Report of Independent Auditors

To the Participants and Administrator of the
Xerox Corporation Employee Stock Ownership Plan

We were engaged to audit the financial statements and supplemental schedule of the Xerox Corporation Employee Stock Ownership Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Xerox Corporation Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2009 and 2008

1. Description of Plan

The following description of the Xerox Corporation (the "Company") Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is an employee stock ownership plan established effective as of July 1, 1989 and most recently amended December 1, 2009. The Plan is designed to comply with Section 4975(e) (7) and the regulations thereunder of the Internal Revenue Code of 1986 (the "IRC"), as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

As of October 1, 2003, the Plan was frozen and no employees are eligible to be added as new participants in the Plan. No new contributions were made to the Plan subsequent to it being frozen.

Significant Events

On September 22, 2003, the Board of Directors of the Company approved a resolution to amend the Plan and to freeze the Plan effective October 1, 2003 when the final loan repayment was made on the ESOP loan and all future Company contributions to the Plan ceased.

On May 27, 2004, 6,173,415 shares of Company Series B convertible preferred stock were redeemed for 37,040,492 of Company common shares in accordance with the conversion provisions of the preferred shares. This event marked the end of any further holding of Company Series B convertible preferred stock in the Plan.

Payment of Benefits

In general, distributions from the Plan are made when a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional shares. Distributions are processed the Wednesday of the week following the requested distribution and valued the Monday prior to the requested distribution.

Participants are eligible to take a distribution from their accounts while actively employed. All in-service distributions must be taken in Company common stock. The distribution for the actively employed participants can be rolled over to an IRA or other tax-qualified plan, but not to the Xerox Corporation Savings Plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. However the trustee is required to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Notes to Financial Statements

December 31, 2009 and 2008

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the IRC.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. The Plan may also debit an allocation for administrative expenses.

Vesting

All participants in the Plan are fully vested.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account within ninety days after the close of each calendar year. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive Company common stock or a cash distribution.

Administrative Expenses

Administrative expenses such as trustee and asset management fees are borne by the Plan. Legal and audit fees are borne by the Company.

Administration

The Plan administrator is appointed by the Vice President of Human Resources and is responsible for the general administration of the Plan and for carrying out the Plan provisions. The trustee of the Plan is State Street Bank and Trust Company (the "Trustee"). Hewitt Associates is the record keeper of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Shares of Company stock are stated at fair value based on quoted market prices. Investments in the short-term investment fund are stated at fair value based on the net asset value of the fund.

Xerox Corporation Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2009 and 2008

Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Realized and unrealized gains and losses are reported in the accompanying statement of changes in net assets available for benefits as net appreciation/depreciation in fair value of common stock.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In 2009, the FASB issued Accounting Standards Update No. 2009-01, "Generally Accepted Accounting Principles" (ASC Topic 105) which establishes the FASB Accounting Standards Codification ("the Codification" or "ASC") as the official single source of authoritative U.S. generally accepted accounting principles ("GAAP"). All existing accounting standards are superseded. All other accounting guidance not included in the Codification will be considered non-authoritative. The Codification also includes all relevant Securities and Exchange Commission ("SEC") guidance organized using the same topical structure in separate sections within the Codification.

Following the Codification, the Board will not issue new standards in the form of Statements, FASB Staff Positions or Emerging Issues Task Force Abstracts. Instead, it will issue Accounting Standards Updates ("ASU") which will serve to update the Codification, provide background information about the guidance and provide the basis for conclusions on the changes to the Codification.

The Codification is not intended to change GAAP, but it will change the way GAAP is organized and presented. In order to ease the transition to the Codification, we are providing the Codification cross-reference alongside the references to the standards issued and adopted prior to the adoption of the Codification.

In 2010, the FASB issued ASU No. 2010-06 which amends Fair Value Measurements and Disclosures – Overall (ASC Topic 820-10). This update requires a gross presentation of activities within the Level 3 rollforward and adds a new requirement to disclose transfers in and out of Level 1 and 2 measurements. The update further clarifies the existing disclosure requirements in ASC 820-10 regarding: i) the level of disaggregation of fair value measurements; and ii) the disclosures regarding inputs and valuation techniques. This update will be effective for our fiscal year beginning January 1, 2010 except for the gross presentation of the Level 3 transfers in and transfers out information, which is effective for the current fiscal year. The principal impact from this update will be expanded disclosures regarding our fair value measurements.

In April 2009, the FASB issued FASB Staff Position ("FSP") No. 157-4, *"Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly"* ("ASC 820-10-65"). ASC 820-10-65 relates to determining fair values when there is no active market or where the price inputs being used represent distressed sales. It reaffirms the FAS 157 ("ASC 820") objective of fair value measurement to reflect how much an asset would be sold for in an orderly transaction (as opposed to a distressed or forced transaction) at the date of the financial statements under current market conditions. Specifically, it reaffirms the need to use judgment to ascertain if a formerly active market has become inactive and in determining fair values when markets have become inactive. ASC 820-10-65 is effective for fiscal years ending after June 15, 2009. The adoption of this guidance did not have a material effect on the Plan's financial statements.

In May 2009, the FASB issued FAS 165 ("ASC 855-10") a new accounting standard that requires disclosure in the financial statements to reflect the effects of subsequent events that provide

Xerox Corporation Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2009 and 2008

additional information on conditions about the financial statements as of the Statements of Net Assets Available for Benefits date (recognized subsequent events) and disclosure of subsequent events that provide additional information about conditions after the Statements of Net Assets Available for Benefits date, if the financial statements would otherwise be misleading (unrecognized subsequent events). The Plan adopted the accounting standard as of December 31, 2009. Events or transactions occurring after period end through September 16, 2010, which is the date that the financial statements were available to be issued, have been evaluated in the preparation of the financial statements.

In 2009, the FASB issued ASU No. 2009-12 which provides amendments to Fair Value Measurements and Disclosures – Overall (ASC Topic 820-10), for the fair value measurement of investments in certain entities that calculate net asset value per share. The update permits as a practical expedient, a reporting entity to measure the fair value of an investment on the basis of the NAV per share of the investment if the NAV is calculated in a manner consistent with the measurement principles of Topic 946 “Financial Services – Investment Companies”. The update requires disclosure by major category of investment about the attributes of investments, such as the nature of the restrictions on the investor’s ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investees. The adoption of this update did not have material effect on the Plan’s financial statements.

3. Financial Information Certified by the Trustee

The following is a summary of plan financial information and data that was certified as complete and accurate by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In addition, the schedule of assets (held at end of year) is derived from data which is certified as complete and accurate by the Trustee.

4. Fair Value Measurements

ASC 820 defines fair value, establishes a market-based framework hierarchy for measuring fair value, and expands disclosures about fair value measurements in the footnotes to the financial statements. ASC 820 is applicable whenever another accounting pronouncement requires or permits assets and liabilities to be measured at fair value.

In accordance with ASC 820, fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date in the principal or most advantageous market of the asset.

ASC 820 established a three-tier hierarchy based on transparency of inputs to the valuation of an asset or liability:

- Level 1: Highly liquid assets listed on active public markets.
- Level 2: Semi-liquid assets which are primarily non public investments priced with comparable market values. Inputs are observable.
- Level 3: Highly illiquid assets valued using such methods as internal discounted cash flow estimates utilizing appropriate risk adjusted discount rates. Inputs are unobservable.

Notes to Financial Statements

December 31, 2009 and 2008

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The adoption of ASC 820 did not have a material impact on the financial statements of the Plan. The Plan has no investments classified within Level 3 of the valuation hierarchy.

5. Dividends

As provided for in the Plan, the common stock dividends pass through the Plan as a cash payment, directly to participants and are not included in plan assets at year-end. The dividends represent taxable income to the participants and are not eligible for rollover.

Pass through dividends received during the year are recorded on the statement of changes in net assets available for benefits as dividends with the payments made to participants relating to the dividends recorded as dividend payments. At year-end amounts due the Plan for dividends declared but not yet paid are recorded as a receivable with a corresponding dividends payable to plan participants.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 28, 2002, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
