assets available for benefits and the statement of reconciliation of employer and participants contributions for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits at December 31, 2013 and 2012 and the changes in its net assets available for benefits for the years then ended, in conformity with generally accepted accounting principles.

The fund information in the statement of net assets available for benefits and the statement of changes in net assets available for benefits is presented for purposes of additional analysis rather than to present the net assets available for benefits and changes in net assets available for benefits of each fund. The fund information has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

5. Investment Options - The participants in the plan have a choice of various investment options ranging from mutual funds, bonds to other fix income funds.

   Participants may change their investment options on a daily basis. Employer contributions are directed to the same fund(s) as the employee contributions.

6. Withdrawals and Payment of Benefits - Upon retirement or termination and when a written request is made, a distribution will be made to the extent of the participant's account balance as of the valuation date following participant's request. Distribution shall be made no later than sixty (60) days after the end of the Plan year in which participant retires or terminates. If a participant terminates employment other than by reason of attainment of normal retirement age, death or disability, the Committee shall distribute out of the fund to the participant, cash or investments representing the vested portion of participant's account at the end of the calendar month in which the participant terminated employment.

7. Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participant's nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
